On page 16, between lines 25 and 26, to add the following,

Section 16. KRS 532.080 is amended to read as follows:

"(1) When a defendant is found to be a persistent felony offender, the jury, in lieu of the sentence of imprisonment assessed under KRS 532.060 for the crime of which such person presently stands convicted, shall fix a sentence of imprisonment as authorized by subsection (5) or (6) of this section. When a defendant is charged with being a persistent felony offender, the determination of whether or not he is such an offender and the punishment to be imposed pursuant to subsection (5) or (6) of this section shall be determined in a separate proceeding from that proceeding which resulted in his last conviction. Such proceeding shall be conducted before the court sitting with the jury that found the defendant guilty of his most recent offense unless the court for good cause discharges that jury and impanels a new jury for that purpose.

(2) A persistent felony offender in the second degree is a person who is more than twenty-one (21) years of age and who stands convicted of a felony after having been convicted of one (1) previous felony. As used in this provision, a previous felony conviction is a conviction of a felony in this state or conviction of a crime in any other jurisdiction provided:

(a) That a sentence to a term of imprisonment of one (1) year or more or a sentence to death was imposed therefor; and

(b) That the offender was over the age of eighteen (18) years at the time the offense was committed; and

(c) That the offender:

1. Completed service of the sentence imposed on the previous felony conviction within five (5) years prior to the date of commission of the felony for which he now stands convicted; or

2. Was on probation, parole, conditional discharge, conditional release, furlough, appeal bond, or any other form of legal release from any of the previous felony convictions at the time of commission of the felony for which he now stands convicted; or

3. Was discharged from probation, parole, conditional discharge, conditional release, or any other form of legal release on any of the previous felony convictions within five (5) years prior to the date of commission of the felony for which he now stands convicted; or

4. Was in custody from the previous felony conviction at the time of commission of the felony for which he now stands convicted; or

5. Had escaped from custody while serving any of the previous felony convictions at the time of commission of the felony for which he now stands convicted.

As used in this provision, a previous felony conviction is a conviction of a felony in this state or conviction of a crime in any other jurisdiction provided:

(a) That a sentence to a term of imprisonment of one (1) year or more or a sentence to death was imposed therefor; and

(b) That the offender was over the age of eighteen (18) years at the time the offense was committed; and

(c) That the offender:

1. Completed service of the sentence imposed on any of the previous felony convictions within five (5) years prior to the date of the commission of the felony for which he now stands convicted; or

2. Was on probation, parole, conditional discharge, conditional release, furlough, appeal bond, or any other form of legal release from any of the previous felony convictions at the time of commission of the felony for which he now stands convicted; or

3. Was discharged from probation, parole, conditional discharge, conditional release, or any other form of legal release on any of the previous felony convictions within five (5) years prior to the date of commission of the felony for which he now stands convicted; or

4. Was in custody from the previous felony conviction at the time of commission of the felony for which he now stands convicted; or

5. Had escaped from custody while serving any of the previous felony convictions at the time of commission of the felony for which he now stands convicted.

(4) For the purpose of determining whether a person has two (2) or more previous felony convictions, two (2) or more convictions of crime for which that person served concurrent or uninterrupted consecutive terms of imprisonment shall be deemed to be only one (1) conviction, unless one (1) of the convictions was for an offense committed while that person was imprisoned.

(5) A person who is found to be a persistent felony offender in the second degree shall be sentenced to an indeterminate term of imprisonment pursuant to the sentencing provisions of KRS 532.060(2) for the next highest degree than the offense for which convicted. A person who is found to be a persistent felony offender in the second degree shall not be eligible for probation, shock probation or conditional discharge.

(6) A person who is found to be a persistent felony offender in the first degree shall be sentenced to imprisonment as follows:

(a) If the offense for which he presently stands convicted is a Class A or Class B felony, a persistent felony offender in the first degree shall be sentenced to an indeterminate term of imprisonment, the maximum of which shall not be less than twenty (20) years nor more than life imprisonment; or

(1) Each county and school board, as defined in KRS 78.510, ***may, and each county, narrowly defined as one (1) of***

Kentucky's one hundred twenty (120) counties, the provisions of KRS 78.510(3) notwithstanding, shall ~~{will}~~ participate in the system by appropriate order authorizing such participation which has been entered and duly recorded in the records of the governing body of the county or school board. ~~{In cases where general purpose county government does not participate, but the sheriff and his employees or the county clerk and his employees do, the sheriff or the clerk shall retain the order in his office.}~~ The authority to issue and properly record ***the*** ~~{such}~~ order of participation being hereby granted, permits ***the*** ~~{such}~~ county to participate in the system. The effective date of ~~{such}~~ participation shall be fixed in the order. ***The provisions of this subsection shall not be construed to interfere with the operation of pension systems created pursuant to KRS 67A.320, 67A.340, or 67A.370.***

(2) Once a county or school board participates, it shall thereafter continue to participate, except as provided in KRS 78.535.

(3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employee electing coverage, at the time the county elected to participate in the system as provided under KRS 78.540(2), current service credit for employment in regular full-time positions between July 1, 1958, and the participation date of the county. Cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 shall be required to purchase on behalf of each employee electing coverage only as much service credit as the employee has accumulated in the city-administered plan, up to the participation date of the city. Accumulated service shall include service for which an employee received a refund pursuant to KRS 95.620 or 95.866, if ***the*** ~~{such}~~ refund has been repaid. If the employee has not yet repaid the refund, he may make payment to the system by any method acceptable to the system, and the requirement of five (5) years of continuous reemployment prior to repayment of refunds shall not apply. Upon the employee's repayment, the city shall purchase the associated service credit for the employee. Cost of ***the*** ~~{such}~~ service credit ***in excess of*** ~~{over and above}~~ that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of ***the*** ~~{such}~~ actuarial service shall be paid by the county;

(b) The county shall establish a payment schedule subject to approval by the board for payment of the cost of ***the*** ~~{such}~~ service over and above that which would be funded within the existing employer contribution rate. The maximum period allowed in a payment schedule shall be thirty (30) years, with interest at the rate actuarially assumed by the board. A shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period, except that cities which participate in the system pursuant to subsection (7) of this section, KRS 79.080, 90.400, 90.410, 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 may, at their option, extend the payment schedule to a maximum of thirty (30) years, may choose to make level payments at the interest rate actuarially assumed by the board over the life of the payment schedule chosen, and may retain employer contributions and the earnings thereon attributable to employees electing coverage;

The special tax shall be to pay, within a period of no more than fifteen (15) years, for the cost of ***the*** ~~{such}~~ service credit over that which would be funded within the existing employer contribution rate, as determined by the board's consulting actuary. The reason for levying the special tax and the disposition of the proceeds shall be part of the ordinance levying the tax. The special tax shall be rescinded when the unfunded prior service liability has been amortized, and shall not be subject to the provisions of KRS 132.017 or 132.027. In addition, the city may maintain any tax, the proceeds of which had been devoted to funding pension obligations under the locally administered plan prior to participation in the system, for the purpose of funding current service costs incurred after the date of participation. The city may increase the tax to pay current service costs which exceed the local pension system costs to which the tax had been devoted, but the city shall not collect from the tax more revenues than are necessary to pay current service costs incurred after the date of participation. The city may continue the tax so long as it participates in the system, and the tax shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect either tax authorized by this paragraph if its participation has been terminated pursuant to KRS 78.535;

(d) The county may at a later date purchase current service credit from July 1, 1958, to the participation date of the county by alternate participation plan for those employees who rejected membership in the system at the time the county first participated. In addition, the employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit ***in excess of*** ~~{over and above}~~ that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by adding it to the existing payment schedule established under paragraph (b) of this subsection;

(e) A county which did not participate by alternate participation may, until July 1, 1991, purchase current service credit for those employees who rejected membership in the system at the time the county first participated. The employer shall pay the employer contributions on the creditable compensation of the employees who later elect membership from the participation date of the county to the date the member elects participation. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. The county shall pay the cost of the service credit by lump sum or by establishing a payment schedule under paragraph (b) of this subsection; and

(f) A county which participated in the system but did not elect the alternate participation plan may at a later date elect the alternate participation plan. In this case, the county shall purchase on behalf of each employee participating in the system current service credit for employment in regular full-time positions between July 1, 1958, or a later date selected by the county government, and the participation date of the county. The county shall also purchase, for employees who decide to participate when the county elects the alternate participation plan, current service credit for employment in regular full-time positions between July 1, 1958, or the later date selected by the county government, and the participation date of the county. The employee shall pay the employee contributions on his creditable compensation from the participation date of the county to the date he elects membership plus interest at the current actuarial rate compounded annually on the employee and employer contributions. Cost of the service credit over that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of the actuarial service shall be paid by the county. The county shall pay the cost of the service by lump sum or by a payment schedule established under paragraph (b) of this subsection.

(4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no later than July 1, 1976.

(5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system hospitals and any other semiindependent agency. Each [~~such~~] excluded agency shall be identified in the order authorizing participation and ***the*** [~~such~~] excluded agency may participate in the system as a separate agency.

(6) An agency whose participation in the County Employees Retirement System has been terminated by the board of trustees in accordance with KRS 78.535 may at a later date request participation in the retirement system by the adoption of an appropriate order as authorized by subsection (1) of this section. The board may accept the participation of ***the*** [~~such~~] agency ***if*** [~~provided~~] it is determined that ***the*** [~~such~~] participation is in the best interest of the agency, the employees thereof, and the County Employees Retirement System.

Employees who would have been granted membership in retirement systems created pursuant to KRS 95.768, or any other policemen or firefighters who would have been granted membership in retirement systems created pursuant to KRS 79.080, 90.400, or 90.410, or any such policemen or firefighter members employed on or prior to August 1, 1988, who transfer to the County Employees Retirement System, shall be certified by their employers as working in hazardous positions. Each city participating in the County Employees Retirement System pursuant to this subsection shall execute the appropriate order authorizing ***the*** [~~such~~] participation, shall select the alternate participation plan as described in subsection (3) of this section, and shall pay for the actuarial services necessary to determine the additional costs of alternate participation. Cities which closed their local pension systems to new members and participated in the system prior to July 15, 1988, whose employees at the time of transition were given the option to join the system shall not be required to offer ***the*** [~~said~~] employees a second option to join the system.

(8) Any city which closed a police and firefighter pension plan to new members between January 1, 1988, and July 15, 1988, and participated in the system under the alternate participation plan shall, if its police and firefighters were not covered by Social Security, or any city which operates a pension under KRS 90.400 or 90.410, shall be required to certify that its police and firefighters are working in hazardous positions, and shall offer its police and firefighters in service at the time of entry a second option to participate under hazardous duty coverage if they were not offered hazardous duty coverage at the time of their first option. SB 91, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 95.859 is amended to read as follows:

(1) The rate of retirement annuity shall be two and one-half percent (2.5%) of average salary, as defined in KRS 95.851(13), for each year of total service up to and including thirty (30) years, subject to a maximum of seventy-five percent (75%) of average salary. Fractional periods of service shall be considered in the calculation of such annuities according to the aforesaid rate.

(2) Any member who retired prior to June 21, 1974, shall receive an increase of ten dollars ($10) per month for each year or part thereof of retirement prior to June 21, 1974, with a maximum increase of one hundred and seventy dollars ($170) per month. No surviving widow of a retiree shall receive a pension of less than one hundred and fifty dollars ($150) per month. ***The board may increase the minimum benefit to no more than four hundred dollars ($400) per month if the increase can be supported on an actuarially sound basis by the fund.*** When Social Security benefits are increased, the surviving widows' minimum shall be increased by a like percentage, but the pension increase shall not exceed five percent (5%).

(3) Within six (6) months after the performance of the actuarial study required by KRS 95.872(6), the rate of retirement annuity of each annuitant shall be increased annually by an amount determined by the study to reflect so much of the annual increase in the cost of living of the annuitant as may be supported on an actuarially sound basis by the fund. So long as the same is published, such studies shall rely on the "All Items Index" of the United States Department of Labor's Consumer Price Indexes, but no increase in the cost of living shall exceed five percent (5%) or the actual increase in the cost of living, whichever is lower. The increases shall be payable only after the member has been retired for a period of three (3) full years, and all increases granted on July 15, 1990, or thereafter shall be compounded.

(4) A surviving spouse who does not receive a pension increase pursuant to subsection (2) of this section shall receive the same increase an annuitant receives pursuant to subsection (3) of this section.

Section 2. KRS 95.860 is amended to read as follows:

(1) Upon death of a member due to occupational causes, regardless of length of service, his surviving widow shall be entitled immediately upon cessation of salary or annuity, as the case may be, to an annuity equal to fifty percent (50%) of the member's last rate of salary. This annuity shall be payable until she dies or remarries. No surviving widow shall receive an annuity of less than one hundred and fifty dollars ($150) per month. ***The board may increase the minimum benefit to no more than four hundred dollars ($400) per month if the increase can be supported on an actuarially sound basis by the fund.*** When Social Security benefits are increased, the minimum shall be increased by a like percentage, provided the increase shall not exceed five percent (5%). In addition, if minor children, under age eighteen (18), survive the member, the widow shall receive twenty-five percent (25%) of the member's last rate of salary until the last child attains age eighteen (18). The combined payments to a widow and minor children, excluding cost-of-living increases, shall not exceed seventy-five percent (75%) of his final rate of salary.

(2) If a widow does not survive the member, or if she remarries, and minor children under age eighteen (18) exist, the children shall be entitled to the benefits provided in KRS 95.861(3).

(3) If neither a widow nor minor children, eligible for benefits survive the member, each dependent parent shall be entitled to an annuity equal to twenty-five percent (25%) of the member's last rate of salary, or fifty percent (50%) to both parents.

(4) If a widow would receive from a combination of: (a) survivor benefits pursuant to this section, excluding benefits for minor children, and (b) workers' compensation benefits, excluding dependent children's allowances or payments for medical expenses or legal fees related to the workers' compensation claim, an amount greater than one hundred percent (100%) of the deceased member's last rate of salary, then the pension system survivor benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The survivor benefit shall not be reduced, however, below an amount equal to two and one-half percent (2-1/2%) of average salary for each year of

the deceased member's service. Any reduction in the survivor payment shall be based upon workers' compensation benefits applicable at the time the survivor payment is granted, and not upon subsequent increases in either benefit. If workers' compensation benefits are reduced at a subsequent time, the surviving spouse shall inform the board, and the board shall increase the survivor's benefit by the amount of the reductions, but not by more than an amount which would increase the survivor's benefit to fifty percent (50%) of last rate of salary, excluding cost-of-living increases. The board of trustees may pay estimated benefits to a surviving spouse, upon qualification for the benefits, based upon an estimate of workers' compensation benefits until such amounts are actually determined, at which time a final calculation of the spouse's actual benefits shall be determined and the account corrected retroactive to the effective date of the survivor benefit. If workers' compensation benefits are paid in lump sums, the board shall reduce the survivor benefit on a monthly rather than a lump-sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the survivor. The board may request the assistance of the general manager of Kentucky retirement systems to calculate the reduction in survivor benefits when lump-sum payments are involved, and the general manager shall provide such assistance upon request.

(5) A surviving child or parent receiving benefits pursuant to this section shall receive the same cost-of-living increase granted to retirees pursuant to KRS 95.859(3). A surviving spouse who does not receive an increase pursuant to subsection (1) of this section shall receive the same increase an annuitant receives pursuant to KRS 95.859(3).

Section 3. KRS 95.861 is amended to read as follows:

(1) Upon death of a member occurring while in service, arising from any cause other than in the performance of duty, provided the member has had at least three (3) years of total service, his widow shall receive an annuity equal to one and one-half percent (1-1/2%) of average salary for each year of total service, credited to the member, subject to a maximum payment, excluding cost-of-living increases, to the widow of fifty percent (50%). If the member has had at least ten (10) years of total service, the widow shall receive an annuity of no less than one hundred and fifty dollars ($150) per month***.*** ***The board may increase the minimum benefit to no more than four hundred dollars ($400) per month if the increase can be supported on an actuarially sound basis by the fund.*** ~~[, and]~~ When Social Security benefits are increased, the minimum shall be increased by a like percentage, but the increase shall not exceed five percent (5%). Payment of the annuity shall be subject to the following conditions:

(a) The widow had been married to the member at least one (1) year prior to his death;

(b) The widow is at least forty-five (45) years of age, otherwise payment will be deferred until she attains such age, except that if she is or becomes totally disabled before age forty-five (45), or has a minor child or children by the member in her care under age eighteen (18), (including adopted children provided the proceedings for adoption were initiated at least one (1) year prior to death of member) payment of the widow's annuity will begin immediately together with an additional allowance on account of the child or children;

(c) The widow's annuity will terminate in any event when the widow remarries. The annuity of each child or children shall continue until each child attains age eighteen (18).

(2) If the widow has minor children under age of eighteen (18), the annuity to the widow shall be increased one-half (1/2) on account of the first child and one-fourth (1/4) on account of each additional child, subject to a maximum combined payment, excluding cost-of-living increases, to the widow and children of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13).

(3) If the pensioner is not survived by a widow and there are minor children the following benefits shall be paid: (a) one (1) minor child, fifty percent (50%), (b) two (2) minor children, fifteen percent (15%) additional, (c) three (3) or more minor children, ten percent (10%) additional, subject to a maximum combined payment, excluding cost-of-living increases, of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13). The annuity of each child or children shall continue until each child attains age eighteen (18), or, in the case of a child regularly employed in full-time educational activities the age of twenty-three (23). The annuity payments shall be reduced in reverse order.

(4) These benefits shall also be payable upon death of the member while on retirement, provided marriage was in effect for at least one (1) year before death.

(5) A surviving child receiving benefits pursuant to this section shall receive the same cost-of-living increases granted to retirees pursuant to KRS 95.859(3). A surviving spouse who does not receive an increase pursuant to subsection (1) of this section shall receive the same increase an annuitant receives pursuant to KRS 95.859(3).

Written notices setting out the charges for removal shall be spread on the minutes of the board and given to the member of the school council.

Section 3. KRS 160.345 is amended to read as follows:

(1) The term "teacher" for the purpose of this section means any person for whom certification is required as a basis of employment in the public schools of the state with the exception of principals, assistant principals, and head teachers.

(2) By January 1, 1991, each local board of education shall adopt a policy for implementing school-based decision making in the district which shall include, but not be limited to, a description of how the district's policies, including those developed pursuant to KRS 160.340, have been amended to allow the professional staff members of a school to be involved in the decision making process as they work to meet educational goals established in KRS 158.645 and 158.6451. The policy shall also address and comply with the following:

(a) Each participating school shall form a school council which shall be composed of two (2) parents, three (3) teachers, and the principal or administrator. The membership of the council may be increased, but it may only be increased proportionately. The parent representatives on the council shall not be employees of the district or employees' relatives, nor shall they be a local board member or his spouse. None of the members shall have a conflict of interest pursuant to KRS Chapter 45A, except the salary paid to district employees. By July 1, 1993, the State Board for Elementary and Secondary Education shall submit recommendations to the Legislative Research Commission relating to policies and procedures to insure minority representation on school councils.

(b) The teacher representatives shall be elected for one (1) year terms by a majority of the teachers. The parent representatives shall be selected for one (1) year terms. The parent members shall be elected by the parent members of the parent teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. The principal or head teacher shall be the chair of the school council.

Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council.

(i) From a list of applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council. Requests for transfer shall conform to any employer-employee bargained contract which is in effect. If the vacancy to be filled is the position of principal, the school council shall select the new principal from among those persons recommended by the local superintendent. Personnel decisions made at the school level under the authority of this subsection shall be binding on the superintendent who completes the hiring process. The superintendent shall provide additional applicants upon request when qualified applicants are available.

(v)[~~(22)~~] Exercise all the administrative functions of the state in regard to the regulation of physician assistants. In promulgating these regulations under the provisions of KRS Chapter 13A, the board shall address:

1.[~~(a)~~] The professional qualifications of physician assistants;

2.[~~(b)~~] The supervision of physician assistants by licensed physicians;

3.[~~(c)~~] The review and discipline of physician assistants and their supervising physicians;

4.[~~(d)~~] The scope of practice allowed physician assistants;

5.[~~(e)~~] The facilities in which physician assistants may practice; and

6.[~~(f)~~] The delegation of responsibilities from physicians to physician assistants.

The board may establish qualifications that the physician assistants shall attain before the board grants the right to practice in this state. At a minimum, these qualifications shall include the passage of a written examination approved by the board and satisfactory completion of a clinical training program approved by the board. The board may establish an advisory committee to aid the board in the regulation of physician assistants, who shall be considered adjuncts to supervising physicians and not independent practitioners of any healing art.

(2) The board shall develop specific guidelines to follow upon receipt of an allegation of sexual misconduct by a physician licensed by the board. The guidelines shall include investigation, inquiry, and hearing procedures which ensure that the process does not revictimize the alleged victim or cause harm if a physician is falsely accused.

(3) The board, the hearing officer, and investigators hired by the board shall receive training on the dynamics of professional sexual misconduct, including the nature of this type of victimization, the characteristics of the offender, the impact on the victim, investigative procedure in sex offense cases, and effective intervention with victims and offenders.

Section 4. KRS 311.591 is amended to read as follows:

(1) The president of the board shall divide the membership of the board, excluding himself, into two (2) panels of five (5) members each. Each panel shall have the power to act as an inquiry or a hearing panel. The president shall not be a

member of either panel, but shall have the power to render the deciding vote whenever a tie vote is rendered by either panel.

(2) Grievances may be submitted by an individual (including board members), organization or entity. Each grievance shall be investigated as necessary and the executive director shall assign each grievance to an inquiry panel. All inquiry panels and the executive director shall have the power to issue investigatory subpoenas for the appearance of any person or production of any record, document or other item within the jurisdiction of the Commonwealth. The panel or executive director may seek enforcement of investigatory subpoenas in the courts of the Commonwealth as may be necessary.

(3) Upon completion of its inquiry, the inquiry panel shall make a finding that:

(a) The grievance is without merit and no further action is necessary;

(b) The grievance discloses an instance of misconduct which does not warrant the issuance of a complaint; in such instances, the panel may admonish the physician for his misconduct; or

(c) The grievance discloses one (1) or more violations of the provisions of this chapter which warrant the issuance of a complaint; in such instances, the panel shall cause a complaint to be prepared, signed by the presiding officer, which shall contain sufficient information to apprise the named physician of the general nature of the charges.

(4) The inquiry panel shall cause a complaint to be served on the charged physician by personal delivery or by certified mail to the physician's last address of which the board has record. The physician shall submit a response within thirty (30) days after service. Failure to submit a timely response or willful avoidance of service may be taken by the board as an admission of the charges.

(5) Upon the issuance of the complaint, the executive director shall assign the matter for hearing and decision by a hearing panel. No member who served on the inquiry panel may also serve as a member of the hearing panel. The hearing panel or the hearing officer on behalf of the panel shall preside over all proceedings pursuant to the issuance of a complaint. All board members, the executive director and hearing officer shall have the authority to administer oaths and issue summonses, subpoenas and other process. During or after any proceeding, the board or the hearing officer may petition the courts of the Commonwealth to punish as contempt the failure of a person or entity to obey a subpoena or other process, or contemptuous conduct directed to the board or the hearing officer.

(6) All proceedings pursuant to the issuance of a complaint shall be in accordance with the rules and regulations established by the board to promote the fair, orderly and efficient conduct of the proceedings. The board may establish regulations regarding the informal disposition of any complaint and such disposition may be made at any stage of the proceeding.

(7) Upon completion of the hearing process, the hearing officer shall prepare proposed findings of fact and conclusions of law. The parties shall have the opportunity to file objections or other comments regarding the proposed findings and conclusions. The hearing panel may adopt the proposed findings and conclusions, in whole or in part, or may make its own in addition to or substitution of the proposed ones. If a hearing officer is not used or the hearing officer fails to prepare findings and conclusions, the hearing panel shall prepare its own findings and conclusions and may then issue its final order.

(8) Upon completion of the disciplinary proceedings, the hearing panel shall issue an order that:

(a) Dismisses the complaint upon a conclusion that the provisions of this chapter have not been violated;

(b) Finds a violation of the provisions of this chapter, but does not impose discipline because the panel does not believe discipline to be necessary under the circumstances; or

(c) Imposes discipline upon the licensee; in such instances, the panel may revoke, suspend, restrict, deny, or limit a license, or may reprimand or place a licensee on probation under terms the panel may establish to protect the licensee, his patients or the general public. The hearing panel may impose a fine whenever it finds that a violation of this chapter has occurred. ***If the board substantiates that sexual misconduct occurred between the physician and the patient while the patient was under the care of or in a professional relationship with the physician, the physician's license may be revoked or suspended with mandatory treatment of the physician as prescribed by the board. The board may require the physician to pay a specified amount for mental health services for the patient which are needed as a result of the misconduct.*** The hearing panel's order shall be considered the final order of the board regarding the matter.

(9) Regardless of the restrictions on public disclosure of information established in subsection (10) of this section, the board may order information derived from any investigation or inquiry be released to the physician licensure authority of another state or to any health care ***or mental health care*** facility licensed and regulated by the Commonwealth of Kentucky upon a showing that the information is necessary to determine the propriety of a physician practicing in a particular state or facility.

(10) The presiding officer at any proceeding held pursuant to a complaint or show cause order shall take whatever measures are necessary to protect the privacy interests of individuals other than the charged physician upon a showing that evidence is to be introduced, the public disclosure of which would constitute a clear invasion of personal privacy. It is the general policy of the Commonwealth that administrative proceedings should be open to the public. Therefore, in applying this subsection the presiding officer shall balance the competing interests and employ the least restrictive

measures available to protect the privacy interests involved.

Section 5. KRS 311.595 is amended to read as follows:

(a) Committed any act involving moral turpitude, dishonesty, or corruption, relating to the practice of psychology, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon conviction of such a crime, the judgment and sentence is presumptive evidence at the ensuing disciplinary hearing of the guilt of the licensee or applicant of the crime described in the indictment or information and of the person's violation of the statute on which it is based. For the purpose of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended;

(n) Physically abused or had sexual contact with a patient, client, student, or supervisee;

(2) No unlawful act or violation of any provision of this chapter by any certificate holder employed or supervised by a licensed psychologist shall be cause for the revocation of the supervisor's license, unless the board finds that the licensed psychologist had knowledge of it.

(3) Three (3) years from the date of a revocation, any person whose license or certificate has been revoked may petition the board for reinstatement. The board shall investigate his petition and may reinstate his license or certificate upon finding that the former holder has complied with the provisions of this chapter and administrative regulations promulgated by the board and is again able to engage in the practice of psychology with reasonable skill, competency and safety to the public.

(4) The board may, at its own discretion, reconsider, modify, or reverse its probations, suspensions, revocations, restrictions, or refusals to issue or renew licenses or certificates at any time.

Section 10. KRS 319.092 is amended to read as follows:

(1) In every proceeding for probation, suspension, or revocation of a license or certificate, the licensee or certificate holder shall be furnished with written notice setting out each offense charged with sufficient detail to apprise him of the nature, time, and place thereof at least twenty (20) days prior to the hearing. The notice is sufficient if served on the licensee or certificate holder personally or by certified mail, return receipt requested, to his last known address. Each grievance shall be investigated as necessary and the executive director shall assign each grievance to an inquiry panel. All inquiry panels and the executive director shall have the power to issue investigatory subpoenas for the appearance of any person or production of any record, document or other item within the jurisdiction of the Commonwealth. The panel or executive director may seek enforcement of investigatory subpoenas in the courts of the Commonwealth as may be necessary.

(3) Upon completion of its inquiry, the inquiry panel shall make a finding that:

(a) The grievance is without merit and no further action is necessary;

(b) The grievance discloses an instance of misconduct which does not warrant the issuance of a complaint; in such instances, the panel may admonish the physician for his misconduct; or

(c) The grievance discloses one (1) or more violations of the provisions of this chapter which warrant the issuance of a complaint; in such instances, the panel shall cause a complaint to be prepared, signed by the presiding officer, which shall contain sufficient information to apprise the named physician of the general nature of the charges.

(4) The inquiry panel shall cause a complaint to be served on the charged physician by personal delivery or by certified mail to the physician's last address of which the board has record. The physician shall submit a response within thirty (30) days after service. Failure to submit a timely response or willful avoidance of service may be taken by the board as an admission of the charges.

(5) Upon the issuance of the complaint, the executive director shall assign the matter for hearing and decision by a hearing panel. No member who served on the inquiry panel may also serve as a member of the hearing panel. The hearing panel or the hearing officer on behalf of the panel shall preside over all proceedings pursuant to the issuance of a complaint. All board members, the executive director and hearing officer shall have the authority to administer oaths and issue summonses, subpoenas and other process. During or after any proceeding, the board or the hearing officer may petition the courts of the Commonwealth to punish as contempt the failure of a person or entity to obey a subpoena or other process, or contemptuous conduct directed to the board or the hearing officer.

(6) All proceedings pursuant to the issuance of a complaint shall be in accordance with the rules and regulations established by the board to promote the fair, orderly and efficient conduct of the proceedings. The board may establish regulations regarding the informal disposition of any complaint and such disposition may be made at any stage of the proceeding.

(7) Upon completion of the hearing process, the hearing officer shall prepare proposed findings of fact and conclusions of law. The parties shall have the opportunity to file objections or other comments regarding the proposed findings and conclusions. The hearing panel may adopt the proposed findings and conclusions, in whole or in part, or may make its own in addition to or substitution of the proposed ones. If a hearing officer is not used or the hearing officer fails to prepare findings and conclusions, the hearing panel shall prepare its own findings and conclusions and may then issue its final order.

(8) Upon completion of the disciplinary proceedings, the hearing panel shall issue an order that:

(a) Dismisses the complaint upon a conclusion that the provisions of this chapter have not been violated;

(b) Finds a violation of the provisions of this chapter, but does not impose discipline because the panel does not believe discipline to be necessary under the circumstances; or

(c) Imposes discipline upon the licensee; in such instances, the panel may revoke, suspend, restrict, deny, or limit a license, or may reprimand or place a licensee on probation under terms the panel may establish to protect the licensee, his patients or the general public. The hearing panel may impose a fine whenever it finds that a violation of this chapter has occurred. ***If the board substantiates that sexual contact occurred between the physician and the patient while the patient was under the care of or in a professional relationship with the physician, the physician's license may be revoked or suspended with mandatory treatment of the physician as prescribed by the board. The board may require the physician to pay a specified amount for mental health services for the patient which are needed as a result of the sexual contact.*** The hearing panel's order shall be considered the final order of the board regarding the matter.

(9) Regardless of the restrictions on public disclosure of information established in subsection (10) of this section, the board may order information derived from any investigation or inquiry be released to the physician licensure authority of another state or to any health care ***or mental health care*** facility licensed and regulated by the Commonwealth of Kentucky upon a showing that the information is necessary to determine the propriety of a physician practicing in a particular state or facility.

(10) The presiding officer at any proceeding held pursuant to a complaint or show cause order shall take whatever measures are necessary to protect the privacy interests of individuals other than the charged physician upon a showing that evidence is to be introduced, the public disclosure of which would constitute a clear invasion of personal privacy. It is the general policy of the Commonwealth that administrative proceedings should be open to the public. Therefore, in applying this subsection the presiding officer shall balance the competing interests and employ the least restrictive measures available to protect the privacy interests involved.

(1) The board may suspend, revoke, or refuse to issue or renew a license or certificate, or may accept an assurance of voluntary compliance, restrict, or place a licensee or certificate holder on probation, upon proof that the licensee or certificate holder has:

(a) Committed any act involving moral turpitude, dishonesty, or corruption, relating to the practice of psychology, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon conviction of such a crime, the judgment and sentence is presumptive evidence at the ensuing disciplinary hearing of the guilt of the licensee or applicant of the crime described in the indictment or information and of the person's violation of the statute on which it is based. For the purpose of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended;

(b) Misrepresented or concealed a material fact in obtaining a license or certificate, or in reinstatement thereof;

(c) Committed any unfair, false, misleading, or deceptive act or practice;

(i) Aided or abetted an unlicensed person to practice when a license or certificate is required;

(j) Grossly overcharged for professional services;

(k) Practiced beyond the scope of practice defined in the specialty area of examination;

(l) Failed to provide adequate supervision for certified psychologists, psychological associates, applicants for licensure or certification, or other staff;

(m) Been convicted of any misdemeanor or felony relating to the practice of psychology. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended;

(n) Physically abused or had sexual contact with a patient, client, student, or supervisee;

(s)[~~(r)~~] Failed to comply with the requirements of the board for continuing education.

(2) No unlawful act or violation of any provision of this chapter by any certificate holder employed or supervised by a licensed psychologist shall be cause for the revocation of the supervisor's license, unless the board finds that the licensed psychologist had knowledge of it.

(3) Three (3) years from the date of a revocation, any person whose license or certificate has been revoked may petition the board for reinstatement. The board shall investigate his petition and may reinstate his license or certificate upon finding that the former holder has complied with the provisions of this chapter and administrative regulations promulgated by the board and is again able to engage in the practice of psychology with reasonable skill, competency and safety to the public.

(4) The board may, at its own discretion, reconsider, modify, or reverse its probations, suspensions, revocations, restrictions, or refusals to issue or renew licenses or certificates at any time.

Section 10. KRS 319.092 is amended to read as follows:

(1) In every proceeding for probation, suspension, or revocation of a license or certificate, the licensee or certificate holder shall be furnished with written notice setting out each offense charged with sufficient detail to apprise him of the nature, time, and place thereof at least twenty (20) days prior to the hearing. The notice is sufficient if served on the licensee or certificate holder personally or by certified mail, return receipt requested, to his last known address. The nonappearance of the licensee or certificate holder shall not prevent a hearing. The board or a hearing officer appointed by the board shall conduct the hearing. The licensee or certificate holder shall have the right to be present in person or by counsel, to present evidence and to be heard in opposition to the charges. If the licensee or certificate holder fails to respond to the complaint at or before the time of the hearing thereon, the board may take the allegations set forth in the complaint as

confessed.

(2) The board or the hearing officer shall have the authority to issue subpoenas for the attendance of witnesses and the production of papers and records, administer oaths and schedule hearings. All decisions revoking or suspending a license or certificate or placing a licensee or certificate holder on probation shall be made by the board.

(a) Revoke or suspend the license or certificate;

(b) Impose a monetary penalty not to exceed two thousand dollars ($2,000) per violation;

(c) Revoke or suspend the license or certificate or impose a monetary penalty, but suspend enforcement thereof by placing the psychologist on probation, which shall be revocable if the board finds the conditions of the probation order are not being followed by the psychologist;

(d) Require the psychologist, as a condition of probation, to submit to care, counseling, or treatment by a professional designated by the board, or require the psychologist to be supervised by a licensed psychologist designated by the board. The expense of this action shall be borne by the psychologist on probation;

(e) Modify the conditions of the probation, with good cause, and may include among them any reasonable condition for the purpose of the protection of the public, or for the purpose of the rehabilitation of the probationer, or both;

(f) Require restitution; and

(g) Assess the costs of the disciplinary proceeding.

(4) ***If the board substantiates that sexual contact occurred between a licensee or certificate holder and a patient while the patient was under the care or in a professional relationship with the licensee or certificate holder, the licensee's or certificate holder's license or certificate may be revoked or suspended with mandatory treatment of that individual as prescribed by the board. The board may require the licensee or certificate holder to pay a specified amount for mental health services for the patient which are needed as a result of the sexual contact.***

(5) Orders of the board suspending or revoking a license or certificate or placing a licensee or certificate holder on probation shall become effective immediately after written notice is served on the licensee or certificate holder and the licensee or certificate holder shall not, after notice of same, engage or continue to engage in the practice of psychology unless the board's order is revoked or modified by a final order or judgment.

(6)[~~(5)~~] The board shall make public its final order in all disciplinary actions.

(7)[~~(6)~~] Any person aggrieved by an order of the board may within thirty (30) days after notice thereof appeal thereupon to the Franklin Circuit Court. The court shall decide the appeal upon the certified record and no new or additional evidence shall be heard or considered by the court.

(8)[~~(7)~~] A party aggrieved by a final order of the Circuit Court may appeal to the Court of Appeals as in a civil action.

Section 11. KRS 335.070 is amended to read as follows:

(2) The board shall review and act upon applications for licensure at least twice each year, and shall regulate the renewal of licenses.

(3) The board may conduct hearings on charges calling for the denial, revocation, or suspension of a license, shall adopt administrative regulations for the conduct of the hearings, and shall cause the prosecution of all persons who violate any provisions of this chapter, or any administrative regulation promulgated pursuant to its provisions.

(4) The board may sue and be sued in its own name.

(5) The board may employ any other persons it deems necessary to carry on the work of the board, and shall define their duties and fix their compensation.

(6) The board shall maintain a register of certified social workers, social workers, and licensees certified for independent practice. The register shall be a public record.

(7) The board shall keep a complete record of all of its proceedings.

(8) The board shall set by administrative regulation a fee schedule for examinations. The fees shall be sufficient to cover the cost of preparation, administration, and grading of the examinations.

(9) The board shall develop specific guidelines to follow upon receipt of an allegation of sexual misconduct by a social worker licensed or certified by the board. The guidelines shall include investigation, inquiry, and hearing procedures which ensure that the process does not revictimize the alleged victim or cause harm if a social worker is falsely accused.

(10) The board and investigators hired by the board shall receive training on the dynamics of sexual misconduct by

professionals, including the nature of this abuse of authority, the characteristics of the offender, the impact on the victim, the possibility and the impact of false accusations, investigative procedure in sex offense cases, and effective intervention with victims and offenders.

Section 12. KRS 335.150 is amended to read as follows:

(1) The board may hear grievances of persons whose applications for a license have been denied.

The course described in KRS 214.610(1) shall be completed annually and may be a part of any continuing education course.

(3) The board shall not suspend, revoke or refuse to renew a license except after a hearing held before the board upon notice to the person charged.

(4) The notice shall be in writing, shall state the nature of the charges, the time and place of the hearing, and shall be served on the person charged by certified mail not less than thirty (30) days prior to the date of the hearing.

(5) The person charged may appear in person or by counsel, may testify and may produce evidence and witnesses on his own behalf, may cross-examine witnesses, and shall be entitled, on application to the board, to the issuance of subpoenas to compel the attendance of witnesses and the production of documentary evidence.

(6) The board, or its duly authorized representative on its behalf, shall have authority to issue subpoenas to compel the attendance of witnesses and the production of documents and may administer oaths. The board may invoke the aid of the Circuit Court for the county in which the hearing is held to enforce compliance with its subpoenas.

(7) A stenographic or mechanical record of the hearing shall be taken, and a transcript shall be preserved by the board.

(8) At all hearings before the board the Attorney General of the Commonwealth, or one of his assistants designated by him shall appear and represent the board.

The program shall be implemented as early as the 1993-94 school year but no later than the 1995-96 school year. The board shall also be responsible for administering an interim testing program to assess student skills in reading, mathematics, writing, science, and social studies in grades four (4), eight (8), and twelve (12). The tests shall be designed to provide the state with national comparisons and shall be the same as, or similar to those used by the National Assessment of Educational Progress. The interim testing program shall begin during the 1991-92 school year and shall be administered to a sample of students representative of each school and the state as a whole. (2) Upon July 13, 1990, the state board shall contract with three (3) or more authorities in the field of performance assessment to design the specifications for the interim and full-scale statewide assessment development effort. The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals.

(h) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council.

(i) From a list of applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council. Requests for transfer shall conform to any employer-employee bargained contract which is in effect. If the vacancy to be filled is the position of principal, the school council shall select the new principal from among those persons recommended by the local superintendent. Personnel decisions made at the school level under the authority of this subsection shall be binding on the superintendent who completes the hiring process. The superintendent shall provide additional applicants upon request when qualified applicants are available.

implement school-based decision making, and the state board shall grant the exemption. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

(9) (a) No board member, superintendent of schools, or district employee shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (j) of subsection (2) of this section.

HB 328, AN ACT relating to class size.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. No later than October 1, 1993, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights, the General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs; and

(c) Transportation costs. The per pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board for Elementary and Secondary Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except ***as provided in subsection (5) of this section***~~[in classes combining pupils from two (2) or more grade levels]~~, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the State Board for Elementary and Secondary Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the State Board for Elementary and Secondary Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the State Board for Elementary and Secondary Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program

funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Office of Vocational Education in the Department of Education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(c) For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.

These two (2) days for statewide professional meetings shall be scheduled to begin with the first Thursday after Easter, or upon request of the statewide professional education association having the largest paid membership, the chief state school officer may designate alternate dates. The chief state school officer shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The State Board for Elementary and Secondary Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts for the 1990-1991 and 1991-1992 school years for continuing education. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. The chief state school officer shall recommend to the Division of School Finance of the Office of Education Accountability by June 30, 1991, a method for funding continuing education for these students through the state-supported funding program.

(8) Notwithstanding any other statute, each school term shall include at least the minimum number of instructional days required by this section. However, for the school years ***1994-95*** ~~[1992-93]~~ and ***1995-96***~~[1993-94]~~, local school districts may use up to five (5) instructional days or up to thirty (30) hours during instructional days for additional professional development for teachers if the following conditions are met:

(b) A plan for the use of the additional days or hours is developed by each school and approved by the district superintendent. The plan shall consist of training selected from a list approved by the Kentucky Department of Education.

Section 2. KRS 160.345 is amended to read as follows:

(1) The term "teacher" for the purpose of this section means any person for whom certification is required as a basis of employment in the public schools of the state with the exception of principals, assistant principals, and head teachers.

(2) By January 1, 1991, each local board of education shall adopt a policy for implementing school-based decision making in the district which shall include, but not be limited to, a description of how the district's policies, including those developed pursuant to KRS 160.340, have been amended to allow the professional staff members of a school to be involved in the decision making process as they work to meet educational goals established in KRS 158.645 and 158.6451. The policy shall also address and comply with the following:

(a) Each participating school shall form a school council which shall be composed of two (2) parents, three (3) teachers, and the principal or administrator. The membership of the council may be increased, but it may only be increased proportionately. The parent representatives on the council shall not be employees of the district or employees' relatives, nor shall they be a local board member or his spouse. None of the members shall have a conflict of interest pursuant to KRS Chapter 45A, except the salary paid to district employees. By July 1, 1993, the State Board for Elementary and Secondary Education shall submit recommendations to the Legislative Research Commission relating to policies and procedures to insure minority representation on school councils.

(b) The teacher representatives shall be elected for one (1) year terms by a majority of the teachers. The parent representatives shall be selected for one (1) year terms. The parent members shall be elected by the parent members of the parent teacher organization of the school or, if none exists, the largest organization of parents formed for this purpose. The principal or head teacher shall be the chair of the school council.

(c) The school council shall have the responsibility to set school policy consistent with district board policy which shall provide an environment to enhance the students' achievement and help the school meet the goals established by KRS 158.645 and 158.6451. The principal or head teacher shall be the primary administrator and the instructional leader of the school, and with the assistance of the total school staff shall administer the policies established by the school council and the local board.

(d) All certified staff at a school may be participants in the school-based decision making. The staff may divide into committees according to their areas of interest, such as, but not limited to, grouped grade levels, subject areas, and special programs. Each committee shall elect by a majority of the committee a chair, who shall serve for a term of one (1) year. The committee shall submit its recommendations to the school council for consideration.

(e) The school council and each of its committees shall determine the frequency of and agenda for their meetings. Matters relating to formation of school councils that are not provided for by this section shall be addressed by local board policy.

(f) The meetings of the school council shall be open to the public and all interested persons may attend. However, the exceptions to open meetings provided in KRS 61.810 shall apply.

(g) After receiving notification of the funds available for the school from the local board, the school council shall determine, within the parameters of the total available funds, the number of persons to be employed in each job classification at the school. The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals.

(h) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council.

(i) From a list of applicants submitted by the local superintendent, the principal at the participating school shall select personnel to fill vacancies, after consultation with the school council. Requests for transfer shall conform to any employer-employee bargained contract which is in effect. If the vacancy to be filled is the position of principal, the school council shall select the new principal from among those persons recommended by the local superintendent. Personnel decisions made at the school level under the authority of this subsection shall be binding on the superintendent who completes the hiring process. The superintendent shall provide additional applicants upon request when qualified applicants are available.

(j) The school council shall adopt a policy to be implemented by the principal in the following additional areas:

1. Determination of curriculum, including needs assessment and curriculum development;
2. Assignment of all instructional and noninstructional staff time;
3. Assignment of students to classes and programs within the school;
4. Determination of the schedule of the school day and week, subject to the beginning and ending times of the school day and school calendar year as established by the local board;
5. Determination of use of school space during the school day;
6. Planning and resolution of issues regarding instructional practices;
7. Selection and implementation of discipline and classroom management techniques, including responsibilities of the student, parent, teacher, counselor, and principal;
8. Selection of extracurricular programs and determination of policies relating to student participation based on academic qualifications and attendance requirements, program evaluation, and supervision; and
9. Procedures, consistent with local school board policy, for determining alignment with state standards, technology utilization, and program appraisal.

(3) The policy adopted by the local board to implement school-based decision making shall also address the following:

(a) School budget and administration, including: discretionary funds; activity and other school funds; funds for maintenance, supplies, and equipment; and procedures for authorizing reimbursement for training and other expenses;

(b) Assessment of individual student progress, including testing and reporting of student progress to students, parents, the school district, the community, and the state;

(c) School improvement plans, including the form and function of strategic planning and its relationship to district planning;

(d) Professional development plans developed pursuant to KRS 156.095 and 156.0951;

(e) Parent, citizen, and community participation including the relationship of the council with other groups;

(f) Cooperation and collaboration within the district, with other districts, and with other public and private agencies;

(g) Requirements for waiver of district policies;

(h) Requirements for record keeping by the school council; and

(i) A process for appealing a decision made by a school council.

(4) In addition to the authority granted to the school council in this section, the local board may grant to the school council any other authority permitted by law. The board shall make available liability insurance coverage for the protection of all members of the school council from liability arising in the course of pursuing their duties as members of the council.

(5) After July 13, 1990, any school in which two-thirds (2/3) of the faculty vote to implement school-based decision making shall do so. By June 30, 1991, each local board shall submit to the chief state school officer the name of at least one (1) school which shall implement school-based decision making the following school year. The board shall select a school in which two-thirds (2/3) of the faculty vote to implement school-based decision making. If no school in the district votes to implement school-based decision making, the local board shall designate one (1) school of its choice. All schools shall implement school-based decision making by July 1, 1996, in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon a favorable vote of a majority of the faculty at the school, a school performing above its threshold level requirement as determined by the Department of Education pursuant to KRS 158.6455 may apply to the State Board for Elementary and Secondary Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. Notwithstanding the provisions of this section, a local school district shall not be required to implement school-based decision making if the local school district contains only one (1) school.

(6) The Department of Education shall provide professional development activities to assist schools in implementing school-based decision making.

(7) A school that chooses to have school-based decision making but would like to be exempt from the administrative structure set forth by this section may develop a model for implementing school-based decision making including, but not limited to, a description of the membership, organization, duties, and responsibilities of a school council. The school shall submit the model through the local board of education to the chief state school officer and the State Board for Elementary and Secondary Education, which shall have final authority for approval. The application for approval of the model shall show evidence that it has been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

(8) The State Board for Elementary and Secondary Education, upon recommendation of the chief state school officer, shall adopt by administrative regulation a formula by which school district funds shall be allocated to each school council. ***Included in the school council formula shall be an allotment for professional development that is at least one half (1/2) of the district's per pupil state allocation for professional development for each student in average daily attendance in the school, or two thousand dollars ($2,000), whichever is greater. The school council shall coordinate its use of this allotment with a consortium established pursuant to KRS 156.0951 if the district is a member of one, the professional development coordinator of the school district, and other school councils to enhance professional development opportunities.***

(9) (a) No board member, superintendent of schools, or district employee shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (j) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the State Board for Elementary and Secondary Education.

(c) The State Board for Elementary and Secondary Education shall establish by administrative regulation a hearing process for complaints referred by the Office of Education Accountability.

(d) If the State Board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

Section 3. KRS 156.0951 is amended to read as follows:

(1) During the 1990-91 school year, the school district shall receive a planning grant to be used in conjunction with other districts to plan for professional development activities through the 1994-95 school year. By June 30, 1991, each district, except those districts with an enrollment of twenty thousand (20,000) or more students, shall have joined a consortium involving two (2) or more districts and shall have submitted a preliminary professional development plan to the Department of Education. The plan shall describe the way the consortium will utilize the professional development activities available from the Department of Education described in KRS 156.095 during the 1991-92 school year and outline in general terms the types of professional development and the delivery mechanism which will be used during the 1992-93, 1993-94, and 1994-95 school years. When a consortium is operational, a consortium plan may replace plans for individual districts which are members of the consortium.

(2) During the school years 1991-92 through 1994-95, the consortia shall receive the districts' professional development funds***, except for the allotment to school councils made pursuant to KRS 160.345,*** to provide a high quality, coordinated professional development program to the staff of the member districts.

(3) After July 1, 1995, a school district shall be allowed to withdraw from the consortium and expend its professional development funds on any professional development activities it chooses.

Section 4. Whereas, it is imperative that school districts and school councils plan for professional development for the coming school year at this time, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

The Committee Substitute to **HB 329** is as follows:

HB 319, AN ACT relating to utilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.020 is amended to read as follows:

(1) No person, partnership, public or private corporation, or combination thereof shall begin the construction of any plant, equipment, property or facility for furnishing to the public any of the services enumerated in KRS 278.010, except retail electric suppliers for service connections to electric-consuming facilities located within its certified territory and ordinary extensions of existing systems in the usual course of business, until such person has obtained from the Public Service Commission a certificate that public convenience and necessity require such construction. Upon the filing of an application for such a certificate, and after any public hearing which the commission may in its discretion conduct for all interested parties, the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part, except that the commission shall not refuse or modify an application submitted under KRS 278.023 without consent by the parties to the agreement. The commission, when considering an application for a certificate to construct a base load electric generating facility, may consider the policy of the General Assembly to foster and encourage use of Kentucky coal by electric utilities serving the Commonwealth. Unless exercised within one (1) year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

(2) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.

(3) No utility shall apply for or obtain any franchise, license, or permit from any city or other governmental agency until it

has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

(4) No person [~~under the jurisdiction of the commission~~] shall acquire or transfer ownership of**,** or control, or the right to control, any utility ***under the jurisdiction of the commission***[~~,~~] by sale of assets, transfer of stock, or otherwise, or abandon the same, without prior approval by the commission. The commission shall grant its approval if the person acquiring the utility has the financial, technical, and managerial abilities to provide reasonable service.

(5) No individual, group, syndicate, general or limited partnership, association, corporation, joint stock company, trust, or other entity (an "acquirer"), whether or not organized under the laws of this state, shall acquire control, either directly or indirectly, of any utility furnishing utility service in this state, without having first obtained the approval of the commission. Any such acquisition of control without such prior authorization shall be void and of no effect. As used in this subsection, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a utility, whether through the ownership of voting securities, by effecting a change in the composition of the board of directors, by contract or otherwise. Control shall be presumed to exist if any such individual or entity, directly or indirectly, owns ten percent (10%) or more of the voting securities of the utility. This presumption may be rebutted by a showing that such ownership does not in fact confer control. Application for any such approval or authorization shall be made to the commission in writing, verified by oath or affirmation, and be in such form and contain such information as the commission requires. The commission shall approve any such proposed acquisition when it finds that the same is to be made in accordance with law, for a proper purpose and is consistent with the public interest. The commission may make such investigation and hold such hearings in the matter as it deems necessary, and thereafter may grant any application under this subsection in whole or in part and with such modification and upon such terms and conditions as it deems necessary or appropriate. The commission shall grant, modify, refuse, or prescribe appropriate terms and conditions with respect to every such application within sixty (60) days after the filing of the application therefor or on a later date mutually acceptable to the commission and the acquirer. In the absence of any such action within such period of time, any such proposed acquisition shall be deemed to be approved.

(6) Subsection (5) of this section shall not apply to any acquisition of control of any:

(a) Utility which derives a greater percentage of its gross revenue from business in another jurisdiction than from business in this state if the commission determines that the other jurisdiction has statutes or rules which are applicable and are being applied and which afford protection to ratepayers in this state substantially equal to that afforded such ratepayers by subsection (5) of this section;

(b) Utility by an acquirer who directly, or indirectly through one (1) or more intermediaries, controls, or is controlled by, or is under common control with, such utility, including any entity created at the direction of such utility for purposes of corporate reorganization; or

(c) Utility pursuant to the terms of any indebtedness of the utility, provided the issuance of such indebtedness was approved by the commission.

HB 320, AN ACT relating to utilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.120 is amended to read as follows:

(1) The chairman and the other two (2) members of the commission shall be paid a salary fixed under KRS 64.640 to be paid monthly.

(2) The executive director [~~and the secretary~~] of the commission shall be paid a salary to be fixed by the commission, with the approval of the Governor.

(3) The commissioners, the executive director, [~~the secretary~~] and employees of the commission are entitled to all expenses, including hotel bills, incurred in traveling on business of the commission.

(4) The salaries and expenses provided for by this section, and all other expenses of the commission incurred in the administration of this chapter, shall be paid out of appropriations as provided by law out of the general expenditure fund.

Section 2. KRS 278.240 is amended to read as follows:

Copies of official documents and orders filed or deposited according to law in the office of the commission, certified by a commissioner, or by the ***executive director*** [~~secretary~~] under the seal of the commission, to be true copies of the originals, shall be evidence in like manner as the originals in all matters before the commission and in courts of competent jurisdiction.

Section 3. KRS 278.300 is amended to read as follows:

(1) No utility shall issue any securities or evidences of indebtedness, or assume any obligation or liability in respect to the securities or evidences of indebtedness of any other person until it has been authorized so to do by order of the

commission.

(2) Application for authority to issue or assume securities or evidences of indebtedness shall be made in such form as the commission prescribes. Every such application shall be made under oath, and shall be signed and filed on behalf of the utility by its president, or by a vice president, auditor, comptroller or other executive officer having knowledge of the matters set forth and duly designated by the utility. Every such application shall be placed at the head of the docket of the commission and disposed of promptly within sixty (60) days after it is filed with the commission, unless it is necessary for good cause to continue the application for longer time than sixty (60) days, in which case the order making the continuance shall state fully the facts that make it necessary.

(3) The commission shall not approve any issue or assumption unless, after investigation of the purposes and uses of the proposed issue and the proceeds thereof, or of the proposed assumption of obligation or liability, the commission finds that the issue or assumption is for some lawful object within the corporate purposes of the utility, is necessary or appropriate for or consistent with the proper performance by the utility of its service to the public and will not impair its ability to perform that service, and is reasonably necessary and appropriate for such purpose.

(4) The commission may grant or deny the application in whole or in part, or may grant it with such modifications and upon such terms and conditions as the commission deems necessary or appropriate. The order of the commission shall specify that the securities or evidences of indebtedness, or the proceeds thereof, shall be used only for the lawful purposes specified in the application, and both the application of the utility and the order of the commission shall state in general terms the purpose of the issuance or assumption.

(5) A copy of any order made and entered by the commission under this section, duly certified by the ***executive director*** ~~[secretary]~~ of the commission, shall be sufficient evidence for all purposes of full and complete compliance by the utility with all procedural and other matters required precedent to the entry of the order.

(6) Securities and evidences of indebtedness issued and obligations and liabilities assumed by a utility, for which, under the provisions of this section, the authorization of the commission is required, shall comply with the terms and conditions of the order of authorization entered prior to the issue or assumption, and where the order has been fully complied with the validity of the issue or assumption shall not be affected by a failure to comply with any provision of this section or rule of the commission relating to procedure or other matters preceding the entry of the order of authorization or order supplemental thereto.

(7) The commission may require periodical or special reports from the utility issuing any security or evidence of indebtedness. The report shall show, in such detail as the commission requires, the disposition made of such securities or evidences of indebtedness, and the application of the proceeds thereof.

(8) This section does not apply to notes issued by a utility, for proper purposes and not in violation of law, that are payable at periods of not more than two (2) years from the date thereof, or to like notes, payable at a period of not more than two (2) years from date thereof, that are issued to pay or refund in whole or in part any such notes, or to renewals of such notes from time to time, not exceeding in the aggregate six (6) years from the date of the issue of the original notes so renewed or refunded.

(9) Nothing in this section implies any guarantee of securities or evidences of indebtedness by the state, or any obligation on the part of the state with respect thereto, and nothing in this section limits the power of any court having jurisdiction to authorize or cause receiver's certificates or debentures to be issued according to the rules and practice obtaining in receivership proceedings in courts of equity.

(10) This section does not apply in any instance where the issuance of securities or evidences of indebtedness is subject to the supervision or control of the federal government or any agency thereof, but the commission may appear as a party to any proceeding filed or pending before any federal agency if the issuance of the securities or evidences of indebtedness will materially affect any utility over which the commission has jurisdiction.

(11) This section also does not apply to the issuance of securities or evidence of indebtedness by a utility principally engaged in transportation of gas by pipeline in interstate commerce and subject to the supervision, control or jurisdiction of the federal government or any agency, board or commission thereof.

Section 4. KRS 278.530 is amended to read as follows:

(1) Whenever any telephone company desires to connect its exchange or lines with the exchange or lines of another telephone company and the latter refuses to permit this to be done upon reasonable terms, rates and conditions, the company desiring the connection may proceed as provided in subsection (2) or as provided in subsection (3) of this section.

(2) The company desiring the connection may file a written statement with the Public Service Commission setting out the reasons why the connection is desired and the points at which the connection should be made, and giving the name and address of the owner or chief officer residing in this state of each company with which the connection is desired. The ***executive director*** ~~[secretary]~~ of the commission shall thereupon cause a copy of the written statement to be served upon the companies owning or operating such lines or exchanges, by mailing a copy to the owner or chief officer residing in this state, and shall fix a date, not earlier than ten (10) days from the date of mailing the notice, for the hearing of the application. Upon the day so fixed for the hearing, the companies may respond in writing to the application, and either

side may introduce such testimony as it desires and be heard by attorneys. After the hearing is completed the commission shall make its finding and enter it in a book to be kept for that purpose, and shall mail a copy thereof to each side; and if the commission directs the connection to be made it shall indicate the points where the connection is to be made, the number of wires to be connected, the terms and conditions and the rates to be charged, and the division of the rates charged between the companies handling the messages. The cost of making the connection shall be borne equally by the parties. If any company refuses to make a connection for a period of thirty (30) days after the finding of the commission directing the connection to be made, the company desiring the connection may make the connection and may recover one-half (1/2) of the cost thereof from the company so refusing.

(3) In lieu of the procedure provided in subsection (2) of this section, the company desiring the connection may compel the connection upon reasonable terms by suit in equity in the Franklin Circuit Court or in the Circuit Court of the county in which the company making the demand resides or has its chief office in this state, and the court shall, by mandatory injunction, compel the physical connection of the wires and interchange of messages, and enforce the same by contempt proceedings and in the same manner that other mandatory injunctions are enforced.

(1) For each judicial district, the Chief Justice of the Commonwealth of Kentucky shall designate a nonprofit agency to operate and administer programs for the provision of legal services to indigent clients involved in civil matters within the judicial district.

(a) This agency shall be the nonprofit legal services organization designated as eligible to receive funds from the federal Legal Services Corporation for the provision of civil legal services to the indigent, if one exists. The nonprofit legal services organization shall receive supplemental funds provided by this section for each county in the district in which it provides service.

(b) At least twelve and one-half percent (12.5%) of any funds appropriated pursuant to subsection (1)(a) shall be used to promote increased participation by the private bar in the delivery of legal services to the indigent through pro bono efforts, which may include the operation of intake and referral systems; the provision of professional education regarding legal matters peculiar to the indigent; the provision of technical co-counseling assistance to private attorneys engaged in representing indigent clients in civil matters; and reimbursement of reasonable costs and expenses incurred by private attorneys in delivering pro bono legal assistance. Nothing in this subsection shall be construed as limiting the maximum amount of funds appropriated under this section which may be used for promotion of pro bono efforts by the private bar, where the local legal services organization's board of directors deems that an effective and efficient system of delivering legal assistance to the local indigent population would require the allocation of a sum in excess of twelve and one-half percent (12.5%) of the funds disbursed pursuant to this section. The local organization's board of directors shall annually review the appropriate allocation of funds from this section for the promotion of pro bono services by the private bar.

(c) If any county in the Commonwealth is not currently served by a nonprofit agency eligible to receive funds from the federal Legal Services Corporation, the Chief Justice shall designate a nonprofit agency to provide legal services to indigent clients in civil matters within that county.

(2) In designating an agency pursuant to subsection (1) of this section, the Chief Justice shall consult with the Chief Circuit Judge of the judicial district, the president of the local bar association within the county or the judicial district, and agencies providing legal services to indigent clients in civil matters within the judicial district. The designated agency may serve one (1) or more counties within the judicial district, and designation of a multicounty agency shall be undertaken if consultations indicate that it would promote efficient use of funds. To receive designation, an agency shall certify to the Chief Justice that:

(a) It is incorporated under the laws of the Commonwealth of Kentucky;

(b) It is an organization within the meaning of Section 501 (c) of the Internal Revenue Code of 1986; and

(c) All persons participating in delivery of legal services to agency clients provide the service without any fee to the client for these services.

SECTION 10. A NEW SECTION OF KRS CHAPTER 27A IS CREATED TO READ AS FOLLOWS:

The agency designated pursuant to Section 9 of this Act shall have the following duties in carrying out the provisions of Sections 9 to 13 of this Act:

SECTION 11. A NEW SECTION OF KRS CHAPTER 27A IS CREATED TO READ AS FOLLOWS:

All designations made by the Chief Justice pursuant to Sections 9 to 13 of this Act shall be forwarded to each circuit clerk for the judicial district or districts which shall be served by the agency designated.

No fee shall be charged for actions filed in neglect and dependency cases or in the small claims division of District Court. This fee shall be designated as the Access to Justice Fee, and shall be charged at the time of filing of the first papers in the action.

(2) All fees collected pursuant to subsection (1) of this section during each month shall be placed in the general fund of the State Treasury, and appropriated in accordance with subsection (3) of this section. The clerks shall make a full report with the payment, and receive a receipt for all payments.

(3) Fees collected shall be distributed monthly to the designated agencies on a pro rata basis, utilizing an allocation formula that distributes funds for each judicial district served, according to the proportion of the number of residents of that judicial district whose incomes are less than the official United States federal poverty guidelines, based on latest published United States census data, as a percentage of the total number of these residents in the Commonwealth of Kentucky. These funds shall be used by the designated agency to carry out the duties prescribed in Section 10 of this Act.

(4) All unused or uncommitted funds received by a designated agency during its fiscal year shall be returned by the designated agency to the State Treasury, to be redistributed in the following calendar quarter to operating designated agencies in accordance with administrative regulations promulgated by the Administrative Office of the Courts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 438 IS CREATED TO READ AS FOLLOWS:

(1) When a public servant, as defined in KRS 521.010, is exposed to the blood or body fluids of a criminal defendant, inmate, parolee, or probationer or the blood or body fluids of a criminal defendant, inmate, parolee, or probationer have come into contact with the skin or unprotected clothing of a public servant during any incident in which the public servant and the criminal defendant, inmate, parolee, or probationer are involved, the criminal defendant, inmate, parolee, or probationer shall be ordered to submit to testing of the blood for human immunodeficiency virus (HIV).

(2) The written results of the testing shall be made available to each public servant, criminal defendant, inmate, parolee, or probationer coming within the purview of subsection (1). However, the results shall not be public records and shall be disclosed to others only on a need-to-know basis.

(3) If a criminal defendant, inmate, parolee, or probationer fails or refuses to be tested as ordered, he may be held in criminal contempt. A circuit or district judge shall compel the criminal defendant, inmate, parolee, or probationer to undergo the testing required herein if he fails or refuses to do so. Undergoing compulsory testing after a failure or refusal to be tested shall not relieve the criminal defendant, inmate, parolee, or probationer of the liability imposed by this subsection.

(4) The costs of the testing shall be borne by the criminal defendant, inmate, parolee, or probationer unless he is determined unable to pay for the test by a court of competent jurisdiction for criminal defendants and probationers and by the Department of Corrections pursuant to their indigency standards for inmates and parolees, in which case the Commonwealth shall pay for the testing.

Section 2. KRS 214.625 is amended to read as follows:

(1) The General Assembly finds that the use of tests designed to reveal a condition indicative of human immunodeficiency virus (HIV) infection can be a valuable tool in protecting the public health. The General Assembly finds that despite current scientific knowledge that zidovudine (AZT) prolongs the lives of acquired immunodeficiency syndrome victims, and may also be effective when introduced in the early stages of human immunodeficiency virus infection, many members of the public are deterred from seeking testing because they misunderstand the nature of the test or fear that test results will be disclosed without their consent. The General Assembly finds that the public health will be served by facilitating informed, voluntary, and confidential use of tests designed to detect human immunodeficiency virus infection.

(2) A person who has signed a general consent form for the performance of medical procedures and tests, is not required to also sign or be presented with a specific consent form relating to medical procedures or tests to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any other causative agent of acquired immunodeficiency syndrome that will be performed on the person during the time in which the general consent form is in effect. However, a general consent form shall instruct the patient that as part of the medical procedures or tests, the patient may be tested for human immunodeficiency virus infection, hepatitis, or any other blood-borne infectious disease if a doctor orders the test for diagnostic purposes. Except as otherwise provided in subsection (5)(c) of this section, the results of a test or procedure to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any probable causative agent of acquired immunodeficiency syndrome performed under the authorization of a general consent form shall be used only for diagnostic or other purposes directly related to medical treatment.

(3) In any emergency situation where informed consent of the patient cannot reasonably be obtained before providing health care services, there is no requirement that a health care provider obtain a previous informed consent.

(4) The physician who orders the test pursuant to subsections (1) and (2) of this section, or the attending physician, shall be responsible for informing the patient of the results of the test if the test results are positive for human immunodeficiency virus infection. If the tests are positive, the physician shall also be responsible for either:

(a) Providing information and counseling to the patient concerning his infection or diagnosis and the known medical implications of such status or condition; or

(b) Referring the patient to another appropriate professional or health care facility for the information and counseling.

(5) (a) No person in this state shall perform a test designed to identify the human immunodeficiency virus, or its antigen or antibody, without first obtaining the informed consent of the person upon whom the test is being performed, except as specified in subsections (2) and (3) of this section.

(b) No test result shall be determined as positive, and no positive test result shall be revealed to any person, without corroborating or confirmatory tests being conducted.

(c) No person, who has obtained or has knowledge of a test result pursuant to this section, shall disclose or be compelled to disclose the identity of any person upon whom a test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to the following persons:

1. The subject of the test or the subject's legally authorized representative;
2. Any person designated in a legally effective release of the test results executed prior to or after the test by the subject of the test or the subject's legally authorized representative;
3. A physician, nurse, or other health care personnel who has a legitimate need to know the test result in order to provide for his protection and to provide for the patient's health and welfare;
4. Health care providers consulting between themselves or with health care facilities to determine diagnosis and treatment;
5. The cabinet, in accordance with rules for reporting and controlling the spread of disease, as otherwise provided by state law;
6. A health facility or health care provider which procures, processes, distributes, or uses:
    a. A human body part from a deceased person, with respect to medical information regarding that person; or
    b. Semen provided prior to the effective date of this section for the purpose of artificial insemination;
7. Health facility staff committees, for the purposes of conducting program monitoring, program evaluation, or service reviews;
8. Authorized medical or epidemiological researchers who shall not further disclose any identifying characteristics or information;
9. ***A parent, foster parent, or legal guardian of a minor; a crime victim; or a person specified in Section 1 of this Act.***

10. A person allowed access by a court order which is issued in compliance with the following provisions:
    a. No court of this state shall issue an order to permit access to a test for human immunodeficiency virus performed in a medical or public health setting to any person not authorized by this section or by KRS 214.420. A court may order an individual to be tested for human immunodeficiency virus only if the person seeking the test results has demonstrated a compelling need for the test results which cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for testing and disclosure against the privacy interest of the test subject and the public interest which may be disserved by disclosure which deters blood, organ, and semen donation and future human immunodeficiency virus-related testing or which may lead to discrimination. This paragraph shall not apply to blood bank donor records;
    b. Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially, in documents not filed with the court;
    c. Before granting any order, the court shall provide the individual whose test result is in question with notice and a reasonable opportunity to participate in the proceedings if he is not already a party;
    d. Court proceedings as to disclosure of test results shall be conducted in camera, unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice;
    e. Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may have access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

No person to whom the results of a test have been disclosed shall disclose the test results to another person except as authorized by this subsection. When disclosure is made pursuant to this subsection, it shall be accompanied by a statement in writing which includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of such information without the specific written consent of the person to whom such information pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is NOT sufficient for this purpose." An oral disclosure shall be accompanied by oral notice and followed by a written notice within ten (10) days.

(6) (a) The Cabinet for Human Resources shall establish a network of voluntary human immunodeficiency virus testing programs in every county in the state. These programs shall be conducted in each public health department established under the provisions of KRS Chapter 211. Additional programs may be contracted to other private providers to the extent that finances permit and local circumstances dictate;

(b) Each public health department shall have the ability to provide counseling and testing for the human immunodeficiency virus to each patient who receives services and shall offer the testing on a voluntary basis to each patient who requests the test;

(c) Each public health department shall provide a program of counseling and testing for human immunodeficiency virus infection, on an anonymous or confidential basis, dependent on the patient's desire. The cabinet shall continue to provide for anonymous testing and counseling;

(d) The result of a serologic test conducted under the auspices of the cabinet shall not be used to determine if a person may be insured for disability, health, or life insurance or to screen or determine suitability for, or to discharge a person from, employment. Any person who violates the provisions of this subsection shall be guilty of a Class A misdemeanor.

(7) No public health department and no other person in this state shall conduct or hold themselves out to the public as conducting a testing program for acquired immunodeficiency syndrome, acquired immunodeficiency syndrome related complex, or human immunodeficiency virus status without first registering with the cabinet, complying with all other applicable provisions of state law, and meeting the following requirements:

(a) The program shall be directed by a person who has completed an educational course approved by the cabinet in the counseling of persons with acquired immunodeficiency syndrome, acquired immunodeficiency syndrome related complex, or human immunodeficiency virus infection;

(b) The program shall have all medical care supervised by a physician licensed under the provisions of KRS Chapter 311;

(c) The program shall have all laboratory procedures performed in a laboratory licensed under the provisions of KRS Chapter 333;

(d) Informed consent shall be required prior to testing. Informed consent shall be preceded by an explanation of the test, including its purpose, potential uses, and limitations and the meaning of its results;

(e) The program, unless it is a blood donor center, shall provide pretest counseling on the meaning of a test for human immunodeficiency virus, including medical indications for the test; the possibility of false positive or false negative results; the potential need for confirmatory testing; the potential social, medical, and economic consequences of a positive test result; and the need to eliminate high-risk behavior;

(f) The program shall provide supplemental corroborative testing on all positive test results before the results of any positive test is provided to the patient;

(g) The program shall provide post-test counseling, in person, on the meaning of the test results; the possible need for additional testing; the social medical, and economic consequences of a positive test result; and the need to eliminate behavior which might spread the disease to others;

(h) Each person providing post-test counseling to a patient with a positive test result shall receive specialized training, to be specified by regulation of the cabinet, about the special needs of persons with positive results, including recognition of possible suicidal behavior, and shall refer the patient for further health and social services as appropriate;

(i) When services are provided for a charge during pretest counseling, testing, supplemental testing, and post-test counseling, the program shall provide a complete list of all charges to the patient and the cabinet;

(j) Nothing in this subsection shall be construed to require a facility licensed under KRS Chapter 333 or a person licensed under the provisions of KRS Chapters 311, 312 or 313 to register with the cabinet if he does not advertise or hold himself out to the public as conducting testing programs for human immunodeficiency virus infection or specializing in such testing.

(8) Any violation of this section by a licensed health care provider shall be a ground for disciplinary action contained in the professional's respective licensing chapter.

(9) Except as provided in subsection (6)(d) of this section and KRS 304.12-013, insurers and others participating in activities related to the insurance application and underwriting process shall be exempt from this section.

(10) The cabinet shall develop a program standards consistent with the provisions of this section for counseling and testing persons for the human immunodeficiency virus.

Section 3. KRS 197.055 is amended to read as follows:

(1) The Department of Corrections, in conjunction with the Cabinet for Human Resources, shall establish a mandatory

introductory and continuing education program on human immunodeficiency virus and acquired immunodeficiency syndrome for all inmates. Programs shall be specifically designed for inmates while incarcerated and in preparation for release into the community. Consideration shall be given to cultural and other relevant differences among inmates in the development of educational materials and shall include emphasis on behavior and attitude change. The education program shall be continuously updated to reflect the latest medical information available.

(2) If there is evidence that an inmate, while in the custody of the department, has engaged in behavior which places the inmate at a high risk of transmitting or contracting a human immunodeficiency disorder, the department shall begin a testing program which is consistent with guidelines of the Centers for Disease Control and recommendations of the Correctional Medical Authority and shall target persons who have been involved in or reasonably thought to have been involved in a high risk behavior. For purposes of this subsection, "high-risk behavior" includes:

(a) Sexual contact with any person within the institution;

(b) The use of intravenous drugs;

(c) Tattooing; and

(d) Any other activity medically known to transmit the virus.

(3) The results of the tests shall become a part of that inmate's medical file, accessible only to persons designated by agency administrative regulations.

(4) The department shall establish policies consistent with guidelines of the Centers for Disease Control and recommendations of the Correctional Medical Authority on the housing, physical contact, dining, recreation, and exercise hours or locations for inmates with immunodeficiency disorders as are medically indicated and consistent with the proper operation of its facilities.

(5) The department shall report to the General Assembly by July 1 each year as to the implementation of this program and the participation by inmates and staff.

(6) If an inmate is involved in a situation with a department employee which could result, according to the institution's physician, in the transmission of the human immunodeficiency virus infection, the inmate shall be tested.

(7) All testing procedures, disclosure, and payment shall be pursuant to Section 1 of this Act.

HB 357, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.592 is amended to read as follows:

(1) "Hazardous position" means any position whose principal duties involve active law enforcement, including the positions of probation and parole officer and Commonwealth detective, active fire suppression or prevention, or other positions, including but not limited to pilots of the Transportation Cabinet ***and paramedics and emergency medical technicians***, with duties that require frequent exposure to a high degree of danger or peril and also require a high degree of physical conditioning. Hazardous positions shall include positions in the Department of Corrections in state correctional institutions and the Kentucky Correctional Psychiatric Center with duties that regularly and routinely require face-to-face contact with inmates.

(2) Each employer may request of the board hazardous duty coverage for those positions as defined in subsection (1) of this section, but a county, narrowly defined as one (1) of Kentucky's one hundred and twenty (120) counties, the provisions of KRS 78.510(3) notwithstanding, shall request hazardous duty coverage for its full-time paid firefighters. Upon request, each employer shall certify to the system, in the manner prescribed by the board, the names of all employees working in a hazardous position as defined in subsection (1) of this section for which coverage is requested. The certification of the employer shall bear the approval of the agent or agency responsible for the budget of the department or county indicating that the required employer contributions have been provided for in the budget of the employing department or county. The system shall determine whether the employees whose names have been certified by the employer are working in positions meeting the definition of a hazardous position as provided by subsection (1) of this section.

(3) (a) An employee determined by the system to be working in a hazardous position in accordance with subsection (2) of this section shall contribute, for each pay period for which he receives compensation, seven percent (7%) of his creditable compensation;

(b) Each employer shall pay employer contributions based on the creditable compensation of the employees determined by the system to be working in a hazardous position at the employer contribution rate as determined by the board. The rate shall be determined by actuarial methods consistent with the provisions of KRS 61.565;

(c) If the employer participated in the system prior to electing hazardous duty coverage, the employer may pay to the system the cost in order that the nonhazardous service be credited as hazardous service, or the employer may establish a payment schedule for payment of the cost of the hazardous service above that which would be funded within the existing employer contribution rate. The employer may extend the payment schedule to a maximum of thirty (30) years. Payments made by the employer under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members. If the employer elects not to make the additional payment, the employee may make the lump-sum payment in his own behalf or may pay by increments. Payments made by the employee under this subsection shall not be picked up, as described in KRS 61.560(4), by the employer. If neither the employer nor employee makes the payment, the service prior to hazardous coverage shall remain nonhazardous.

(4) The normal retirement age, retirement allowance, other benefits, eligibility requirements, rights, and responsibilities of a member in a hazardous position, as prescribed by subsections (1), (2), and (3) of this section, and the responsibilities, rights, and requirements of his employer shall be as prescribed for a member and employer participating in the State Police Retirement System as provided for by KRS 16.510 to 16.652, except the mandatory retirement provisions of KRS 16.576(1) and the maximum employment age in KRS 16.520(2) shall not be applicable.

(5) Any person employed in a hazardous position after July 1, 1972, shall be required to undergo a thorough medical examination by a licensed physician, and a copy of the medical report of the physician shall be retained on file by the employee's department or county and made available to the system upon request.

(6) If doubt exists regarding the benefits payable to a hazardous position employee under this section, the board shall determine the benefits payable under KRS 61.515 to 61.705, or 78.520 to 78.852, or 16.510 to 16.652.

(a) Schools shall expect a high level of achievement of all students.

(b) Schools shall develop their students' ability to:

1. Use basic communication and mathematics skills for purposes and situations they will encounter throughout their lives;

2. Apply core concepts and principles from mathematics, the sciences, the arts, the humanities, social studies, and practical living studies to situations they will encounter throughout their lives;

3. Become a self-sufficient individual;

4. Become responsible members of a family, work group, or community, including demonstrating effectiveness in community service;

5. Think and solve problems in school situations and in a variety of situations they will encounter in life; and

6. Connect and integrate experiences and new knowledge from all subject matter fields with what they have previously learned and build on past learning experiences to acquire new information through various media sources.

(c) Schools shall increase their students' rate of school attendance.

(d) Schools shall reduce their students' dropout and retention rates.

(e) Schools shall reduce physical and mental health barriers to learning.

(f) Schools shall be measured on the proportion of students who make a successful transition to work, post-secondary education, and the military.

(2) The Council on School Performance Standards shall employ necessary staff and shall be attached to the Department of Education for administrative purposes. Members of the council and its committees may receive reimbursement of actual expenses for attending meetings and may be reimbursed for other actual and necessary expenses incurred in the performance of their duties authorized by the council. The expenses shall be paid out of the appropriation for the council.

(3) *(a)* The Council on School Performance Standards shall establish a number of committees with statewide representation of certified personnel to frame the goals in measurable terms which specify the expected outcomes. The council shall make periodic progress reports and a final report by December 1, 1991, to the Governor, the State Board for Elementary and Secondary Education, and the Legislative Research Commission. After submitting its final report the council shall cease to exist. The State Board for Elementary and Secondary Education shall adopt the goals of the council.

(b) By December, 1994, the State Board for Elementary and Secondary Education shall review and revise the learner outcomes for the goals to assure that all outcomes are measurable.

(4) By July 1, 1993, the State Board for Elementary and Secondary Education shall disseminate to local school districts and schools a model curriculum framework which is directly tied to the goals, outcomes, and assessment strategies developed pursuant to this section and KRS 158.645 and 158.6453. The framework shall provide direction to local districts and schools as they develop their curriculum. The framework shall identify teaching and assessment strategies, instructional material resources, ideas on how to incorporate the resources of the community, a directory of model teaching sites, and alternative ways of using school time.

Section 1. KRS 158.6455 is amended to read as follows:

It is the intent of the General Assembly that schools succeed with all students and receive the appropriate consequences in proportion to that success.

(1) The State Board for Elementary and Secondary Education shall promulgate administrative regulations to establish a system of determining successful schools and dispensing appropriate rewards. The system shall be based on the following:

(a) A school shall be the unit of measure to determine success;

(b) School success shall be determined by measuring a school's improvement over a two (2) year period;

(c) A school shall be rewarded for an increased proportion of successful students, including those students who are at risk of school failure;

(d) A threshold level for school improvement shall be established by the board to determine the amount of success needed for a school to receive a reward. The threshold definition shall establish the percentage of increase required in a school's percentage of successful students as compared to a school's present proportion of successful students, with consideration given to the fact that a school closest to having one hundred percent (100%) successful students will have a lower percentage increase required;

(e) Rewards shall be given to the school on behalf of the full-time, part-time, and itinerant instructional staff of a school who generate the reward when the school achieves at least one percent (1%) gain over its threshold as defined in paragraph (d) of this subsection. Substitute teachers shall not be used in calculating the reward;

(f) Rewards shall be calculated by applying the percentage set by the General Assembly in the biennial budget to the current annual salary of each certified staff person employed in the school on the last working day of the year of the reward. The reward for part-time and itinerant staff shall be calculated for the proportion of time spent in the school. In determining the percentage to be applied to a school for calculation of the rewards for the school's staff, consideration shall be given to the fact that schools already having a high percentage of successful students shall have a lower requirement for a percentage increase in its number of successful students. The staff person's identity in connection to his share of the reward shall be maintained when his share of the reward is deposited to the school's account;

(g) The certified staff members shall by majority rule collectively decide on the ways the reward funds shall be spent.

Each individual staff person shall use the amount he earned in accordance with the decisions made by the total staff. Rewards shall not be added to a staff person's base salary and shall not be defined as compensation for retirement purposes under KRS 161.220(10); and

(h) The Department of Education shall send the school's reward to the local district office for transmittal to the school.

(2) The State Board for Elementary and Secondary Education, after adopting the goals of the Council on School Performance Standards and determining the definition of a successful student, shall adopt by administrative regulation the formula to be used to determine successful schools. The formula shall be a calculus of factors which reflect the school ***goals***[~~outcomes~~] described in KRS 158.6451***, except there shall be no measurement of the goals included in subsection (1)(b)3 and (1)(b)4***.

(3) A school that does not reach its threshold level as defined in paragraph (d) of subsection (1) of this section but maintains the previous proportion of successful students shall be required to develop a school improvement plan and shall be eligible to receive funds from the school improvement fund pursuant to KRS 158.805. A school that does not reach its threshold level but maintains the previous proportion of successful students after the second biennial review shall be required to meet the provisions of subsection (4) of this section.

(4) A school in which the proportion of successful students declines by less than five percent (5%) shall be required to develop a school improvement plan, shall be eligible to receive funds from the school improvement fund, and shall have one (1) or more Kentucky distinguished educators assigned to the school to carry out the duties as described in KRS 158.782. If the school does not meet its original threshold after the next biennial review, the school shall be subject to the requirements of subsection (5) of this section.

(5) ***(a) Except as provided in paragraph (b) of this subsection,*** a school in which the proportion of successful students declines by five percent (5%) or more shall be declared by the State Board for Elementary and Secondary Education to be a "school in crisis." When a school is declared to be a "school in crisis," the following actions shall be required:

1.[~~(a)~~] The full-time and part-time certified staff of that school shall be placed on probation;

2.[~~(b)~~] The principal shall immediately notify the students' parents of the students' right to transfer to a successful school, with procedures for initiating the request;

3.[~~(c)~~] Within thirty (30) days after the declaration by the state board under this subsection or no later than thirty (30) days before the start of the next school year, whichever is later, any student in that school may request and shall be allowed to transfer to a successful school as determined under the provisions of subsection (2) of this section. The superintendent shall select the receiving successful school in the home district or make arrangements with a neighboring district. If two (2) districts cannot agree, the superintendent of the student's resident district shall request the State Board for Elementary and Secondary Education to resolve the issue and make a decision on the placement of the student within thirty (30) days of the request. The board of the district in which the student resides shall be responsible for all tuition and transportation costs incurred as a result of a student transferring from a "school in crisis" to a successful school. If a decline in student enrollment causes overstaffing at the "school in crisis," personnel shall be reduced or transferred pursuant to KRS 161.760 and 161.800.

4.[~~(d)~~] One (1) or more Kentucky distinguished educators shall be assigned to the school by the commissioner of education to carry out the duties as described in KRS 158.782. Notwithstanding any other statute to the contrary, at the end of six (6) months, the Kentucky distinguished educator shall evaluate and make a recommendation to the superintendent regarding the retention, dismissal, or transfer of each full-time and part-time certified staff member. Recommendations for transfer shall conform to any employer-employee bargained contract which is in effect. Recommendations for dismissal shall be binding on the superintendent who shall notify the staff member pursuant to KRS 161.790. This evaluation process shall continue every six (6) months until the school is no longer a "school in crisis" as determined by the State Board for Elementary and Secondary Education; and

5.[~~(e)~~] The school shall be required to develop a school improvement plan and shall be eligible to receive funds from the school improvement fund.

(b) A school qualifying as a "school in crisis" pursuant to paragraph (a) of this subsection on the basis of the 1993-1994 school year assessment shall be subject to subsection (4) of this section until the school's threshold level is calculated for the 1995-1996 school year.

(6) The State Board for Elementary and Secondary Education shall develop a system of rewards and sanctions for certified staff who are not assigned to a school in a local school district. The system shall be analogous to the system described in subsections (1) through (5) of this section. Rewards shall be given to non-school-based staff when the district's proportion of successful students increases above a threshold adopted by the state board and comparable to the threshold adopted for schools. Sanctions shall be imposed when the proportion of successful students in the district declines in the same proportion used to determine school sanctions under subsections (3), (4), and (5) of this section. A school district

that does not meet its threshold shall be required to develop a district improvement plan defined in KRS 158.650.

(7) *(a) Except as provided in paragraph (b) of this subsection,* a school district in which the proportion of successful students declines by five percent (5%) or more shall be assigned one (1) or more Kentucky distinguished educators to assist the system, evaluate personnel, and notwithstanding any other statute to the contrary, make personnel recommendations every six (6) months on retention, dismissal, or transfer. Personnel recommendations shall be made to the superintendent. Recommendations on the superintendent's status shall be made to the local board of education. If the recommendation is to terminate the superintendent, the board shall terminate the contract pursuant to KRS 160.350. If a district has a declining proportion of successful students for two (2) consecutive biennial assessment periods, the district shall be declared an education development district pursuant to KRS 158.685 and the board members and the superintendent shall be removed under the provisions of KRS 156.132 and 156.136.

(b) A school district qualifying for sanctions pursuant to paragraph (a) of this subsection on the basis of the 1993-1994 school year assessment shall be subject to subsection (6) of this section until the district's threshold level is calculated for the 1995-1996 school year.

(8) The State Board for Elementary and Secondary Education shall adopt administrative regulations to establish a process whereby a school shall be allowed to appeal a performance judgment which it considers grossly unfair. The state board may adjust a performance judgment on appeal when evidence of highly unusual circumstances warrants the conclusion that the performance judgment is based on fraud or a mistake in computations, is arbitrary, is lacking any reasonable basis, or when there are significant new circumstances occurring during the biennial assessment period which are beyond the control of the school."

(6) Registrants desiring to renew registrations shall file with the department an application for renewal prior to January 1. Any registration in effect on the 31st day of December and for which a renewal application has been made and the proper fee paid shall continue in full force and effect until such time as the department has notified the applicant that the registration has been renewed, or denied;

(7) If the renewal of a pesticide registration is not filed prior to January 15 of any year, or if a new product is sold or offered for sale prior to registration an additional fee of ten dollars ($10) shall be assessed and added to the original fee before the registration of that pesticide is renewed or a new registration is accepted; provided, that such additional fee shall not apply if the applicant furnishes an affidavit certifying that he did not distribute such unregistered pesticides during the period of nonregistration. SECTION 2. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

It shall be the responsibility of the Cabinet for Human Resources and the Department for Medicaid Services to control recipient and provider fraud and abuse by:

(2) Establishing appropriate checks and audits within the Medicaid Management Information System to detect possible instances of fraud and abuse;

(1) To implement provisions of this section, the Commissioner of the Department for Medicaid Services shall create, no later than July 30, 1994, a Recipient Utilization Review Committee with the authority to:

(4) When a medical assistance recipient whose eligibility has been revoked due to defrauding of the medical assistance program reapplies for coverage, during the period of revocation, due to pregnancy, a communicable disease or other condition that creates a risk to public health, or a condition which if not treated could result in immediate grave bodily harm, the recipient utilization review committee for the Department for Medicaid Services may change the revoked status of the previously eligible recipient to restricted status if it has been determined that it would be in the best interest of the previously eligible medical assistance recipient to receive coverage for medical assistance services and the person is otherwise eligible. If this change in status is granted, the case shall be reconsidered by the recipient utilization review committee within sixty (60) days after the restricted status takes effect.

(5) Upon determination by the Recipient Utilization Review Committee of the Department for Medicaid Services that a medical assistance recipient has abused the benefits of the medical assistance program, the recipient shall immediately be assigned and restricted to a managed care primary physician designated by the Department for Medicaid Services. Except in the case of an emergency as defined by the recipient utilization review committee and set forth by the Cabinet for Human Resources in an administrative regulation promulgated pursuant to KRS Chapter 13A, the restricted recipient shall be eligible to receive covered services only upon presenting to a participating provider, prior to the receipt of services, a dated written referral by the assigned managed care primary physician. (6) The Cabinet for Human Resources shall request any waivers of federal law that are necessary to implement the provisions of this section.

(7) The provisions of paragraphs (d) and (e) of subsection (1) of this section and of subsections (3), (4), and (5) of this section shall have no force or effect until and unless the requested waivers are granted.

Money in hand shall be listed, assessed, and valued as of September 1 of each year. Shares of stock, notes, bonds, accounts, and other credits, whether secured by mortgage, pledge, or otherwise, or unsecured, and all interest in ***the*** [~~such~~] property, unless otherwise provided by law, shall be listed, assessed, and valued as of the beginning of business on January 1 of each year. (2) Any taxpayer may list his property in person before the property valuation administrator or his deputy, or may file a property tax return by first class mail. Any real property correctly and completely described in the assessment record for the previous year, or purchased during the preceding year and for which a value was stated in the deed according to the provisions of KRS 382.135, may be considered by the owner to be listed for the current year if no changes that could potentially affect the assessed value have been made to the property. However, if requested in writing by the property valuation administrator or by the Revenue Cabinet, any real property owner shall submit a property tax return to verify existing information or to provide additional information for assessment purposes. Any real property which has been underassessed as a result of the owner intentionally failing to provide information, or intentionally providing erroneous

(4) Real property shall be assessed in the name of the owner, if ascertainable by the property valuation administrator, otherwise in the name of the occupant, if ascertainable, and otherwise to "unknown owner." (5) Real property tax roll entries for which tax bills have not been collected for more than one (1) year, and for which the property valuation administrator cannot physically locate and identify the real property, shall be deleted. The property valuation administrator shall keep a record, which shall be open under the provisions of KRS 61.870 to 61.884, of these entries. If, at any time, one of these entries is determined to represent a valid parcel of property it shall be assessed as omitted property under the provisions of KRS 132.290.

(6) All real property exempt from taxation by Section 170 of the Constitution shall be listed with the property valuation administrator in the same manner and at the same time as taxable real property. A copy of this tax-exempt inventory shall be filed annually with the Revenue Cabinet within thirty (30) days of the close of the listing period. This inventory shall be in the form prescribed by the Revenue Cabinet. The Revenue Cabinet shall make an annual report itemizing all exempt properties to the Governor and the Legislative Research Commission within sixty (60) days of the close of the listing period.

(7) Each property valuation administrator, under the direction of the Revenue Cabinet, shall review annually all real property listed with him under subsection (6) of this section and claimed to be exempt from taxation by Section 170 of the Constitution. The property valuation administrator shall place on the tax rolls all property that is not exempt. Any property valuation administrator who fails to comply with this subsection shall be subject to the penalties prescribed in KRS 132.990(2).

The purpose of the consumer's guide shall be to improve the buyer's ability to select the most appropriate long-term care coverage and to improve the buyer's understanding of long-term care. The consumer's guide shall contain, at a minimum, the following information:

(a) Definitions of long-term care services provided in Kentucky, the cost of services, sources of payment for long-term care, and eligibility for assistance programs;

(b) Factors that affect premium rates, such as age, deductibles, duration of benefits, and daily benefits paid;

(2) The commissioner shall distribute, free of charge, a copy of the consumer's guide to long-term care insurance to any person upon request.

(3) The commissioner shall assess against insurers writing long term health care insurance in Kentucky on an equitable basis the cost of compiling, printing, and distributing the consumer's guide to long-term care.

Section 8. KRS 304.14-615 is amended to read as follows:

(1) The commissioner shall promulgate administrative regulations that include standards for full and fair disclosure setting forth the manner, content, and require disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation of conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions, and definitions of terms.

(2) A long-term care insurance policy shall not:

(a) Be canceled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder;

(b) Contain a provision establishing a new waiting period in the event existing coverage is covered to or replaced by a new or other form within the same insurer, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

(c) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than coverage for lower levels of care.

(3) (a) A long-term care insurance policy or certificate, other than a policy or certificate thereunder issued to a group defined in KRS 304.14-600(4)(a), shall not use a definition of "preexisting condition" which is more restrictive than the following: "Preexisting condition means a condition for which medical services or treatment was recommended by, or received from, a provider of health care services within six (6) months preceding the effective date of coverage of an insured person."

(b) A long-term care insurance policy or certificate, other than a policy or certificate under a policy issued to a group as defined in KRS 304.14-600(4)***(a)***[~~(c)~~], shall not exclude coverage for a loss or confinement which is the result of a preexisting condition unless that loss or confinement begins within six (6) months following the effective date of coverage of an insured person.

(c) The commissioner may extend the limitation periods set forth in subsection (3)(a) and (b) of this section as to specific age group categories in specific policy forms upon finding that the extension is in the best interest of the public.

(d) The definition of "preexisting condition" does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in paragraph (b) of this subsection expires. A long-term care insurance policy or certificate shall not exclude or use waivers or riders of any kind to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in paragraph (b) of this subsection.

(4) (a) A long-term care insurance policy shall not be delivered or issued for delivery in this Commonwealth if the policy:

2. Conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or

3. Conditions eligibility for any benefits other than waiver of premium, post-confinement, post-acute care, or recuperative benefits on a prior institutionalization requirement.

(b) 1. A long-term care insurance policy containing post-confinement, post-acute care, or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled "limitations or conditions on eligibility for benefits" the limitations or conditions, including any required number of days of confinement.

2. A long-term care insurance policy or rider which conditions eligibility of noninstitutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty (30) days.

(5) The commissioner may promulgate administrative regulations establishing loss ratio standards for long-term care insurance policies if a specific reference to long-term care insurance policies is contained in the administrative regulations.

(6) Long-term care insurance applicants shall have the right to return the policy or certificate within thirty (30) days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. (8) "Issuer" means any person who issues or proposes to issue any security, except that with respect to certificates of deposit, voting trust certificates, or collateral-trust certificates, or with respect to certificates of interest or shares in an unincorporated investment trust not having a board of directors (or persons performing similar functions) or of the fixed, restricted management, or unit type, the term "issuer" means the person or persons performing the acts and assuming the duties of depositor or manager pursuant to the provisions of the trust or other agreement or instrument under which the security is issued, and except that with respect to fractional undivided interests in oil, gas or other mineral rights, the term "issuer" means the owner of any such right or of an interest in such right (whether whole or fractional) who creates fractional interests therein for the purpose of distribution;

(9) "Nonissuer" means not directly or indirectly for the benefit of the issuer;

(10) "Person" means an individual, a corporation, a partnership, an association, a joint-stock company, a trust where the interests of the beneficiaries are evidenced by a security, an unincorporated organization, a government, or a political subdivision of a government;

(11) "Sale" or "sell" includes every contract of sale of, contract to sell, or disposition of, a security or interest in a security for value. "Offer" or "offer to sell" includes every attempt to offer to dispose of, or solicitation of an offer to buy, a security or interest in a security for value. Any security given or delivered with, or as a bonus on account of, any purchase of securities or any other thing is considered to constitute part of the subject of the purchase and to have been offered and sold for value. A purported gift of assessable stock is considered to involve an offer and sale. Every sale or offer of a warrant or right to purchase or subscribe to another security of the same or another issuer, as well as every sale or offer, of a security which gives the holder a present or future right or privilege to convert into another security of the same or another issuer, is considered to include an offer of the other security;

(12) "Securities Act of 1933," "Securities Exchange Act of 1934," "Public Utility Holding Company Act of 1935," and "Investment Company Act of 1940" mean the federal statutes of those names as amended before or after January 1, 1961;

(13) "Security" means any note, stock, treasury stock, bond, debenture, evidence of indebtedness, certificate of interest or participation in any profit-sharing agreement, collateral-trust certificate, preorganization certificate or subscription, transferable share, investment contract, voting-trust certificate, certificate of deposit for a security; fractional undivided interest in oil, gas or other mineral rights; or, in general, any interest or instrument commonly known as a "security," or any certificate of interest in or participation in, temporary or interim certificate for, receipt for, guarantee of, or warrant or right to subscribe to or purchase, any of the foregoing. "Security" does not include any insurance or endowment policy or annuity contract or variable annuity contract issued by any insurance company;

(14) "State" means any state, territory, or possession of the United States, as well as the District of Columbia and Puerto Rico;

(15) Nothing in this section shall be construed to affect the classification of property for ad valorem tax purposes.

Section 3. KRS 292.320 is amended to read as follows:

(1) It is unlawful for any person, in connection with the offer, sale or purchase of any security, directly or indirectly:

(a) To employ any device, scheme, or artifice to defraud;

(b) To make any untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading; or

(c) To engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person.

(2) It is unlawful for any person who receives any consideration from another person primarily for advising the other person as to the value of securities or their purchase or sale, whether through the issuance of analyses or reports or otherwise:

(a) To employ any device, scheme, or artifice to defraud the other person; or

(b) To engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon the other person.

(3) It is unlawful for any investment adviser to enter into, extend, or renew any investment advisory contract unless it provides in writing:

(a) That the investment adviser shall not be compensated on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of the client;

(b) That no assignment of the contract may be made by the investment adviser without the consent of the other party to the contract; and

(c) That the investment adviser, if a partnership, shall notify the other party to the contract of any change in the membership of the partnership within a reasonable time after the change.

(4) Paragraph (a) of subsection (3) of this section does not prohibit an investment advisory contract which provides for compensation based upon the total value of a fund averaged over a definite period, or as of definite dates or taken as of a definite date. Paragraph (a) of subsection (3) of this section shall not prohibit investment advisers to investment companies as defined in the Investment Company Act of 1940 from charging any incentive compensation fee not in violation of the Investment Company Act of 1940 or the rules and regulations promulgated by the Securities and Exchange Commission thereunder, provided that the ***commissioner*** [~~director~~] shall approve in writing the incentive compensation fee arrangement as being fair and reasonable. "Assignment", as used in paragraph (b) of subsection (3) of this section includes any direct or indirect transfer or hypothecation of an investment advisory contract by the assignor or of a controlling block of the assignor's outstanding voting securities by a security holder of the assignor; but, if the investment adviser is a partnership, no assignment of an investment advisory contract is considered to result from the death or withdrawal of a minority of the members of the investment adviser having only a minority interest in the business of the investment adviser, or from the admission to the investment adviser of one or more members who, after admission, will be only a minority of the members and will have only a minority interest in the business.

Section 4. KRS 292.325 is amended to read as follows:

The ***commissioner*** [~~director~~] may by rule or order require the filing of any prospectus, pamphlet, circular, form letter, advertisement, or other sales' literature, radio, television, or other advertising communication addressed or intended for distribution to prospective investors, including clients or prospective clients of an investment adviser, as part of a registered offering or as a part of an exemption offering required to be filed under KRS 292.415.

Section 5. KRS 292.330 is amended to read as follows:

(1) It is unlawful for any person to transact business in this state as a broker-dealer or agent, unless he is registered under this chapter. It is unlawful for any broker-dealer or issuer to employ an agent unless the agent is registered. It is unlawful for any person to transact business in this state as an investment adviser unless:

(a) He is so registered under this chapter, or

(b) He is registered as a broker-dealer under this chapter, or

(c) His only clients in this state are investment companies as defined in the Investment Company Act of 1940 or insurance companies.

(2) A broker-dealer, agent, or investment adviser may apply for registration by filing with the ***commissioner*** [~~director~~] or the ***commissioner's*** [~~director's~~] designee an application together with a consent to service of process pursuant to KRS 292.430 and payment of the fee prescribed in subsection (10). Registration of a broker-dealer automatically constitutes registration of any agent who is a partner, officer or director or a person occupying a similar status or performing similar functions (except any partner, officer or director or other such person whose registration as an agent is denied, suspended or revoked under subsection (12)) without the filing of applications for registration as agents or the payment of fees for registration as agents. The application shall contain whatever information the ***commissioner*** [~~director~~] requires concerning such matters as:

(a) The applicant's form and place of organization;

(b) The applicant's proposed method of doing business;

(c) The qualifications and business history of the applicant and in the case of a broker-dealer or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser; and in the case of an investment adviser, the qualifications and business history of an employee;

(d) Any injunction or administrative order or conviction of a misdemeanor involving a security or any aspect of the securities business and any conviction of a felony; and

(e) The applicant's financial condition and history.

(3) If no denial order is in effect and no proceeding is pending under subsection (12), registration becomes effective at noon of the thirtieth day after an application is filed. The ***commissioner*** ~~[director]~~ may specify an earlier effective date and he may by order defer the effective date until noon of the thirtieth day after the filing of any amendment. The ***commissioner*** ~~[director]~~ may by rule establish a procedure for transfer of an agent whereby registration may become effective prior to the filing of an application; but any registration so transferred shall not be effective for more than thirty (30) days, unless within that thirty (30) days a properly completed application is filed.

(4) The ***commissioner*** ~~[director]~~ may require as a condition of registration that the applicant (and, in the case of a corporation or partnership, the officers, directors or partners) pass a written examination as evidence of knowledge of the securities business.

(5) The ***commissioner*** ~~[director]~~ may by rule require the existence and maintenance of a minimum liquid net capital for registered broker-dealers and investment advisers and a minimum ratio between net capital and aggregate indebtedness, or both.

(6) The ***commissioner*** ~~[director]~~ may by rule require registered broker-dealers, agents and investment advisers to post surety bonds in an amount up to $25,000, and may determine their conditions, except under this subsection that no such bond may be required of any registrant whose net capital exceeds $100,000. An appropriate deposit of cash or securities shall be accepted in lieu of any required surety bond. Every surety bond shall provide for suit thereon by any person who has a cause of action under KRS 292.480, and every such bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within two (2) years after the sale or other act upon which it is based.

(7) The ***commissioner*** ~~[director]~~ may by rule require registered broker-dealers to carry fidelity bonds, covering its agents, general partners, and officers, in such form, covering such risks, and in such amounts (not exceeding $250,000) as he deems necessary for the protection of the public; and he may by rule require registered broker-dealers to furnish satisfactory evidence that they have such bonds.

(8) Every registration of a broker-dealer, agent or investment adviser shall be effective until December 31 of the year of registration unless the ***commissioner*** ~~[director]~~ by rule extends or lessens such registration and may be renewed as hereinafter provided. The ***commissioner*** ~~[director]~~ may by rule increase or reduce the registration fee set forth in subsection (10) of this section should such registration period be extended or lessened. The registration of an agent is not effective during any period when he is not associated with an issuer or a registered broker-dealer specified in his application or a notice filed with the ***commissioner*** ~~[director]~~ or the ***commissioner's*** ~~[director's]~~ designee. When an agent begins or terminates a connection with an issuer or registered broker-dealer, the agent and the issuer or broker-dealer shall promptly notify the ***commissioner*** ~~[director]~~ or the ***commissioner's*** ~~[director's]~~ designee.

(9) Registration of a broker-dealer, agent or investment adviser may be renewed by filing with the ***commissioner*** ~~[director]~~ or the ***commissioner's*** ~~[director's]~~ designee prior to the expiration thereof an application containing such information as the ***commissioner*** ~~[director]~~ may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, agent or investment adviser filed with the ***commissioner*** ~~[director]~~ or the ***commissioner's*** ~~[director's]~~ designee by the applicant, payment of the prescribed fee and, in the case of a broker-dealer, a financial statement showing the financial condition of such broker-dealer as of a date within ninety (90) days. A registered broker-dealer or investment adviser may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year without payment of any fee.

(10) The fee for initial or renewal registration shall be one hundred twenty dollars ($120) for a broker-dealer, one hundred dollars ($100) for an investment adviser, fifty dollars ($50) for an agent, and fifty dollars ($50) for transfer of an agent, none of which fees shall be refundable.

(11) (a) Every registered broker-dealer and investment adviser shall make and keep all accounts, correspondence, memoranda, papers, books, and other records which the ***commissioner*** ~~[director]~~ by rule prescribes. All records required shall be preserved for three (3) years unless the ***commissioner*** ~~[director]~~ by rule prescribes otherwise for particular types of records. All required records shall be kept within this state or shall, at the request of the ***commissioner*** ~~[director]~~, be made available at any time for examination by him either in the principal office of the registrant or by production of exact copies thereof in this state.

(b) Every registered broker-dealer and investment adviser shall file such reports as the ***commissioner*** ~~[director]~~ by rule prescribes.

(c) If the information contained in any document filed with the ***commissioner*** ~~[director]~~ or the ***commissioner's*** ~~[director's]~~ designee is or becomes inaccurate or incomplete in any material respect, the broker-dealer shall promptly file a correcting amendment.

(d) The ***commissioner*** ~~[director]~~ may make periodic examinations, within or without this state, of each broker-dealer and investment adviser at such times and in such scope as he determines. These examinations may be made without prior notice to the broker-dealer or investment adviser. The expense reasonably attributable to any such examination shall be paid by the broker-dealer or investment adviser whose business is examined but the expense so payable shall not exceed an amount which the ***commissioner*** ~~[director]~~ by rule prescribes. For the purpose of avoiding unnecessary duplication of examinations, the ***commissioner*** ~~[director]~~, insofar as he deems it practicable in administering this subsection, may cooperate with securities administrators of other states, the securities and exchange commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934.

(e) The ***commissioner*** ~~[director]~~ may by rule prohibit unreasonable charges, profits, commissions or other compensation of broker-dealers and investment advisers.

(f) The ***commissioner*** ~~[director]~~ may prescribe rules for the conduct of business by broker-dealers and investment advisers which he finds appropriate in the public interest and for the protection of investors.

(g) The ***commissioner*** ~~[director]~~ may enter into an arrangement, agreement, or other working relationship with federal, other state and self-regulatory authorities whereby documents may be filed and maintained in a central depository system with the National Association of Securities Dealers or other agencies or authorities. It is the intent of this paragraph that the ***commissioner*** ~~[director]~~ be provided power to reduce duplication of filings, reduce administrative costs and establish uniform procedures, forms, and administration with the states and federal authorities. The ***commissioner*** ~~[director]~~ may permit initial and renewal registration filings required under this chapter to be filed with the securities and exchange commission, the National Association of Securities Dealers or other similar authorities. The ***commissioner*** ~~[director]~~ may accept uniform securities examinations or other procedures designed to implement a uniform national securities regulatory system or facilitate common practices and procedures among the states.

(12) (a) The ***commissioner*** ~~[director]~~ may by order deny, suspend or revoke registration of any broker-dealer, agent or investment adviser if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer, or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser:

1. Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;
2. Has willfully violated or willfully failed to comply with any provision of this chapter or a predecessor law or any rule or order under this chapter or a predecessor law;
3. Has been convicted, within the past ten (10) years, of any misdemeanor involving a security or any aspect of the securities business, or any felony, or has pending against him any such criminal charge;
4. Is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;
5. Is the subject of an order of the ***commissioner*** ~~[director]~~ denying, suspending, or revoking registration as a broker-dealer, agent, or investment adviser;
6. Is the subject of an order entered within the past five (5) years by the securities administrator of any other state or by the securities and exchange commission denying or revoking registration as a broker-dealer or agent, or the substantial equivalent of those terms as defined in this chapter, or is the subject of an order of the securities and exchange commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States post-office fraud order; but a. the ***commissioner*** ~~[director]~~ may not institute a revocation or suspension proceeding under this paragraph more than one (1) year from the date of the order relied on, and b. he may not enter any order under this paragraph on the basis of an order unless that order was based on facts which would currently constitute a ground for an order under this section;
7. Has engaged in dishonest or unethical practices in the securities business;
8. Is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the ***commissioner*** ~~[director]~~ may not enter an order against a broker-dealer or investment adviser under this paragraph without a finding of insolvency as to the broker-dealer or investment adviser; or
9. Is not qualified on the basis of such factors as training, experience, or knowledge of the securities business, except as provided in paragraph (b) below; or the ***commissioner*** ~~[director]~~ may by order, deny, suspend or revoke any registration if he finds that the order is in the public interest and that the applicant or registrant:
    a. Has failed reasonably to supervise his agents if he is a broker-dealer or his employees if he is an

investment adviser; or

b. Has failed to pay the proper filing fee; but the ***commissioner*** ~~[director]~~ may enter only a denial order under this clause, and he shall vacate any such order when the deficiency has been corrected.

The ***commissioner*** ~~[director]~~ may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within the next thirty (30) days.

(b) The following provisions govern the application of subparagraph 9 of paragraph (a) of this subsection:

1. The ***commissioner*** ~~[director]~~ may not enter an order against a broker-dealer on the basis of the lack of qualification of any person other than the broker-dealer himself if he is an individual or an agent of the broker-dealer;

2. The ***commissioner*** ~~[director]~~ may not enter an order against an investment adviser on the basis of the lack of qualification of any person other than the investment adviser himself if he is an individual or any other person who represents the investment adviser in doing any of the acts which make him an investment adviser;

3. The ***commissioner*** ~~[director]~~ may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both;

4. The ***commissioner*** ~~[director]~~ shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer;

5. The ***commissioner*** ~~[director]~~ shall consider that an investment adviser is not necessarily qualified solely on the basis of experience as a broker-dealer or agent. When he finds that an applicant for initial or renewal registration as a broker-dealer is not qualified as an investment adviser, he may by order condition the applicant's registration as a broker-dealer upon his not transacting business in this state as an investment adviser;

6. The ***commissioner*** ~~[director]~~ may by rule provide for an examination, which may be written or oral or both, to be taken by any class of or all applicants, as well as persons who represent or will represent an investment adviser in doing any of the acts which make him an investment adviser.

(c) The ***commissioner*** ~~[director]~~ may by order summarily postpone or suspend registration pending final determination of any proceeding under this section. Upon the entry of the order, the ***commissioner*** ~~[director]~~ shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent, that it has been entered and of the reasons therefor and that within fifteen (15) days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the ***commissioner*** ~~[director]~~, the order will remain in effect until it is modified or vacated by the ***commissioner*** ~~[director]~~. If a hearing is requested or ordered, the ***commissioner*** ~~[director]~~, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(d) If the ***commissioner*** ~~[director]~~ finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, agent, or investment adviser, or is subject to an adjudication of mental disability or to the control of a conservator or guardian, or cannot be located after reasonable search, the ***commissioner*** ~~[director]~~ may by order cancel the registration or application.

(e) Withdrawal from registration as a broker-dealer, agent, or investment adviser becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the ***commissioner*** ~~[director]~~ may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within thirty (30) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the ***commissioner*** ~~[director]~~ by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the ***commissioner*** ~~[director]~~ may nevertheless institute a revocation or suspension proceeding under subparagraph 2. of paragraph (a) of this subsection within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

(f) No order may be entered under any part of this section except the first sentence of paragraph (c) of this subsection without appropriate prior notice to the applicant or registrant (as well as the employer or prospective employer if the applicant or registrant is an agent), opportunity for hearing, and written findings of fact and conclusions of law.

Section 6. KRS 292.350 is amended to read as follows:

(1) The following securities may be registered by notification, whether or not they are also eligible for registration by coordination under KRS 292.360:

(a) Any security whose issuer and any predecessors have been in continuous operation for at least five (5) years if:

1. There has been no default during the current fiscal year or within the three (3) preceding fiscal years in the payment of principal, interest, or dividends on any security of the issuer (or any predecessor) with a fixed maturity or a fixed interest or dividend provision; and

2. The issuer and any predecessors during the past three (3) fiscal years have had average net earnings, determined in accordance with generally accepted accounting practices, which are applicable to all securities without a fixed maturity or a fixed interest or dividend provision and which equal at least five percent (5%) of the amount of securities without a fixed maturity or a fixed interest or dividend provision outstanding at the date the registration statement is filed (as measured by the maximum offering price or the market price on a day selected by the registrant within thirty (30) days before the date of filing the registration statement, whichever is higher, or if there is neither a readily determinable market price nor an offering price, book value on a day selected by the registrant within ninety (90) days of the date of filing the registration statement), or if the issuer and any predecessors have not had any securities without a fixed maturity or a fixed interest or dividend provision outstanding for three (3) full fiscal years, equal at least five percent (5%) of the amount (as measured by the maximum public offering price) of such securities which will be outstanding if all the securities being offered or proposed to be offered (whether or not they are proposed to be registered or offered in this state) are issued;

(b) Any security registered for nonissuer distribution if any security of the same class has ever been registered under this chapter or a predecessor law, or the security being registered was originally issued pursuant to an exemption under this chapter or a predecessor law or, if previously publicly offered and sold, was not offered and sold within this state.

(2) A registration statement under this section shall contain the following information and be accompanied by the following documents, in addition to payment of the registration fee prescribed in KRS 292.380 and, if required under KRS 292.430, a consent to service of process meeting the requirements of that section:

(a) A statement demonstrating eligibility for registration by notification;

(b) With respect to the issuer: its name, address, and form of organization; the state (or foreign jurisdiction) and the date of its organization; and the general character and location of its business;

(c) With respect to any person on whose behalf any part of the offering is to be made, if such person is an officer, director, partner or any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the issuer, his name and address; the amount of securities held by him as of the date of the filing of the registration statement; and a statement of his reasons for making the offering;

(d) A description of the securities being registered;

(e) Total amount of securities to be offered and amount of securities to be offered in this state;

(f) The price at which the securities are to be offered for sale to the public, if other than at the market price thereof; any known variation therefrom at which any portion of the offering is to be made to any persons, other than as underwriting and selling discounts or commissions; and the estimated maximum aggregate underwriting and selling discounts or commissions and finders' fees (including cash, securities, or anything else of value, if any);

(g) Names and addresses of the managing underwriters, if any, and a description of the plan of distribution, if any, of any securities which are to be offered otherwise than through an underwriter;

(h) Description of any security options outstanding or to be created in connection with the offering;

(i) Any adverse order, judgment or decree previously entered in connection with the securities being registered by any court or securities and exchange commission;

(j) A copy of any offering circular or prospectus, if any, intended, or ordered by the ***commissioner*** ~~[director]~~, to be used in connection with the offering;

(k) In the case of any registration under paragraph (b) of subsection (1) which does not also satisfy the conditions of paragraph (a) of subsection (1), a certified balance sheet of the issuer as of its last fiscal year ended and a balance sheet of the issuer as of a date within four (4) months prior to the filing of the registration statement and a statement of income for each of the two (2) fiscal years preceding the date of the certified balance sheet, the last of which is to be certified, and for any period between the close of the last fiscal year and the date of the last balance sheet or for the period of the issuer's and any predecessor's existence if less than two (2) years; and

(l) Such additional information as the ***commissioner*** ~~[director]~~ may by rule or order require.

(3) If no stop order is in effect and no proceeding is pending under KRS 292.390, a registration statement under this section automatically becomes effective at three o'clock eastern standard time in the afternoon (3:00 p.m.) of the fifth full business day after the filing of the registration statement or the last amendment, or at such earlier time as the ***commissioner*** ~~[director]~~ determines.

Section 7. KRS 292.360 is amended to read as follows:

(1) Any security for which a registration statement has been filed under the Securities Act of 1933 in connection with the same offering may be registered by coordination.

(2) A registration statement under this section shall contain the following information and be accompanied by the following documents, in addition to payment of the registration fee prescribed in KRS 292.380, and, if required under KRS 292.430, a consent to service of process meeting the requirements of that section:

(a) Three copies of the latest form of prospectus filed under the Securities Act of 1933 together with all amendments thereto;

(b) The amount of securities to be offered in this state;

(c) The states in which a registration statement or similar document in connection with the offering has been or is expected to be filed;

(d) Any adverse order, judgment or decree previously entered in connection with the offering by any court or the Securities and Exchange Commission;

(e) If the ***commissioner*** [~~director~~] by rule or otherwise requires, a copy of the articles of incorporation and bylaws (or their substantial equivalents) currently in effect, a copy of any agreements with or among underwriters, a copy of any indenture or other instrument governing the issuance of the security to be registered, and a specimen or copy of the security;

(f) If the ***commissioner*** [~~director~~] requests, any other information, or copies of any other documents, filed under the Securities Act of 1933; and

(g) An undertaking to forward promptly all amendments to the federal registration statement, other than an amendment which merely delays the effective date.

(3) A registration statement under this section automatically becomes effective at the moment the federal registration statement becomes effective if all the following conditions are satisfied:

(a) No stop order is in effect and no proceeding is pending under KRS 292.390;

(b) The registration statement has been on file with the ***commissioner*** [~~director~~] for at least ten days; and

(c) A statement of the maximum and minimum proposed offering prices and the maximum underwriting discounts and commissions has been on file for two full business days or such shorter period as the ***commissioner*** [~~director~~] permits by rule or otherwise and the offering is made within those limitations. The registrant shall promptly notify the ***commissioner*** [~~director~~] by telephone or telegram of the date and time when the federal registration statement became effective and the content of the price amendment, if any, and shall promptly file a post-effective amendment, containing the information and documents in the price amendment. "Price amendment" means the final federal amendment which includes a statement of the offering price, underwriting and selling discounts or commissions, amount of proceeds, conversion rates, call prices, and other matters dependent upon the offering price.

(4) Upon failure to receive the required notification and post-effective amendment with respect to the price amendment, the ***commissioner*** [~~director~~] may enter a stop order, without notice or hearing, retroactively denying effectiveness to the registration statement or suspending its effectiveness until compliance with subsection (3) of this section, if he promptly notifies the registrant by telephone or telegram (and promptly confirms by letter or telegram when he notifies by telephone) or the issuance of the order. If the registrant proves compliance with the requirements of subsection (3) of this section as to notice and post-effective amendment, the stop order is void as of the time of its entry. The ***commissioner*** [~~director~~] may by rule or otherwise waive either or both of the conditions specified in paragraphs (b) and (c) of subsection (3) of this section. If the federal registration statement becomes effective before all these conditions are satisfied and they are not waived, the registration statement automatically becomes effective as soon as all the conditions are satisfied. If the registrant advises the ***commissioner*** [~~director~~] of the date when the federal registration statement is expected to become effective the ***commissioner*** [~~director~~] shall promptly advise the registrant by telephone or telegram, at the registrant's expense, whether all the conditions are satisfied and whether he then contemplates the institution of a proceeding under KRS 292.390; but this advice by the ***commissioner*** [~~director~~] does not preclude the institution of such a proceeding at any time.

Section 8. KRS 292.370 is amended to read as follows:

(1) Any security may be registered by qualification.

(2) A registration statement under this section shall contain the following information and be accompanied by the following documents, in addition to payment of the registration fee prescribed in KRS 292.380 and, if required under KRS 292.430, a consent to service of process meeting the requirements of that section:

(a) With respect to the issuer and any significant subsidiary: its name, address, and form of organization; the state or foreign jurisdiction and date of its organization; the general character and location of its business; a description of its physical properties and equipment; and a statement of the general competitive conditions in the industry or business in which it is or will be engaged;

Section 9. KRS 292.380 is amended to read as follows:

(1) Except as otherwise expressly provided in this chapter a registration statement under this chapter becomes effective when the ***commissioner*** [~~director~~] so orders. The ***commissioner*** [~~director~~] may require as a condition of registration under this chapter that a prospectus containing any designated part of the appropriate information specified in this chapter be sent or given to each person to whom an offer is made before or concurrently with: (a) the first written offer made to him (otherwise than by means of a public advertisement) by or for the account of the issuer or any other person on whose behalf the offering is being made, or by any underwriter or broker-dealer who is offering part of an unsold allotment or subscription taken by him as a participant in the distribution, (b) the confirmation of any sale made by or for the account of any such person, (c) payment pursuant to any such sale, or (d) delivery of the security pursuant to any such sale, whichever first occurs; but the ***commissioner*** [~~director~~] shall accept for use under any such requirement a current prospectus or offering circular regarding the same securities filed under the Securities Act of 1933 or regulations thereunder.

(2) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered broker-dealer. Any document filed under this chapter or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate. The ***commissioner*** [~~director~~] may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(3) The ***commissioner*** [~~director~~] may require as a condition of registration by qualification or coordination that (a) the proceeds from the sale of the registered security be impounded until the issuer receives a specified amount or (b) any security issued within the past three (3) years, or to be issued, to a promoter for a consideration substantially different from the public offering price, or to any person for a consideration other than cash, be delivered in escrow. The ***commissioner*** [~~director~~] may by rule or order determine the conditions of any escrow or impounding required hereunder. The ***commissioner*** [~~director~~] shall not reject a depository solely because of location in another state. All securities delivered in escrow to the ***commissioner*** [~~director~~] or some other depository satisfactory to him prior to January 1, 1968 which have not previously been released shall be released from escrow and all securities delivered in escrow to the ***commissioner*** [~~director~~] or some other depository satisfactory to him subsequent to January 1, 1968 which have not previously been released shall be released from escrow no later than ten (10) years after the date of delivery into escrow.

(4) The ***commissioner*** [~~director~~] may also require as a condition of registration by qualification that the issuer undertake to keep the securities registered under this chapter for a period of up to five years or until the securities become exempt securities under KRS 292.410, and that the issuer forward to its security holders audited annual financials during the period for which the shares are registered. The ***commissioner*** [~~director~~] may by rule or order impose other undertakings.

(5) For the registration of securities by notification or coordination, or qualification, there shall be paid to the ***commissioner*** [~~director~~] an examination fee of one hundred twenty-five dollars ($125) and a registration fee of three-fiftieths of one percent (0.06%) of the aggregate offering price of the securities which are to be offered in this state, but the registration fee shall in no case be less than sixty dollars ($60) nor more than one thousand two hundred dollars ($1,200). The examination fee and the registration fee shall be payable in separate checks. When a registration statement is withdrawn before the effective date or a pre-effective stop order is entered under KRS 292.390, the ***commissioner*** [~~director~~] shall retain the examination fee. For the registration of securities issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust, as those terms are defined in the Investment Company Act of 1940, a new registration fee and examination fee shall be paid each year that the registration remains in effect, based upon the aggregate offering price of such securities which are to be offered in this state during

that year, even though the maximum fee was paid the preceding year; and the registration statement for such securities may be amended to increase the amount of securities to be offered. For a registration by notification for market-making purposes only the examination fee need be paid.

(6) When securities are registered by notification or by coordination or by qualification, they may be offered and sold by the issuer, any other person on whose behalf they are registered or by any registered broker-dealer. Every registration statement is effective for one year from its effective date, or any longer period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or broker-dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under KRS 292.390. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (1) so long as the registration statement is effective and (2) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under KRS 292.390 (if the registration statement did not relate in whole or in part to a nonissuer distribution) and one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the director.

(7) The ***commissioner*** ~~[director]~~ may require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering. The ***commissioner*** ~~[director]~~ shall impose a fee of ten dollars ($10) for each such report filed with him.

Section 10. KRS 292.390 is amended to read as follows:

(1) The ***commissioner*** ~~[director]~~ may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement if he finds that the order is in the public interest and that:

(a) The registration statement as of its effective date or as of any earlier date in the case of an order denying effectiveness, or any amendment under KRS 292.380(5) as of its effective date, or any report under KRS 292.380(7), is incomplete in any material respect or contains any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(b) Any provision of this chapter or any rule, order, or condition lawfully imposed under this chapter has been willfully violated, in connection with the offering by:

1. The person filing the registration statement;

2. The issuer, any partner, officer, or director of the issuer, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling or controlled by the issuer, but only if the person filing the registration statement is directly or indirectly controlled by or acting for the issuer; or

3. Any underwriter;

(c) The security registered or sought to be registered is the subject of an administrative stop order or a similar order or a permanent or temporary injunction of any court of competent jurisdiction entered under any other federal or state act applicable to the offering; but:

1. The ***commissioner*** ~~[director]~~ may not institute a proceeding against an effective registration statement under this paragraph more than one (1) year from the date of the order or injunction relied on; and

2. He may not enter an order under this paragraph on the basis of an injunction entered under any other state act unless that order or injunction was based on facts which would currently constitute a ground for a stop order under this section;

(d) The issuer's enterprise or method of business includes or would include activities which are illegal where performed;

(e) The offering has worked or tended to work a fraud upon purchasers or would so operate;

(f) The offering has been, or would be, made with unreasonable amounts of underwriters' and sellers' discounts, commissions, or other compensations, or promoters' profits or participation, or unreasonable amounts or kinds of options;

(g) When a security is sought to be registered by notification it is not eligible for such registration;

(h) When a security is sought to be registered by coordination, there has been a failure to comply with the undertaking required by KRS 292.360(2)(g);

(i) The applicant or registrant has failed to pay the proper registration fee; but the ***commissioner*** ~~[director]~~ may enter only a denial order under this paragraph and he shall vacate any such order when the deficiency has been corrected;

(j) A commission or fee greater than fifteen percent (15%) would be paid directly or indirectly, in consideration for the sale of securities sought to be registered and this fee shall exclude reasonable legal and accounting expenses.

(2) The ***commissioner*** [~~director~~] may not enter a stop order against an effective registration statement on the basis of a fact or transaction known to him when the registration statement became effective unless the proceeding is instituted within the next thirty (30) days.

(3) The ***commissioner*** [~~director~~] may by order summarily postpone or suspend the effectiveness of the registration statement pending final determination of any proceeding under this section. Upon the entry of a stop order under any part of this section, the ***commissioner*** [~~director~~] shall promptly notify the issuer of the securities, the applicant or registrant and the person on whose behalf the securities are to be or have been offered, that the order has been entered and of the reasons therefor and that within fifteen (15) days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested within fifteen (15) days and none is ordered by the ***commissioner*** [~~director~~], the ***commissioner*** [~~director~~] shall enter his written findings of fact and conclusions of law and the order will remain in effect until it is modified or vacated by the ***commissioner*** [~~director~~]. If a hearing is requested or ordered, the ***commissioner*** [~~director~~], after notice of and opportunity for hearing to the issuer and to the applicant or registrant, shall enter his written finding of fact and conclusions of law and may modify or vacate the order. The ***commissioner*** [~~director~~] may modify or vacate a stop order if he finds that the conditions which prompted its entry have changed or that it is otherwise in the public interest to do so.

Section 11. KRS 292.400 is amended to read as follows:

KRS 292.340 to 292.390 shall not apply to any of the following:

If a hearing is requested or ordered, the ***commissioner*** ~~[director]~~, after notice of and opportunity for hearing to all interested persons, may modify or vacate the order to extend it until final determination. (1) Before any security may be issued as an exempt security under subsections (9), (12), (13) or (14) of KRS 292.400, or offered for sale or sold as an exempt transaction under KRS 292.410(1)(i) or (k), a claim of exemption must first be filed with the ***commissioner*** ~~[director]~~ and the ***commissioner*** ~~[director]~~ by order shall not have determined that the exemption is unavailable within the next ten (10) full business days. A claim of exemption filed under this section shall be in such form and contain such information as the ***commissioner*** ~~[director]~~ by rule or order requires and each offering shall be effective for a maximum of twelve (12) consecutive months unless the ***commissioner*** ~~[director]~~ by rule or order extends such period of time, not to exceed five (5) years.

(2) For every claim of exemption filed with the ***commissioner*** ~~[director]~~ there shall be paid to the ***commissioner*** ~~[director]~~ a filing fee of one hundred dollars ($100), except that for a claim of exemption filed under subsection (9) of KRS 292.400 the filing fee is one-tenth of one percent (0.1%) of the maximum aggregate offering price at which the securities are to be offered in this state, but the fee shall in no case be less than one hundred dollars ($100) or more than five hundred dollars ($500). The ***commissioner*** ~~[director]~~ shall have authority to amend or rescind under this subsection such filing fees by rule or order if the ***commissioner*** ~~[director]~~ determines that such fee is excessive under the circumstances.

(3) Any person who fails to comply with this section shall be liable for a fee in the amount of five (5) times the initial filing fee and the ***commissioner*** ~~[director]~~ may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of an exemption, if he finds that the order is in the public interest and that any security has been or is about to be offered or sold in violation of this section. If the ***commissioner*** ~~[director]~~ finds it appropriate in the public interest or necessary for the protection of investors, the ***commissioner*** ~~[director]~~ may order any issuer in violation of this section to make an offer of rescission.

(4) Failure by any person to file a claim of exemption under this section shall not give rise to a private right of action under KRS 292.330(1), 292.340 or 292.480 which would not otherwise be available under the provisions of this chapter.

(5) Any person who fails to file a claim of exemption under this section, unless he does so intentionally, shall not be subject to KRS 292.991.

Section 14. KRS 292.420 is amended to read as follows:

(1) In any proceeding under this chapter, the burden of proving an exemption or an exception from a definition is upon the person claiming it.

(2) The ***commissioner*** ~~[director]~~ may require any person, who is selling or offering for sale or who is about to sell or offer for sale or who has sold or offered for sale any security within this state, to file a statement of the claim of exemption, if any, upon which such person is relying, and if any time, in the opinion of the ***commissioner*** ~~[director]~~, the information contained in such statement filed is misleading, incorrect, inadequate, or fails to establish the right of exemption, he may require such person, agent, or investment adviser to file such information as may in his opinion be necessary to establish the claimed exemption. The refusal to furnish information as required by order of the ***commissioner*** ~~[director]~~ pursuant to the provisions of this subsection, within a reasonable time to be fixed by the ***commissioner*** ~~[director]~~, shall be proper ground for the entry of an order by the ***commissioner*** ~~[director]~~ suspending and/or canceling the registration of the broker-dealer, agent or investment adviser.

(3) The ***commissioner*** ~~[director]~~ shall have authority at all times to consider and determine whether any proposed sale, transaction, issue or security is entitled to an exemption or an exception from the definition accorded by this chapter, provided, however, that the ***commissioner*** ~~[director]~~ in his discretion may decline to exercise such authority as to any proposed sale, transaction, issue, or security. Any interested party desiring the ***commissioner*** ~~[director]~~ to exercise such authority shall submit to the ***commissioner*** ~~[director]~~ a verified statement of all material facts relating to the proposed sale, transaction, issue or security, which verified statement shall be accompanied by a request for a ruling as to the particular exemption or exception from definition, together with a filing fee of one hundred dollars ($100). After such notice to interested parties as the ***commissioner*** ~~[director]~~ shall deem proper and after a hearing, if any, the ***commissioner*** ~~[director]~~ may enter an order finding the proposed sale, transaction, issue or security entitled or not entitled to the exemption or the exception from definition as claimed. An order so entered, unless an appeal be taken

therefrom in the manner prescribed in this chapter, shall be binding upon the ***commissioner*** [~~director~~], provided that the proposed sale, transaction, issue or security when consummated or issued conforms in every relevant and material particular with the facts as set forth in the verified statement as submitted.

Section 15. KRS 292.430 is amended to read as follows:

(1) Every applicant for registration as a broker-dealer or agent under this chapter and every issuer which proposes to offer a security in this state through any person acting on an agency basis in the common law sense shall file with the ***commissioner*** [~~director~~], in such form as he by rule prescribes, an irrevocable consent appointing the ***commissioner*** [~~director~~] or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against him or his successor executor or administrator which arises under this chapter or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous registration need not file another. Service may be made by leaving a copy of the process in the office of the ***commissioner*** [~~director~~], but it is not effective unless:

(a) The plaintiff, who may be the ***commissioner*** [~~director~~] in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by certified mail, return receipt requested or by registered mail to the defendant or respondent at his last address on file with the ***commissioner*** [~~director~~]; and

(b) The plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

(2) When any person, including any nonresident of this state, engages in conduct prohibited or made actionable by this chapter or any rule or order hereunder, and he has not filed a consent to service of process under subsection (1) and personal jurisdiction over him cannot otherwise be obtained in this state, that conduct shall be considered equivalent to his appointment of the ***commissioner*** [~~director~~] or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against him or his successor executor or administrator which grows out of that conduct and which is brought under this chapter or any rule or order hereunder, with the same force and validity as if served on him personally. Service may be made by leaving a copy of the process in the office of the ***commissioner*** [~~director~~], and it is not effective unless:

(a) The plaintiff, who may be the ***commissioner*** [~~director~~], in a suit, action, or proceeding instituted by him forthwith sends notice of the service and a copy of the process by certified mail, return receipt requested or by registered mail to the defendant or respondent at his last known address or takes other steps which are reasonably calculated to give actual notice; and

(b) The plaintiff's affidavit of compliance with this subsection is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

Section 16. KRS 292.440 is amended to read as follows:

It is unlawful for any person to make or cause to be made, in any document filed with the ***commissioner*** [~~director~~] or the ***commissioner's*** [~~director's~~] designee or in any proceeding under this chapter, any statement which is, at the time and in the light of the circumstances under which it is made, false or misleading in any material respect.

Section 17. KRS 292.450 is amended to read as follows:

Neither the fact that an application for registration under KRS 292.330 or a registration statement under KRS 292.350, 292.360 or 292.370 has been filed, nor the fact that a person or security is effectively registered, constitutes a finding by the ***commissioner*** [~~director~~] that any document filed under this chapter is true, complete, and not misleading. Neither any such fact nor the fact that an exemption or exception is available for a security or a transaction means that the ***commissioner*** [~~director~~] has passed in any way upon the merits or qualifications of, or recommended or given approval to, any person, security, or transaction. It is unlawful to make, or cause to be made, to any prospective purchaser, customer, or client any representation inconsistent with this section.

Section 18. KRS 292.460 is amended to read as follows:

(1) The ***commissioner*** [~~director~~] in his discretion (a) may make such public or private investigations within or outside of this state as he deems necessary to determine whether any registration should be granted, denied or revoked or whether any person has violated or is about to violate any provision of this chapter or any rule or order hereunder, or to aid in the enforcement of this chapter or in the prescribing of rules and forms hereunder, (b) may require or permit any person to file a statement in writing, under oath or otherwise as the ***commissioner*** [~~director~~] may determine, as to all the facts and circumstances concerning the matter to be investigated, and (c) may publish information concerning any violation of this chapter or any rule or order hereunder.

(2) For the purpose of any investigation or proceeding under this chapter, the ***commissioner*** [~~director~~] or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the ***commissioner*** [~~director~~] deems relevant or material to the inquiry.

(3) In case of contumacy by, or refusal to obey a subpoena issued to, any person, any court of competent jurisdiction, upon

application by the ***commissioner*** ~~[director]~~, may issue to that person an order requiring him to appear before the ***commissioner*** ~~[director]~~, or the officer designated by him, there to produce documentary evidence if so ordered or to give evidence touching the matter under investigation or in question; and any failure to obey the order of the court may be punished by the court as a contempt of court.

(4) No person is excused from attending and testifying or from producing any document or record before the ***commissioner*** ~~[director]~~, or in obedience to the subpoena of the ***commissioner*** ~~[director]~~ or any officer designated by him, or in any proceeding instituted by the ***commissioner*** ~~[director]~~, on the ground that the testimony or evidence (documentary or otherwise) required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual may be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after claiming his privilege against self-incrimination, to testify or produce evidence (documentary or otherwise), except that the individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

Section 19. KRS 292.470 is amended to read as follows:

Whenever it appears to the ***commissioner*** ~~[director]~~ that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this chapter or any rule or order hereunder, he may in his discretion bring an action in any court of competent jurisdiction to enjoin any such acts or practices and to enforce compliance with this chapter or any rule or order hereunder. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets. The ***commissioner*** ~~[director]~~ may not be required to post a bond.

Section 20. KRS 292.490 is amended to read as follows:

Any person aggrieved by a final order of the ***commissioner*** ~~[director]~~ may obtain a review of the order by filing in the Franklin Circuit Court, within sixty (60) days after the entry of the order, a written petition praying that the order be modified or set aside in whole or in part. A copy of the petition shall be forthwith served upon the ***commissioner*** ~~[director]~~, and thereupon the ***commissioner*** ~~[director]~~ shall certify and file in court a copy of the filing, testimony, and other evidence upon which the order was entered. When these have been filed, the court has exclusive jurisdiction to affirm, modify, enforce, or set aside the order, in whole or in part. No objection to the order may be considered by the court unless it was urged before the ***commissioner*** ~~[director]~~ or there were reasonable grounds for failure to do so. The findings of the ***commissioner*** ~~[director]~~ as to the facts, if supported by substantial evidence, are conclusive. If either party applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for failure to adduce the evidence in the hearing before the ***commissioner*** ~~[director]~~ the court may order the additional evidence to be taken before the ***commissioner*** ~~[director]~~ and to be adduced upon the hearing in such manner and upon such conditions as the court may consider proper. The ***commissioner*** ~~[director]~~ may modify his findings as to the facts, by reason of the additional evidence so taken; and he shall file any modified or new findings, which if supported by substantial evidence shall be conclusive, and any recommendation for the modification or setting aside of the original order. The commencement of proceedings under this section does not, unless specifically ordered by the court, operate as a stay of the ***commissioner's*** ~~[director's]~~ order. An appeal may be taken from the judgment of the Franklin Circuit Court on any such appeal to the Court of Appeals on the same terms and conditions as an appeal is taken in civil actions.

Section 21. KRS 292.500 is amended to read as follows:

(1) The administration of the provisions of this chapter shall be under the ~~[Division of Securities in the]~~ Department of Financial Institutions.

(2) It is unlawful for the ***commissioner*** ~~[director]~~ or any of his officers or employees to use for personal benefit any information which is filed with or obtained by the ***commissioner*** ~~[director]~~ and which is not made public. No provision of this chapter authorizes the ***commissioner*** ~~[director]~~ or any of his officers or employees to disclose any such information except among themselves or when necessary or appropriate in a proceeding or investigation under this chapter. No provision of this chapter either creates or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the ***commissioner*** ~~[director]~~ or any of his officers or employees.

(3) The ***commissioner*** ~~[director]~~ may from time to time make, amend, and rescind such rules, forms and orders as are necessary to carry out the provisions of this chapter, including rules and forms governing registration statements, applications, and reports and defining any terms, whether or not used in this chapter, insofar as the definitions are not inconsistent with the provisions of this chapter. For the purpose of rules and forms, the ***commissioner*** ~~[director]~~ may classify securities, persons, and matters within his jurisdiction, and prescribe different requirements for different classes.

(4) No rule, form, or order may be made, amended, or rescinded unless the ***commissioner*** ~~[director]~~ finds that the action is necessary or appropriate in the public interest or for the protection of investors and consistent with the purposes fairly intended by the policy and provision of this chapter. In prescribing rules and forms the ***commissioner*** ~~[director]~~ may cooperate with the securities administrators of the other states and the securities and exchange commission with a view to effectuating the policy of this statute to achieve maximum uniformity in the form and content of registration statement, applications, and reports whenever practicable.

(5) The ***commissioner*** [~~director~~] may by rule or order prescribe the form and content of financial statements required under this chapter and the circumstances under which consolidated financial statements shall be certified by certified public accountants. All financial statements shall be prepared in accordance with generally accepted accounting standards.

(6) All rules and forms of the ***commissioner*** [~~director~~] shall be published.

(7) No provision of this chapter imposing any liability applies to any act done or omitted in good faith in conformity with any rule, form, or order of the ***commissioner*** [~~director~~], notwithstanding that the rule, form or order may later be amended or rescinded or be determined by judicial or other authority to be invalid for any reason.

(8) A document is filed when it is received by the ***commissioner*** [~~director~~] or when the ***commissioner*** [~~director~~] receives confirmation that a document has been filed pursuant to KRS 292.330.

(9) Every hearing in an administrative proceeding shall be public unless the ***commissioner*** [~~director~~] in his discretion grants a request joined in by all the respondents that the hearing be conducted privately.

(10) The ***commissioner*** [~~director~~] shall keep a register of all applications for registration and registration statements which are or have ever been effective under this chapter and all denial, suspension, or revocation orders which have ever been entered under this chapter. The register shall be open for public inspection.

(11) The information contained in or filed with any registration statement, application, or report may be made available to the public under such rules as the ***commissioner*** [~~director~~] prescribes.

(12) Upon request and at such reasonable charges as he prescribes, the ***commissioner*** [~~director~~] shall furnish to any person photostatic or other copies (certified under his seal of office if requested) of any entry in the register or any document which is a matter of public record. In any proceeding or prosecution under this chapter, any copy so certified is prima facie evidence of the contents of the entry or document certified.

(13) The ***commissioner*** [~~director~~] in his discretion may honor requests from interested persons for interpretative opinions.

Section 22. KRS 292.991 is amended to read as follows:

(1) Any person who willfully violates any provision of this chapter except KRS 292.440, or who willfully violates KRS 292.440 knowing the statement made to be false or misleading in any material respect, shall be guilty of a Class D felony.

(2) Any person who willfully violates any rule or order of the ***commissioner*** [~~director~~], authorized under this chapter, shall be guilty of a Class A misdemeanor; but no person may be imprisoned for violation of any rule or order of which that person did not have actual knowledge.

(3) The ***commissioner*** [~~director~~] may refer such evidence as may be available concerning violations of this chapter or of any rule or order hereunder to the Attorney General or the proper prosecuting authority, who may in his discretion, with or without such a reference, institute the appropriate criminal proceedings under this chapter.

(4) Nothing in this chapter limits the power of the state to punish any person for any conduct which constitutes a crime by statute or at common law.

Section 23. KRS 294.020 is amended to read as follows:

(1) The following shall be exempt from this chapter:

(a) Any person doing business under the laws of this state or any other state or the United States relating to banks, bank holding companies, trust companies, credit unions, savings and loan associations, service corporation subsidiaries of savings and loan associations, consumer finance companies, industrial loan companies, insurance companies or real estate investment trusts as defined in 26 U.S.C. Section 856 and the affiliates of such companies, or mortgage loan companies regulated by the Department of Housing and Urban Development;

(g) The Federal National Mortgage Association (FNMA), the Federal Home Loan Mortgage Corporation (FHLMC), and the Government National Mortgage Association (GNMA);

(h) Any person licensed in this state as a real estate broker or real estate sales associate, not actively engaged in the business of negotiating loans secured by real property, when such person renders services in the course of his practice as a real estate broker or real estate associate.

(2) Any person relying upon an exemption under subsection (1) of this section shall file with the commissioner a claim of exemption. The commissioner shall thereafter determine the availability of the claimed exemption and he may not disallow an exemption that is validly claimed.

Section 24. KRS 304.24-050 is amended to read as follows:

(1) Upon receipt of the articles of incorporation of the proposed insurer, the commissioner shall submit such articles to the Attorney General for examination. Within ten (10) days after receipt thereof the Attorney General shall return the articles to the commissioner with a written statement as to whether the articles comply with law.

(2) If the Attorney General has found the articles to be in compliance with law and has so stated to the commissioner, the commissioner shall stamp or otherwise certify his approval thereon, retain one (1) copy of the articles for his files and deliver the remaining three (3) copies of the articles to the incorporators for filing as provided by laws governing business corporations generally.

(3) The incorporators shall concurrently file with the commissioner duplicates of filings made on behalf of the corporation with the ***commissioner*** ~~[director]~~ of the ***Department of Financial Institutions*** ~~[Division of Securities]~~ pursuant to KRS Chapter 292, and upon compliance with the provisions of such chapter governing sale of securities, the incorporators may open books to receive subsections for capital stock of the corporation.

(4) After all stock stated by the articles as to the amount of capital with which the corporation will begin business (which shall not be less than the applicable minimum amounts required by the provisions of this code to qualify for authority to transact the kind of insurance specified by the articles) has been subscribed and paid for either in cash or in assets of the kind eligible for investment of a domestic insurer under this code, the incorporators shall make application for a certificate of authority as provided in Subtitle 3.

(5) In addition to the requirements of this subtitle, the incorporators shall also comply with such other applicable laws governing the organization of domestic business corporations as are not in conflict with the provisions of this subtitle.

(c) Call for a hearing for purposes of obtaining additional documentation, data, information, and testimony.

(4) Upon entry of the commissioner's order, the examination report, with such modifications, if any, thereof as the commissioner deems proper, shall be ~~[accepted by the commissioner and]~~ filed in the department for public inspection ~~[upon expiration of the review period provided for in subsection (1) of this section. The report shall in any event be so accepted and filed within six (6) months after final hearing thereon]~~, except that the commissioner may withhold from public inspection any examination report for so long as he deems such withholding to be necessary for the protection of the person examined against unwarranted injury or to be in the public interest ***and except that the commissioner shall withhold from public inspection any examination report of a domestic insurer as provided in KRS 304.2-270***.

(5)~~[(4)]~~ The commissioner shall forward to the person examined a copy of the examination report as filed for public inspection, together with ***the order of the commissioner*** ~~[any recommendations or statements relating thereto which he deems proper]~~.

(6)~~[(5)]~~ If the report concerns the examination of a domestic insurer, a copy of the report, ~~[or a summary thereof approved by the commissioner,]~~ when filed for public inspection, or if withheld from public inspection under subsection ***(4)***~~[(3)]~~ of this section, together with the ***order*** ~~[recommendations or statements]~~ of the commissioner ~~[or his examiner]~~, shall be presented by the insurer's chief executive officer to the insurer's board of directors or similar governing body at a meeting thereof which shall be held within ninety (90) days next following receipt of the report ***and order*** [~~in final form by the insurer~~]. (7)[~~(6)~~] The report when so filed in the department shall be admissible in evidence in any action or proceeding brought by the commissioner against the person examined, or against its officers, employees or agents. In any such action or proceeding, the commissioner or his examiners may, however, at any time testify and offer proper evidence as to information secured or matters discovered during the course of an examination, whether or not a written report of the examination has been either made, furnished, or filed in the department.

Section 2. KRS 304.2-270 is amended to read as follows:

The report of examination of a domestic insurer, although filed in the department as provided in KRS 304.2-260 shall nevertheless not be for public inspection except as to those portions of the report showing the insurer's current financial condition. The comments and recommendations of the examiner(s) shall be deemed confidential information and shall not be available for public inspection, except that the commissioner may in his discretion ***disclose the content of an examination report, preliminary examination report or results, or any matter relating to an examination report, to the insurance department of any other state or country, or to law enforcement officials of this or any other state, or to an agency of the federal government at any time, if the agency or office receiving the report or matters relating to the report agrees in writing to hold it confidential and in a manner consistent with this section and KRS 304.2-260*** [~~furnish the complete report to any other supervisory official of another state upon request~~].

Section 3. KRS 304.3-240 is amended to read as follows:

(1) Each authorized insurer shall annually, before the first day of March, file with the commissioner a true statement of its financial condition, transactions, and affairs as of December 31 preceding. The statement shall be on forms ***prescribed by the National Association of Insurance Commissioners and shall be completed according to the instructions of the National Association of Insurance Commissioners*** [~~and shall contain information as required by this code and by the commissioner~~], and shall be verified by the oaths of at least two (2) of the insurer's principal officers. The annual statement of a reciprocal insurer shall be made and verified by its attorney-in-fact.

(2) The commissioner shall annually during November furnish each such insurer duplicate copies of annual statement forms as next required to be filed. The statement forms shall be in general form and context as approved by the National Association of Insurance Commissioners for the kinds of insurance to be reported upon, and as supplemented for additional information required by the commissioner.

(3) The annual statement of an alien insurer shall relate only to its assets, transactions, and affairs in the United States unless the commissioner requires otherwise. The statement shall be verified by the insurer's United States manager or by its officers duly authorized.

(4) The commissioner may suspend or revoke the authority of any insurer failing to file its annual statement when due or failing so to file during any extension of time therefor which the commissioner, for good cause, may grant.

(5) Notwithstanding the provisions of this section or any other law of this Commonwealth, an authorized insurer may, subject to the requirements of regulations adopted by the commissioner, publish financial statements or information based on financial statements prepared on a basis which is in accordance with requirements of a competent authority and which differs from the basis of the statements which have been filed with the commissioner in compliance with this section. Such differing financial statements or information based on such financial statements shall not be made the basis for the application of any provision of this chapter not relating solely to the publication of financial information unless such provision specifically so requires.

Section 4. KRS 304.37-010 is amended to read as follows:

As used in this subtitle, the following terms shall have the respective meanings set forth, unless the context shall otherwise require:

(1) The term "commissioner" shall mean the Commissioner of Insurance or the Department of Insurance, as appropriate.

(2) "Insurer" includes every person engaged as principal and as indemnitor, surety, or contractor in the business of entering into contracts of insurance.

(3) An "insurance holding company system" consists of two (2) or more affiliated persons, one (1) or more of which is an insurer.

(4) An "affiliate", or person "affiliated" with a specific person, is a person that directly, or indirectly through one (1) or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(5) A "person" is an individual, a corporation, a partnership, an association, a joint stock company, an unincorporated organization, any similar entity or any combination of the foregoing acting in concert, but shall not include any bank in its fiduciary capacity or securities broker performing no more than the usual and customary broker's function.

(6) A "subsidiary" of a specified person is an affiliate controlled by the person directly or indirectly through one (1) or more intermediaries.

(7) The term "voting security" shall include any security convertible into or evidencing a right to acquire a voting security.

(8) The terms "control", "controlling", "controlled by", and "under common control with" mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a loan contract or commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing ***ten percent (10%)*** [~~fifteen percent (15%)~~] or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by KRS 304.37-020(12) that control does not exist in fact. The commissioner may determine, after forwarding all persons in interest notice and opportunity to be heard and making specific findings of fact to support the determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

Section 5. KRS 304.37-020 is amended to read as follows:

(1) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign or alien insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. For an alien insurer, the domiciliary state shall be deemed to be its state of entry. Any insurer which is subject to registration under this section shall register within sixty (60) days after June 16, 1972, or fifteen (15) days after it becomes subject to registration, whichever is later, ***and annually thereafter by April 1 of each year for the previous calendar year,*** unless the commissioner for good cause shown extends the time for registration, and then within the extended time. The commissioner may require any authorized insurer which is a member of a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by the insurer with the insurance regulatory authority of its domiciliary jurisdiction.

(2) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about:

(a) The capital structure, general financial condition, ownership and management of the insurer and any person controlling the insurer;

(b) The identity of every member of the insurance holding company system;

(c) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

1. Loans to, other investments in, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;
2. Purchases, sales, or exchanges of assets;
3. Transactions not in the ordinary course of business;
4. Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered in the ordinary course of the insurer's business;
5. All management and service contracts and all cost-sharing arrangements[~~, other than cost allocation arrangements based upon generally accepted accounting principles~~];
6. Reinsurance agreements covering all or substantially all of one (1) or more lines of insurance of the ceding company;
7. Dividend and other distributions to shareholders; and
8. Consolidated tax allocation agreements;

(d) Any pledge of the insurer's stock, including stock of any subsidiary or controlling affiliate for a loan made to any member of the insurance holding company system; and

(e) Other matters concerning transactions between registered insurers and any affiliates as may be included from time to time in any registration forms adopted or approved by the commissioner.

(3) It shall not be necessary to disclose information on the registration statement filed pursuant to subsection (2) of this section if the information is not material for the purposes of this section. Unless the commissioner by administrative regulation or order provides otherwise, sales, purchases, exchanges, loans, or extensions of credit, or investments, involving one-half of one percent (.05%) or less of an insurer's admitted assets as of the 31st day of December next preceding shall not be deemed material for purposes of this section.

(4) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within thirty days (30) after the end of the month in which it learns of each change or addition.

(5) All registration statements shall contain a summary outlining all items in the current registration statement representing changes from the prior registration statement.

(6) Subject to KRS 304.37-030(5), each registered insurer shall report to the commissioner all dividends and other distributions to shareholders within fifteen (15) business days following the dividend or distribution declaration.

(7) Any person within an insurance holding company system subject to registration shall be required to provide complete and accurate information to an insurer, if the information is reasonably necessary to enable the insurer to comply with the provisions of this subtitle.

(8) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(9) The commissioner may require or allow two (2) or more affiliated insurers subject to registration to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(10) The commissioner may allow an insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subsection (1) and to file all information and material required to be filed under this section.

(11) The provisions of this section shall not apply to any insurer, information, or transaction if and to the extent that the commissioner by administrative regulation or order shall exempt it from the provisions of this section.

(12) Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or a disclaimer may be filed by the insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between the persons and the insurer as well as the basis for disclaiming the affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with the person unless and until the commissioner disallows the disclaimer. The commissioner shall disallow the disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support the disallowance.

(13) The failure to file a registration statement or any amendment thereto required by this section within the time specified for the filing shall be a violation of this subtitle.

SECTION 6. A NEW SECTION OF SUBTITLE 37 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) No security which is the subject of any agreement or arrangement regarding acquisition, or which is acquired or to be acquired, in contravention of the provisions of this subtitle or of any rule, administrative regulation, or order issued by the commissioner may be voted at any shareholder's meeting, or may be counted for quorum purposes, and any action of shareholders requiring the affirmative vote of a percentage of shares may be taken as though the securities were not issued and outstanding; but no action taken at the meeting shall be invalidated by the voting of the securities, unless the action would materially affect control of the insurer or unless the courts of this state have so ordered. If an insurer or the commissioner has reason to believe that any security of the insurer has been or is about to be acquired in contravention of the provisions of this subtitle or of any rule, administrative regulation, or order issued by the commissioner, the insurer or the commissioner may apply to the Circuit Court for the county in which the insurer has its principal place of business to enjoin any offer, request, invitation, agreement, or acquisition made in contravention of KRS 304.37-130 or any rule, administrative regulation, or order issued by the commissioner to enjoin the voting of any security so acquired, to void any vote of the security already cast at any meeting of shareholders, and for any other equitable relief as required by the nature of the case and the interest of the insurer's policyholders, creditors, shareholders, or the public.

(2) In any case where a person has acquired or is proposing to acquire any voting securities in violation of this subtitle or any rule, administrative regulation, or order issued by the commissioner, the Circuit Court for Franklin County or the Circuit Court for the county in which the insurer has its principal place of business may, upon notice the court deems appropriate, upon the application of the insurer or the commissioner seize or sequester any voting securities of the insurer owned directly or indirectly by the person, and issue the appropriate order to effectuate the provisions of this subtitle.

(3) Notwithstanding any other provisions of law, for the purposes of this subtitle the situs of the ownership of the securities of domestic insurers shall be deemed to be in this state.

Section 7. KRS 304.45-030 is amended to read as follows:

(1) A risk retention group shall, pursuant to the provisions of this chapter, be chartered and licensed to write only liability insurance pursuant to this subtitle, and, except as otherwise provided in this subtitle, shall comply with all of the laws, regulations, and requirements applicable to such insurers chartered and licensed in this state and with KRS 304.45-040 to the extent such requirements are not a limitation on laws, regulations, or requirements of this state.

(2) ***Notwithstanding any other provision to the contrary, all risk retention groups chartered in this state shall file with the department and the National Association of Insurance Commissioners (NAIC), an annual statement in a form prescribed by the NAIC and completed in accordance with the NAIC instructions and the NAIC accounting practices***

and procedures manual.

(3) Before it may offer insurance in any state, each risk retention group shall also submit for approval to the commissioner of this state a plan of operation or a feasibility study and revisions of such plan or study if the group intends to offer any additional kinds of liability insurance. The group shall not offer any additional kinds of liability insurance in this state or any other state until a revision of such plan or study is approved by the commissioner.

(4)[~~(3)~~] At the time of filing its application for charter, the risk retention group shall provide to the commissioner in summary form the identity of the initial members of the group, the identity of those individuals who organized the group or who will provide administrative services or otherwise influence or control the activities of the group, the amount and nature of initial capitalization, the coverages to be afforded, and the states in which the group intends to operate. Upon receipt of the information, the commissioner shall forward such information to the National Association of Insurance Commissioners. Providing notification to the National Association of Insurance Commissioners is in addition to and shall not be sufficient to satisfy the requirements of KRS 304.45-040 and all other sections of this subtitle.

(5)[~~(4)~~] ***A risk retention group shall, within ten (10) days, notify the commissioner of any changes in the identity of those individuals who provide administrative services or otherwise influence or control the activities of the group, the coverages afforded, and the states in which the group operates.***

The exception provided in this subsection shall cease to apply to any product liability risk retention group which offers any other kind of liability insurance other than product liability or completed operations liability insurance.

Any such examination shall be coordinated to avoid unjustified repetition and conducted in an expeditious manner and in accordance with the National Association of Insurance Commissioners' examiner handbook. Such examinations shall be conducted in accordance with KRS 304.2-210 to 304.2-300.

(10)[~~(9)~~] A risk retention group registered in this state as a product liability risk retention group under the provisions of KRS Chapter 304 in effect prior to July 13, 1990, may continue to act as such without complying with this subtitle as long as it complies with the provisions of KRS Chapter 304 in effect prior to July 13, 1990. (c) Any person required by this section to be licensed as an insurance agent shall give notice to each applicant that any policy issued by a risk retention group may not be subject to all of the insurance laws and administrative regulations of the Commonwealth and that state insurance insolvency guaranty funds are not available for risk retention groups.

2. Is regulated, supervised, and examined by the United States federal or state authorities having regulatory authority over banks and trust companies; and

3. Has been determined by the commissioner, or the Securities Valuation Office of the National Association of Insurance Commissioners, to meet the standards of financial condition and standing considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the commissioner.

(b) A "qualified United States financial institution" means, for purposes of those provisions of this section specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

1. Is organized or, in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and

2. Is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies.

(2) Credit for reinsurance shall be allowed a ceding insurer as either an asset or a deduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of paragraphs (a), (b), (c), (d), or (e) of this subsection. If meeting the requirements of paragraphs (c) or (d) of this subsection, the requirements of paragraph (f) of this subsection shall also be met.

(a) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is authorized to transact insurance or reinsurance in Kentucky.

b. Maintains a surplus as regards policyholders in an amount less than twenty million dollars ($20,000,000) and whose accreditation has been approved by the commissioner.

5. Credit shall not be allowed a ceding insurer under this paragraph if the assuming insurer's accreditation has been revoked by the commissioner after notice and hearing.

(c) Credit shall be allowed when the reinsurance is ceded to an assuming insurer which is domiciled and licensed in or, in the case of a United States branch of an alien assuming insurer, is entered through a state which employs standards regarding credit for reinsurance substantially similar to those applicable under this section and the assuming insurer or United States branch of an alien insurer:

1. Maintains a surplus as regards policyholders in an amount not less than twenty million dollars ($20,000,000); and

In the case of a single assuming insurer, the trust fund shall consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, the assuming insurer shall maintain a trusteed surplus of not less than twenty million dollars ($20,000,000). 2. In the case of a group of incorporated insurers under common administration which complies with the filing requirements contained in subparagraph 1 of this paragraph, and which is under the supervision of the Department of Trade and Industry of the United Kingdom and submits to the commissioner's authority to examine its books and records and bears the expense of the estimation, and which has aggregate policyholders' surplus of ten billion dollars ($10,000,000,000), the trust shall be in an amount equal to the group's several liabilities attributable to business written in the United States plus the group shall maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States ceding insurers of any member of the group, and each member of the group shall make available to the commissioner an annual certification of the member's solvency by the member's domiciliary insurance regulatory official and its independent public accountant.

3. The trust shall be established in a form approved by the commissioner. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers, their assigns, and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the commissioner. The trust shall remain in effect for as long as the assuming insurer shall have outstanding obligations due under the reinsurance agreements subject to the trust.

4. No later than February 28 of each year, the trustees of the trust shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the next following December 31.

(e) Credit shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of paragraphs (a), (b), (c), or (d) of this subsection, but only with respect to the insurance of risks located in jurisdictions where such reinsurance is required by applicable law or regulation of that jurisdiction or reinsurance ceded to a residual market mechanism reinsurance association, or the members thereof, created pursuant to law or which has been voluntarily created as such by its members with the approval of the commissioner.

(f) If the assuming insurer is not authorized or accredited to transact insurance or reinsurance in Kentucky, the credit permitted by paragraphs (c) and (d) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

1. That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, shall submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, shall comply with all requirements necessary to give the court jurisdiction, and shall abide by the final decision of the court or of any appellate court in the event of an appeal; and

2. To designate the Secretary of State or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding insurer.

This paragraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement.

(3) A reduction from liability for the reinsurance ceded by an insurer to an assuming insurer not meeting the requirements of subsection (2) of this section shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer and the reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with the assuming insurer as security for the payment of obligations thereunder, if the security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer, or, in the case of a trust, held in a qualified United States financial institution. This security may be in the form of:

(a) Cash;

(b) Securities listed by the Securities Valuation Office of the National Association of Insurance Commissioners and qualifying as admitted assets;

(c) Clean, irrevocable, unconditional letters of credit issued or confirmed by a qualified United States financial institution no later than December 31 in respect of the year for which filing is being made, and in the possession of the ceding insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance, or confirmation, shall, notwithstanding the issuing, or confirming, institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification, or amendment, whichever first occurs; or

(d) Any other form of security acceptable to the commissioner.

(4) Cession of bulk reinsurance by a domestic insurer is subject to KRS 304.24-420.

(5) Credit shall be allowed as an asset or as a deduction from liability, to any ceding insurer for reinsurance ceded to an assuming insurer qualified therefor under subsections (2), (3), or (4) of this section, except that no such credit shall be allowed unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding insurer under the contracts reinsured without diminution because of the insolvency of the ceding insurer.

(6) Upon request of the commissioner an insurer shall promptly inform the commissioner in writing of the cancellation or any other material change of any of its reinsurance treaties or arrangements.

(7) Subsections (1) to (3) of this section shall apply to all cessions after July 14, 1992, under reinsurance agreements which have had an inception, anniversary, or renewal date not less than six (6) months after July 14, 1992.

Floor Amendments

Floor Amendment No. 1 to **HB 256**, by Representative Lindsay:

On page 2, between lines 16 and 17, by inserting the following:

"Section 2. KRS 158.6453 is amended to read as follows:

(1) The State Board for Elementary and Secondary Education shall be responsible for creating and implementing a statewide, primarily performance-based assessment program to ensure school accountability for student achievement of the goals set forth in KRS 158.645. ***The statewide assessment program shall not include measurement of a student's ability to become a self-sufficient individual or to become a responsible member of a family, work group, or community.*** The program shall be implemented as early as the 1993-94 school year but no later than the 1995-96 school

year. The board shall also be responsible for administering an interim testing program to assess student skills in reading, mathematics, writing, science, and social studies in grades four (4), eight (8), and twelve (12). The tests shall be designed to provide the state with national comparisons and shall be the same as, or similar to those used by the National Assessment of Educational Progress. The interim testing program shall begin during the 1991-92 school year and shall be administered to a sample of students representative of each school and the state as a whole. The test scores shall be used, along with other factors described in KRS 158.6451, to establish a baseline for determining school success during the 1993-94 school year.

(2) Upon July 13, 1990, the state board shall contract with three (3) or more authorities in the field of performance assessment to design the specifications for the interim and full-scale statewide assessment development effort. The bid specifications shall include requirements that the successful bidder:

(a) Be a consultant to the Council on School Performance Standards as it develops the educational outcomes expected of students;

(b) Direct the development of the interim and full-scale assessment program; and

(c) Direct the development of the formula to be used to determine successful schools pursuant to KRS 158.6455.

The assessment authorities shall review the bids and make a recommendation to the board. The authorities shall have no pecuniary interest with the successful bidder.

(3) In addition to statewide testing for the purpose of determining school success, the board shall have the responsibility of assisting local school districts and schools in developing and using continuous assessment strategies needed to assure student progress.

(4) By October 1 of each year, local boards of education shall publish in the newspaper with the largest circulation in the county an annual performance report on district accomplishments and activities pertaining to performance goals including, but not limited to, retention rates and student performance, the districts' goals for the succeeding year, and other items as may be set forth in State Board for Elementary and Secondary Education administrative regulations.

"Section 3. KRS 158.6451 is amended to read as follows:

(1) Upon July 13, 1990, the Council on School Performance Standards established by Executive Order 89-151 shall be reconvened by the chairman to frame the following six (6) goals for the schools of the Commonwealth in measurable terms which define the outcomes expected of students:

(a) Schools shall expect a high level of achievement of all students.

(b) Schools shall develop their students' ability to:

1. Use basic communication and mathematics skills for purposes and situations they will encounter throughout their lives;
2. Apply core concepts and principles from mathematics, the sciences, the arts, the humanities, social studies, and practical living studies to situations they will encounter throughout their lives;
3. Become a self-sufficient individual;
4. Become responsible members of a family, work group, or community, including demonstrating effectiveness in community service;
5. Think and solve problems in school situations and in a variety of situations they will encounter in life; and
6. Connect and integrate experiences and new knowledge from all subject matter fields with what they have previously learned and build on past learning experiences to acquire new information through various media sources.

(c) Schools shall increase their students' rate of school attendance.

(d) Schools shall reduce their students' dropout and retention rates.

(e) Schools shall reduce physical and mental health barriers to learning.

(f) Schools shall be measured on the proportion of students who make a successful transition to work, post-secondary education, and the military.

(2) The Council on School Performance Standards shall employ necessary staff and shall be attached to the Department of Education for administrative purposes. Members of the council and its committees may receive reimbursement of actual expenses for attending meetings and may be reimbursed for other actual and necessary expenses incurred in the performance of their duties authorized by the council. The expenses shall be paid out of the appropriation for the council.

(3) ***(a)*** The Council on School Performance Standards shall establish a number of committees with statewide representation of certified personnel to frame the goals in measurable terms which specify the expected outcomes. The council shall make periodic progress reports and a final report by December 1, 1991, to the Governor, the State Board for Elementary and Secondary Education, and the Legislative Research Commission. After submitting its final report the council shall cease to exist. The State Board for Elementary and Secondary Education shall adopt the goals of the council.

(b) By December, 1994, the State Board for Elementary and Secondary Education shall review and revise the learner outcomes for the goals to assure that all outcomes are measurable.

(4) By July 1, 1993, the State Board for Elementary and Secondary Education shall disseminate to local school districts and schools a model curriculum framework which is directly tied to the goals, outcomes, and assessment strategies developed pursuant to this section and KRS 158.645 and 158.6453. The framework shall provide direction to local districts and schools as they develop their curriculum. The framework shall identify teaching and assessment strategies, instructional material resources, ideas on how to incorporate the resources of the community, a directory of model teaching sites, and alternative ways of using school time.

Section 4. KRS 158.6455 is amended to read as follows:

It is the intent of the General Assembly that schools succeed with all students and receive the appropriate consequences in proportion to that success.

(1) The State Board for Elementary and Secondary Education shall promulgate administrative regulations to establish a system of determining successful schools and dispensing appropriate rewards. The system shall be based on the following:

(a) A school shall be the unit of measure to determine success;

(b) School success shall be determined by measuring a school's improvement over a two (2) year period;

(c) A school shall be rewarded for an increased proportion of successful students, including those students who are at risk of school failure;

(d) A threshold level for school improvement shall be established by the board to determine the amount of success needed for a school to receive a reward. The threshold definition shall establish the percentage of increase required in a school's percentage of successful students as compared to a school's present proportion of successful students, with consideration given to the fact that a school closest to having one hundred percent (100%) successful students will have a lower percentage increase required;

(e) Rewards shall be given to the school on behalf of the full-time, part-time, and itinerant instructional staff of a school who generate the reward when the school achieves at least one percent (1%) gain over its threshold as defined in paragraph (d) of this subsection. Substitute teachers shall not be used in calculating the reward;

(f) Rewards shall be calculated by applying the percentage set by the General Assembly in the biennial budget to the current annual salary of each certified staff person employed in the school on the last working day of the year of the reward. The reward for part-time and itinerant staff shall be calculated for the proportion of time spent in the school. In determining the percentage to be applied to a school for calculation of the rewards for the school's staff, consideration shall be given to the fact that schools already having a high percentage of successful students shall have a lower requirement for a percentage increase in its number of successful students. The staff person's identity in connection to his share of the reward shall be maintained when his share of the reward is deposited to the school's account;

(g) The certified staff members shall by majority rule collectively decide on the ways the reward funds shall be spent. Each individual staff person shall use the amount he earned in accordance with the decisions made by the total staff. Rewards shall not be added to a staff person's base salary and shall not be defined as compensation for retirement purposes under KRS 161.220(10); and

(h) The Department of Education shall send the school's reward to the local district office for transmittal to the school.

(2) The State Board for Elementary and Secondary Education, after adopting the goals of the Council on School Performance Standards and determining the definition of a successful student, shall adopt by administrative regulation the formula to be used to determine successful schools. The formula shall be a calculus of factors which reflect the school ***goals***~~[outcomes]~~ described in KRS 158.6451***, except there shall be no measurement of the goals included in subsection (1)(b)3 and (1)(b)4***.

(3) A school that does not reach its threshold level as defined in paragraph (d) of subsection (1) of this section but maintains the previous proportion of successful students shall be required to develop a school improvement plan and shall be eligible to receive funds from the school improvement fund pursuant to KRS 158.805. A school that does not reach its threshold level but maintains the previous proportion of successful students after the second biennial review shall be required to meet the provisions of subsection (4) of this section.

(4) A school in which the proportion of successful students declines by less than five percent (5%) shall be required to develop a school improvement plan, shall be eligible to receive funds from the school improvement fund, and shall have one (1) or more Kentucky distinguished educators assigned to the school to carry out the duties as described in KRS 158.782. If the school does not meet its original threshold after the next biennial review, the school shall be subject to the requirements of subsection (5) of this section.

(5) ***(a) Except as provided in paragraph (b) of this subsection,*** a school in which the proportion of successful students declines by five percent (5%) or more shall be declared by the State Board for Elementary and Secondary

Education to be a "school in crisis." When a school is declared to be a "school in crisis," the following actions shall be required:

1.[~~(a)~~] The full-time and part-time certified staff of that school shall be placed on probation;

2.[~~(b)~~] The principal shall immediately notify the students' parents of the students' right to transfer to a successful school, with procedures for initiating the request;

3.[~~(c)~~] Within thirty (30) days after the declaration by the state board under this subsection or no later than thirty (30) days before the start of the next school year, whichever is later, any student in that school may request and shall be allowed to transfer to a successful school as determined under the provisions of subsection (2) of this section. The superintendent shall select the receiving successful school in the home district or make arrangements with a neighboring district. If two (2) districts cannot agree, the superintendent of the student's resident district shall request the State Board for Elementary and Secondary Education to resolve the issue and make a decision on the placement of the student within thirty (30) days of the request. The board of the district in which the student resides shall be responsible for all tuition and transportation costs incurred as a result of a student transferring from a "school in crisis" to a successful school. If a decline in student enrollment causes overstaffing at the "school in crisis," personnel shall be reduced or transferred pursuant to KRS 161.760 and 161.800.

4.[~~(d)~~] One (1) or more Kentucky distinguished educators shall be assigned to the school by the commissioner of education to carry out the duties as described in KRS 158.782. Notwithstanding any other statute to the contrary, at the end of six (6) months, the Kentucky distinquished educator shall evaluate and make a recommendation to the superintendent regarding the retention, dismissal, or transfer of each full-time and part-time certified staff member. Recommendations for transfer shall conform to any employer-employee bargained contract which is in effect. Recommendations for dismissal shall be binding on the superintendent who shall notify the staff member pursuant to KRS 161.790. This evaluation process shall continue every six (6) months until the school is no longer a "school in crisis" as determined by the State Board for Elementary and Secondary Education; and

5.[~~(e)~~] The school shall be required to develop a school improvement plan and shall be eligible to receive funds from the school improvement fund.

(b) A school qualifying as a "school in crisis" pursuant to paragraph (a) of this subsection on the basis of the 1993-1994 school year assessment shall be subject to subsection (4) of this section until the school's threshold level is calculated for the 1995-1996 school year.

(6) The State Board for Elementary and Secondary Education shall develop a system of rewards and sanctions for certified staff who are not assigned to a school in a local school district. The system shall be analogous to the system described in subsections (1) through (5) of this section. Rewards shall be given to non-school-based staff when the district's proportion of successful students increases above a threshold adopted by the state board and comparable to the threshold adopted for schools. Sanctions shall be imposed when the proportion of successful students in the district declines in the same proportion used to determine school sanctions under subsections (3), (4), and (5) of this section. A school district that does not meet its threshold shall be required to develop a district improvement plan defined in KRS 158.650.

(7) ***(a) Except as provided in paragraph (b) of this subsection,*** a school district in which the proportion of successful students declines by five percent (5%) or more shall be assigned one (1) or more Kentucky distinguished educators to assist the system, evaluate personnel, and notwithstanding any other statute to the contrary, make personnel recommendations every six (6) months on retention, dismissal, or transfer. Personnel recommendations shall be made to the superintendent. Recommendations on the superintendent's status shall be made to the local board of education. If the recommendation is to terminate the superintendent, the board shall terminate the contract pursuant to KRS 160.350. If a district has a declining proportion of successful students for two (2) consecutive biennial assessment periods, the district shall be declared an education development district pursuant to KRS 158.685 and the board members and the superintendent shall be removed under the provisions of KRS 156.132 and 156.136.

(b) A school district qualifying for sanctions pursuant to paragraph (a) of this subsection on the basis of the 1993-1994 school year assessment shall be subject to subsection (6) of this section until the district's threshold level is calculated for the 1995-1996 school year.

(8) The State Board for Elementary and Secondary Education shall adopt administrative regulations to establish a process whereby a school shall be allowed to appeal a performance judgment which it considers grossly unfair. The state board may adjust a performance judgment on appeal when evidence of highly unusual circumstances warrants the conclusion that the performance judgment is based on fraud or a mistake in computations, is arbitrary, is lacking any reasonable basis, or when there are significant new circumstances occurring during the biennial assessment period which are beyond the control of the school."

and dependent children under the age of nineteen (19) in the plan, but shall not pay the premiums for spouse or dependent child coverage.

Section 2. KRS 95.624 is amended to read as follows:

(1) In cities of the third class, any member of the police or fire department having served twenty (20) years or longer in the police or fire department may petition the board of trustees for retirement; and if his petition is granted, the board may order paid to him monthly fifty percent (50%) of his monthly salary at the time of retirement. This provision shall not apply if a salary is paid during the same period.

(b) If any member of the police or fire department becomes permanently disabled, physically or mentally, so as to render necessary his retirement from service in the department, the board of trustees shall retire him from service and order paid to him monthly fifty percent (50%) of his monthly salary at the time of his retirement.

(c) If any member of the police or fire department is killed or dies as the result of an injury received in the performance of duty, or dies of any disease contracted by reason of his occupation, or dies while in the service from any cause as a result of his service in the department, or dies in service or while on the retired list from any cause after one (1) year of service in the department and leaves a widow or a child under eighteen (18) years of age, the board of trustees shall order a pension paid to the widow, while unmarried, of one-half (1/2) of salary per month and for each child until it reaches the age of eighteen (18) years, twenty-four dollars ($24) per month. HB 505, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 95.860 is amended to read as follows:

(1) Upon death of a member due to occupational causes, regardless of length of service, his surviving widow shall be entitled immediately upon cessation of salary or annuity, as the case may be, to an annuity equal to fifty percent (50%) of the member's last rate of salary ***plus the total increase the retired member may have received in his annuity pursuant to KRS 95.859(3)***. This annuity shall be payable until she dies or remarries. No surviving widow shall receive an annuity of less than one hundred and fifty dollars ($150) per month. When Social Security benefits are increased, the minimum shall be increased by a like percentage, provided the increase shall not exceed five percent (5%). In addition, if minor children, under age eighteen (18), survive the member, the widow shall receive twenty-five percent (25%) of the member's last rate of salary until the last child attains age eighteen (18). The combined payments to a widow and minor children, excluding cost-of-living increases ***or increases in the survivor benefit due to increases the retired member may have received in his annuity pursuant to KRS 95.859(3)***, shall not exceed seventy-five percent (75%) of his final rate of salary.

(2) If a widow does not survive the member, or if she remarries, and minor children under age eighteen (18) exist, the children shall be entitled to the benefits provided in KRS 95.861(3).

(3) If neither a widow nor minor children, eligible for benefits survive the member, each dependent parent shall be entitled to an annuity equal to twenty-five percent (25%) of the member's last rate of salary, or fifty percent (50%) to both

parents.

(4) If a widow would receive from a combination of: (a) survivor benefits pursuant to this section, excluding benefits for minor children ***or increases in the survivor benefit due to increases the retired member may have received in his annuity pursuant to KRS 95.859(3)***, and (b) workers' compensation benefits, excluding dependent children's allowances or payments for medical expenses or legal fees related to the workers' compensation claim, an amount greater than one hundred percent (100%) of the deceased member's last rate of salary, then the pension system survivor benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The survivor benefit shall not be reduced, however, below an amount equal to two and one-half percent (2-1/2%) of average salary for each year of the deceased member's service. Any reduction in the survivor payment shall be based upon workers' compensation benefits applicable at the time the survivor payment is granted, and not upon subsequent increases in either benefit. If workers' compensation benefits are reduced at a subsequent time, the surviving spouse shall inform the board, and the board shall increase the survivor's benefit by the amount of the reductions, but not by more than an amount which would increase the survivor's benefit to fifty percent (50%) of last rate of salary, excluding cost-of-living increases ***or increases in the survivor benefit due to increases the retired member may have received in his annuity pursuant to KRS 95.859(3)***. The board of trustees may pay estimated benefits to a surviving spouse, upon qualification for the benefits, based upon an estimate of workers' compensation benefits until such amounts are actually determined, at which time a final calculation of the spouse's actual benefits shall be determined and the account corrected retroactive to the effective date of the survivor benefit. If workers' compensation benefits are paid in lump sums, the board shall reduce the survivor benefit on a monthly rather than a lump-sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the survivor. The board may request the assistance of the general manager of Kentucky retirement systems to calculate the reduction in survivor benefits when lump-sum payments are involved, and the general manager shall provide such assistance upon request.

(5) A surviving child or parent receiving benefits pursuant to this section shall receive the same cost-of-living increase granted to retirees pursuant to KRS 95.859(3). A surviving spouse who does not receive an increase pursuant to subsection (1) of this section shall receive the same increase an annuitant receives pursuant to KRS 95.859(3).

Section 2. KRS 95.861 is amended to read as follows:

(1) Upon death of a member occurring while in service, arising from any cause other than in the performance of duty, provided the member has had at least three (3) years of total service, his widow shall receive an annuity equal to one and one-half percent (1-1/2%) of average salary for each year of total service, credited to the member, ***plus the total increase the retired member may have received in his retirement annuity pursuant to KRS 95.859(3),*** subject to a maximum payment, excluding cost-of-living increases ***of the member or the widow***, to the widow of fifty percent (50%). If the member has had at least ten (10) years of total service, the widow shall receive an annuity of no less than one hundred and fifty dollars ($150) per month, and when Social Security benefits are increased, the minimum shall be increased by a like percentage, but the increase shall not exceed five percent (5%). Payment of the annuity shall be subject to the following conditions:

(a) The widow had been married to the member at least one (1) year prior to his death;

(2) For purposes of this section the terms listed below shall have the following meanings:

(a) "Critical shortage area" means an understaffing of teachers in particular subject matters at the secondary level, in grade levels, or in geographic locations at the elementary and secondary level, as determined by the commissioner of education in consultation with the authority. The commissioner and the authority may use any source considered reliable including, but not limited to, local education agencies to identify the critical shortage areas.

(3) The authority may, to the extent of appropriations and other funds available to it pursuant to subsection (9) of this section, award teacher scholarships to persons eligible under subsection (4) of this section, who declare an intention to enter the teaching profession and render qualified teaching service. Each teacher scholarship shall be evidenced by a promissory note that requires repayment or cancellation pursuant to subsection (6) of this section.

(c) Applicants, other than certified teachers, with earned college credits shall have attained at least the equivalent of a 2.5 grade point average on a 4.0 scale for all undergraduate work; and

(b) A teacher scholarship shall not be awarded or a promissory note cancellation shall not be granted to any person who is in default on any obligation to the authority under any program administered by the authority pursuant to KRS 164.740 to 164.785 until financial obligations to the authority are satisfied, except that ineligibility for this reason may be waived by the authority for cause.

(c) Recipients shall render one (1) semester of qualified teaching service for each semester of scholarship received, except that recipients who teach in a critical shortage area designated by the authority shall render one (1) semester of qualified teaching service as repayment for two (2) semesters of scholarships received. number of promissory notes.

(d) ***If the recipient of a teacher scholarship fails to complete an eligible program of study at a participating institution or fails to render qualified teaching service in any semester following certification or recertification, unless the failure is temporarily waived for cause by the authority, the recipient shall immediately become liable to the authority for repayment of the sum of all outstanding promissory notes and accrued interest. Persons liable for repayment of scholarships under this paragraph shall be liable for interest accruing from the dates on which the teacher scholarships were disbursed;***

(g) ***Notwithstanding any other statute to the contrary, the maximum interest rate applicable to repayment of a promissory note under this section shall be twelve percent (12%) per annum, except that if a judgment is rendered to recover payment, the judgment shall bear interest at the rate of five percent (5%) greater than the rate actually charged on the promissory note.***

(7) ***A repayment obligation imposed by this section shall not be voidable by reason of the age of the recipient at the time of receiving the teacher scholarship.***

(8) ***Failure to meet repayment obligations imposed by this section shall be cause for the revocation of a person's teaching certificate, subject to the procedures set forth in KRS 161.120.***

(9) ***All moneys repaid to the authority under this section shall be added to the appropriations made for purposes of this section, and the funds and unobligated appropriations shall not lapse.***

(10) ***The authority may execute appropriate contracts and promissory notes for administering this section.***

(11) ***If available funds are insufficient for all requested scholarships for eligible applicants during any fiscal year, the authority shall give priority consideration to eligible applicants who previously received teacher scholarships. If funds are insufficient to make all requested renewal scholarships to eligible applicants, the authority shall reduce all scholarship awards to the extent necessary to provide scholarships to all qualified renewal applicants. If, after awarding all eligible renewal applicants, funds are not depleted, initial applications shall be ranked according to regulatory selection criteria and awards made to the most highly qualified applicants until funds are depleted. The provisions of KRS 161.760 shall not apply to any transfer made in order to comply with the provisions of this paragraph.

(3) No superintendent shall employ in a position which involves supervisory or disciplinary power over a minor, any person who is a violent offender or has been convicted of a sex crime as defined by KRS 17.165 which is classified as a felony. The superintendent may employ, at his discretion, persons convicted of sex crimes classified as a misdemeanor. Each superintendent shall request all conviction information for any applicant for initial employment from the Justice Cabinet prior to employing the applicant.

(1) Employs and compensates all teachers for not less than one hundred eighty-five (185) days. The State Board ***of*** ~~[for Elementary and Secondary]~~ Education, upon recommendation of the chief state school officer, shall prescribe procedures by which this requirement may be reduced during any year for any district which employs teachers for less than one hundred and eighty-five (185) days, in which case the eligibility of a district for participation in the public school fund shall be in proportion to the length of time teachers actually are employed;

(2) Operates all schools for a term as provided in KRS 158.070 and administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education. If the school term is less than one hundred eighty-five (185) days for any reason not approved by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education on recommendation of the chief state

school officer, the eligibility of a district for participation in the public school fund shall be in proportion to the length of term the schools actually operate;

(3) Compensates all teachers on the basis of a single salary schedule and in conformity with the provisions of KRS 157.310 to 157.440;

Determination of failure to comply shall be made by the Department of Education after a hearing requested by any person within the school district. A district under this subsection shall, at such hearing, have an opportunity to show inability to comply.

Section 72. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. No later than October 1, 1993, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights, the General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs; and

(c) Transportation costs. The per pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board ***of*** ~~[for Elementary and Secondary]~~ Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except in classes combining pupils from two (2) or more grade levels, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the State Board ***of*** ~~[for Elementary and Secondary]~~

Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the State Board *of* ~~[for Elementary and Secondary]~~ Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Office of Vocational Education in the Department of Education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the State

Department of Education to determine that the summer plan has been properly executed.

(c) For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding excluding the capital outlay, shall be allotted for each child in average daily attendance in the current school year who has been properly identified according to State Board ***of*** ~~[for Elementary and Secondary]~~ Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Department of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

Section 73. KRS 157.370 is amended to read as follows:

(1) In determining the cost of transportation for each district, the chief state school officer shall determine the average cost per pupil per day of transporting pupils in districts having a similar density of transported pupils per square mile of area served by not less than nine (9) different density groups.

(2) The annual cost of transportation shall include all current costs for each district plus annual depreciation of pupil transportation vehicles calculated in accordance with the administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education for such districts that operate district-owned vehicles.

(3) The aggregate and average daily attendance of transported pupils shall include all public school pupils transported at public expense who live one (1) mile or more from school. Handicapped children may be included who live less than this distance from school. The aggregate and average daily attendance referred to in this subsection shall be the aggregate and average daily attendance of transported pupils the prior year adjusted for current year increases in accordance with State Board ***of*** ~~[for Elementary and Secondary]~~ Education administrative regulations.

(4) The square miles of area served by transportation shall be determined by subtracting from the total area in square miles of the district the area not served by transportation in accordance with administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education. However, if one (1) district authorizes another district to provide transportation services for a part of its area, this area shall be deducted from the area served by the authorizing district and added to the area served by the district actually providing the transportation.

(5) The density of transported pupils per square mile of area served for each district shall be determined by dividing the average daily attendance of transported pupils by the number of square miles of area served by transportation.

(6) The chief state school officer shall determine the average cost per pupil per day of transporting pupils in districts having a similar density by constructing a smoothed graph of cost for the density groups required by subsection (1). This graph shall be used to construct a scale showing the average costs of transportation for districts having a similar density of transported pupils. Costs shall be determined separately for county school districts and independent school districts. No independent school district will receive an average cost per pupil per day in excess of the minimum received by any county district or districts. These costs shall be the costs per pupil per day of transported pupils included in the public school fund and these costs shall be recalculated each biennium.

(7) The scale of transportation costs included in the fund to support education excellence in Kentucky for county and independent districts is determined in accordance with the provisions of KRS 157.310 to 157.440 for the biennium beginning July 1, 1990.

(8) The cost of transporting a district's pupils from the parent school to a state vocational-technical school or to a vocational educational center shall be calculated separately from the calculation required by subsections (1) through (7) of this section. The amount calculated shall be paid separately to each district from program funds budgeted for vocational pupil transportation, as a reimbursement based on the district's cost for providing this service. The amount of reimbursement shall be calculated in accordance with State Board ***of*** ~~[for Elementary and Secondary]~~ Education administrative regulations. In the event that the appropriation for vocational pupil transportation in the biennial budget is insufficient to meet the total calculated cost of this service for all districts, the amount paid to each district shall be ratably reduced. For the purpose of this subsection, the parent school shall be interpreted to mean that school in which the pupil is officially

enrolled in a district's public common school system.

(9) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall determine the type of handicapped pupil that qualifies for special type transportation to and from school. Those qualified pupils for which the district provides special type transportation shall have their aggregate days' attendance multiplied by five (5.0) and added to that part of the district's aggregate days' attendance that is multiplied by the district's adjusted cost per pupil per day in determining the district's pupil transportation program cost for allotment purposes.

Section 74. KRS 157.390 is amended to read as follows:

(1) (a) The chief state school officer, under administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, shall classify teachers in rank as follows:

Rank I. Those holding regular certificates and who have a master's degree in a subject field approved by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education or equivalent preparation and who have earned thirty (30) semester hours of approved graduate work or its equivalent, and those teachers who, as of September 1, 1962, were included in Rank I, having earned twenty-four (24) semester hours of additional approved graduate work.

Rank II. Those holding regular certificates and who have a master's degree in a subject field approved by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education or equivalent preparation.

Rank IV. Those holding certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent.

Rank V. Those holding certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(b) In determining ranks, the chief state school officer, under administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The chief state school officer, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(c) Nothing in this subsection shall allow the State Board ***of*** ~~[for Elementary and Secondary]~~ Education by regulation to reclassify downward any teachers currently in Ranks I or II.

(2) The chief state school officer, under administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, shall classify teachers in each rank by their years of experience for purposes of the state teacher salary schedule as follows:

1. Zero (0) to three (3) years;
2. Four (4) to nine (9) years;
3. Ten (10) to fourteen (14) years;
4. Fifteen (15) to nineteen (19) years; and
5. Twenty (20) or more years.

(3) (a) The rank and experience of the teacher shall be determined on September 15.

(b) The amount to be included in each school year in the base funding level of a district for teachers' salaries shall be based on the categories of experience in subsection (2) of this section.

(4) The amount to be included in the base funding level for capital outlay shall be determined by multiplying the average daily attendance by the amounts set forth in the biennial budget.

(5) The amount to be included in the public school fund of each district for transportation shall be determined in accordance with the provisions of KRS 157.370.

(6) The total amount of money distributable to each district from the public school fund shall be the sum of the allotments in subsections (3), (4), and (5) of this section, less the amount of local tax revenues generated for school purposes, up to a maximum equivalent local rate of thirty cents ($0.30) as defined by KRS 157.615(6).

(7) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall create a Kentucky professional compensation plan. The plan shall be designed to compensate all teachers at adequate and competitive salary levels throughout their teaching careers. The plan shall establish progressive salary levels with advancement opportunities based upon the professional skills of the teacher and include education, rank, years of teaching service, related duties, specialized training, nonteaching experience, length of work year, performance, and any other professionally-recognized factors which the board considers relevant. The plan shall be developed during the 1992-94 biennium. Development work shall be conducted by Department of Education staff with support from recognized compensation experts, and staff from the

Legislative Research Commission, the Office of Education Accountability, and the Governor's Office of Policy and Management. Upon approval by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, the new plan, and its fiscal impact shall be submitted to the General Assembly.

Section 75. KRS 157.410 is amended to read as follows:

For each school year the Finance and Administration Cabinet, on the certification of the chief state school officer, shall draw warrants on the State Treasurer for the amount of the public school fund due each district. Checks shall be issued by the State Treasurer and transmitted to the Department of Education for distribution to the proper officials of the school districts when the districts have fully complied with the school laws and administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education. The chief state school officer shall determine on or before August 15 of each year the tentative allotment of school funds to which each district is entitled under the provisions of KRS 157.310 to 157.440. On July 1, August 1, and September 1, of each fiscal year, one-twelfth (1/12) of the prior year's allotment minus the capital outlay shall be paid each school district. On the first of each month thereafter until the final calculation is completed, one-twelfth (1/12) of each district's share of the tentative calculation for instructional salaries, current expenses, and transportation of the public school fund shall be distributed. On or before May 1 of each year the chief state school officer shall determine the exact amount of the public common school fund to which each district is entitled and the remainder of the amount due each district for the year shall be distributed in equal installments beginning the first month after completion of final calculation and for each successive month thereafter. Capital outlay shall be made in two (2) payments. The first, on or before October 1, shall be one-half (1/2) of the amount calculated on the tentative allocation for capital outlay. The balance due shall be paid on or before May 1.

Section 76. KRS 157.420 is amended to read as follows:

Public school funds made available to the credit of each district during any year shall be received, held, and expended by the district board, subject to the provisions of law and administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education. The following restrictions shall govern the expenditure of funds from the public school fund:

(1) The teachers' salaries allotment for each district from the public school fund and from local sources shall be used only for teachers holding properly authorized certificates. The salary paid any rank of teachers shall be at least equivalent to the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days for full-time service during the regular school year or the allotment under KRS 157.390(3) shall be reduced by an amount equal to the amount by which the district failed to meet the salary requirements.

(2) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall not approve any working budget or salary schedule summary for local boards of education for any school year in which the total amount for one hundred eighty-five (185) days on the salary schedule summary for salaries paid from the base funding is not equal to:

  (a) The amount for one hundred eighty-five (185) days on the district's salary schedule summary for instructional salaries paid with state funds the preceding year; plus

  (b) The additional amount for instructional salaries to be received by the district under the biennial budget schedule for a one hundred eighty-five (185) day school term by assuming the same rank and experience of teachers in the current year as in the preceding year.

(3) A district that compensates its teachers or employees for unused sick leave at the time of retirement, pursuant to KRS 161.155, may create an escrow account to maintain the amount of funds necessary to pay teachers or employees who qualify for receipt of the benefit. The fund is limited to not more than fifty percent (50%) of the maximum liability for the current year. Interest generated by the account shall be calculated as part of the total amount. The funds shall not be used for any purpose other than compensation for unused sick leave at the time of retirement and shall not be considered as part of the general fund balance in determining available local revenue for purposes of KRS 157.620.

(4) The per pupil capital outlay allotment for each district from the public school fund and from local sources shall be kept in a separate account and may be used by the district only for capital outlay projects approved by the chief state school officer in accordance with requirements of law, and based on a survey made in accordance with administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education. These funds shall be used for the following capital outlay purposes:

  (a) For direct payment of construction costs;

  (b) For debt service on voted and funding bonds;

  (c) For payment or lease-rental agreements under which the board eventually will acquire ownership of a school plant;

  (d) For the retirement of any deficit resulting from over-expenditure for capital construction, if such deficit resulted from an emergency declared by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education under KRS 160.550; and

  (e) As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets.

(5) If any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the chief state school officer under administrative regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, may authorize

the district to use all or a proportionate fraction of its capital outlay allotment for current expenses. However, a district which uses capital outlay funds for current expenses shall not be eligible to participate in the School Facilities Construction Commission funds.

(6) If a survey shows that a school district has no capital outlay needs as shown in paragraphs (a), (b), (c), and (d) of subsection (4) of this section, upon approval of the chief state school officer, these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment, purchase of school buses, and the purchase of modern technological equipment, including telecommunications hardware, televisions, computers, and other technological hardware to be utilized for educational purposes only.

(7) In surveying the schools, the Department of Education shall designate each school facility as a permanent, functional, or transitional center.

The framework shall provide direction to local districts and schools as they develop their curriculum. The framework shall identify teaching and assessment strategies, instructional material resources, ideas on how to incorporate the resources of the community, a directory of model teaching sites, and alternative ways of using school time.

Section 92. KRS 158.6453 is amended to read as follows:

(1) The State Board ***of*** [~~for Elementary and Secondary~~] Education shall be responsible for creating and implementing a statewide, primarily performance-based assessment program to ensure school accountability for student achievement of the goals set forth in KRS 158.645. The program shall be implemented as early as the 1993-94 school year but no later than the 1995-96 school year. The board shall also be responsible for administering an interim testing program to assess student skills in reading, mathematics, writing, science, and social studies in grades four (4), eight (8), and twelve (12). The tests shall be designed to provide the state with national comparisons and shall be the same as, or similar to those used by the National Assessment of Educational Progress. The interim testing program shall begin during the 1991-92 school year and shall be administered to a sample of students representative of each school and the state as a whole. The test scores shall be used, along with other factors described in KRS 158.6451, to establish a baseline for determining school success during the 1993-94 school year.

(2) Upon July 13, 1990, the state board shall contract with three (3) or more authorities in the field of performance assessment to design the specifications for the interim and full-scale statewide assessment development effort. The bid specifications shall include requirements that the successful bidder:

  (a) Be a consultant to the Council on School Performance Standards as it develops the educational outcomes expected of students;

  (b) Direct the development of the interim and full-scale assessment program; and

  (c) Direct the development of the formula to be used to determine successful schools pursuant to KRS 158.6455.

The assessment authorities shall review the bids and make a recommendation to the board. The authorities shall have no pecuniary interest with the successful bidder.

(3) In addition to statewide testing for the purpose of determining school success, the board shall have the responsibility of assisting local school districts and schools in developing and using continuous assessment strategies needed to assure student progress.

(4) By October 1 of each year, local boards of education shall publish in the newspaper with the largest circulation in the county an annual performance report on district accomplishments and activities pertaining to performance goals including, but not limited to, retention rates and student performance, the districts' goals for the succeeding year, and other items as may be set forth in State Board ***of*** ~~[for Elementary and Secondary]~~ Education administrative regulations.

Section 93. KRS 158.6455 is amended to read as follows:

It is the intent of the General Assembly that schools succeed with all students and receive the appropriate consequences in proportion to that success.

(1) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall promulgate administrative regulations to establish a system of determining successful schools and dispensing appropriate rewards. The system shall be based on the following:

  (a) A school shall be the unit of measure to determine success;

  (b) School success shall be determined by measuring a school's improvement over a two (2) year period;

  (c) A school shall be rewarded for an increased proportion of successful students, including those students who are at risk of school failure;

  (d) A threshold level for school improvement shall be established by the board to determine the amount of success needed for a school to receive a reward. The threshold definition shall establish the percentage of increase required in a school's percentage of successful students as compared to a school's present proportion of successful students, with consideration given to the fact that a school closest to having one hundred percent (100%) successful students will have a lower percentage increase required;

  (e) Rewards shall be given to the school on behalf of the full-time, part-time, and itinerant instructional staff of a school who generate the reward when the school achieves at least one percent (1%) gain over its threshold as defined in paragraph (d) of this subsection. Substitute teachers shall not be used in calculating the reward;

  (f) Rewards shall be calculated by applying the percentage set by the General Assembly in the biennial budget to the current annual salary of each certified staff person employed in the school on the last working day of the year of the reward. The reward for part-time and itinerant staff shall be calculated for the proportion of time spent in the school. In determining the percentage to be applied to a school for calculation of the rewards for the school's staff, consideration shall be given to the fact that schools already having a high percentage of successful students shall have a lower requirement for a percentage increase in its number of successful students. The staff person's identity in connection to his share of the reward shall be maintained when his share of the reward is deposited to the school's account;

  (g) The certified staff members shall by majority rule collectively decide on the ways the reward funds shall be spent. Each individual staff person shall use the amount he earned in accordance with the decisions made by the total staff. Rewards shall not be added to a staff person's base salary and shall not be defined as compensation for retirement purposes under KRS 161.220(10); and

  (h) The Department of Education shall send the school's reward to the local district office for transmittal to the school.

(2) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education, after adopting the goals of the Council on School Performance Standards and determining the definition of a successful student, shall adopt by administrative regulation the formula to be used to determine successful schools. The formula shall be a calculus of factors which reflect the school outcomes described in KRS 158.6451.

(3) A school that does not reach its threshold level as defined in paragraph (d) of subsection (1) of this section but maintains the previous proportion of successful students shall be required to develop a school improvement plan and shall be eligible to receive funds from the school improvement fund pursuant to KRS 158.805. A school that does not reach its threshold level but maintains the previous proportion of successful students after the second biennial review shall be

required to meet the provisions of subsection (4) of this section.

(4) A school in which the proportion of successful students declines by less than five percent (5%) shall be required to develop a school improvement plan, shall be eligible to receive funds from the school improvement fund, and shall have one (1) or more Kentucky distinguished educators assigned to the school to carry out the duties as described in KRS 158.782. If the school does not meet its original threshold after the next biennial review, the school shall be subject to the requirements of subsection (5) of this section.

(5) A school in which the proportion of successful students declines by five percent (5%) or more shall be declared by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education to be a "school in crisis." When a school is declared to be a "school in crisis," the following actions shall be required:

(a) The full-time and part-time certified staff of that school shall be placed on probation;

(b) The principal shall immediately notify the students' parents of the students' right to transfer to a successful school, with procedures for initiating the request;

(c) Within thirty (30) days after the declaration by the state board under this subsection or no later than thirty (30) days before the start of the next school year, whichever is later, any student in that school may request and shall be allowed to transfer to a successful school as determined under the provisions of subsection (2) of this section. The superintendent shall select the receiving successful school in the home district or make arrangements with a neighboring district. If two (2) districts cannot agree, the superintendent of the student's resident district shall request the State Board ***of*** ~~[for Elementary and Secondary]~~ Education to resolve the issue and make a decision on the placement of the student within thirty (30) days of the request. The board of the district in which the student resides shall be responsible for all tuition and transportation costs incurred as a result of a student transferring from a "school in crisis" to a successful school. If a decline in student enrollment causes overstaffing at the "school in crisis," personnel shall be reduced or transferred pursuant to KRS 161.760 and 161.800.

(d) One (1) or more Kentucky distinguished educators shall be assigned to the school by the commissioner of education to carry out the duties as described in KRS 158.782. Notwithstanding any other statute to the contrary, at the end of six (6) months, the Kentucky distinquished educator shall evaluate and make a recommendation to the superintendent regarding the retention, dismissal, or transfer of each full-time and part-time certified staff member. Recommendations for transfer shall conform to any employer-employee bargained contract which is in effect. Recommendations for dismissal shall be binding on the superintendent who shall notify the staff member pursuant to KRS 161.790. This evaluation process shall continue every six (6) months until the school is no longer a "school in crisis" as determined by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education; and

(e) The school shall be required to develop a school improvement plan and shall be eligible to receive funds from the school improvement fund.

(6) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall develop a system of rewards and sanctions for certified staff who are not assigned to a school in a local school district. The system shall be analogous to the system described in subsections (1) through (5) of this section. Rewards shall be given to non-school-based staff when the district's proportion of successful students increases above a threshold adopted by the state board and comparable to the threshold adopted for schools. Sanctions shall be imposed when the proportion of successful students in the district declines in the same proportion used to determine school sanctions under subsections (3), (4), and (5) of this section. A school district that does not meet its threshold shall be required to develop a district improvement plan defined in KRS 158.650.

(7) A school district in which the proportion of successful students declines by five percent (5%) or more shall be assigned one (1) or more Kentucky distinguished educators to assist the system, evaluate personnel, and notwithstanding any other statute to the contrary, make personnel recommendations every six (6) months on retention, dismissal, or transfer. Personnel recommendations shall be made to the superintendent. Recommendations on the superintendent's status shall be made to the local board of education. If the recommendation is to terminate the superintendent, the board shall terminate the contract pursuant to KRS 160.350. If a district has a declining proportion of successful students for two (2) consecutive biennial assessment periods, the district shall be declared an education development district pursuant to KRS 158.685 and the board members and the superintendent shall be removed under the provisions of KRS 156.132 and 156.136.

(8) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall adopt administrative regulations to establish a process whereby a school shall be allowed to appeal a performance judgment which it considers grossly unfair. The state board may adjust a performance judgment on appeal when evidence of highly unusual circumstances warrants the conclusion that the performance judgment is based on fraud or a mistake in computations, is arbitrary, is lacking any reasonable basis, or when there are significant new circumstances occurring during the biennial assessment period which are beyond the control of the school.

(5) The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall establish maximums for specific grant awards. All fund recipients shall provide the board with an accounting of all money received from the fund and shall report the results and conclusions of any funded projects to the State Board ***of*** ~~[for Elementary and Secondary]~~ Education. All fund recipients shall provide the board with adequate documentation of all projects to enable replication of successful projects in other areas of the state.

(e) Who is enrolled and in regular attendance in private, parochial, or church school programs for exceptional children; or

(f) Who is enrolled and in regular attendance in a state-supported program for exceptional children;

(g) For purposes of this section, "church school" shall mean a school operated as a ministry of a local church, group of churches, denomination, or association of churches on a nonprofit basis.

(2) Before granting an exemption under subsection (1)(d) of this section the State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall require satisfactory evidence, in the form of a signed statement of a licensed physician, psychologist or psychiatrist, or public health officer, that the condition of the child prevents or renders inadvisable attendance at school or application to study. On the basis of such evidence the board may exempt the child from compulsory attendance. Any child who is excused from school attendance more than six (6) months shall have two (2) signed statements from a combination of the following professional persons: a licensed physician, psychologist, psychiatrist, and health officer. Exemptions of all children under the provisions of subsection (1)(d) of this section shall be reviewed annually with the evidence required being updated.

(3) For any child who is excluded under the provisions of subsection (1)(d) of this section, home, hospital, institutional, or other regularly scheduled and suitable instruction meeting standards, rules and regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall be provided.

Section 105. KRS 159.040 is amended to read as follows:

Attendance at private and parochial schools shall be kept by the authorities of such schools in a register provided by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, and such school authorities shall make attendance and scholarship reports in the same manner as is required by law or by regulation of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education of public school officials. Such schools shall at all times be open to inspection by directors of pupil personnel and officials of the Department of Education.

Section 106. KRS 159.070 is amended to read as follows:

Each school district shall constitute a separate attendance district unless two (2) or more contiguous school districts, with the approval of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, unite to form one (1) attendance district. Controversies arising in attendance districts relating to attendance matters shall be submitted to the State Board ***of*** ~~[for Elementary and Secondary]~~ Education for settlement. In case an agreement suitable to all parties cannot be reached, the State Board ***of*** ~~[for Elementary and Secondary]~~ Education may dissolve a united district. In case of dissolution, each school district involved may unite with other contiguous school districts in forming a united attendance district or may act as a separate attendance district. Within the appropriate school district attendance area, parents or legal guardians shall be permitted to enroll their children in the public school nearest their home.

Section 107. KRS 159.080 is amended to read as follows:

Certificates valid on January 1, 1956, for attendance officer shall hereafter be valid for the positions of director of pupil personnel. Certificates shall be reissued or renewed in accordance with the terms of the state board regulations applying at the date of issue.

(3) Directors of pupil personnel and assistants shall be allowed their necessary and authorized expenses incurred in the performance of their duties. Each board shall bear the expense of its directors of pupil personnel and assistants incurred in its district.

(4) The office of the superintendent of schools shall be the office of the director of pupil personnel and suitable space shall be provided therein or adjacent thereto for him.

Section 108. KRS 159.130 is amended to read as follows:

The director of pupil personnel and his assistants shall be vested with the powers of peace officers, provided, however, that they shall not have the authority to serve warrants. They may investigate in their district any case of nonattendance at school of any child of compulsory school age or suspected of being of that age. They may take such action in accordance with law as the superintendent directs. They may under the direction of the superintendent of schools and the board of education or the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, institute proceedings against any person violating any provisions of the laws relating to compulsory attendance and the employment of children. They may enter all places where children are employed and do whatever is necessary to enforce the laws relating to compulsory attendance and employment of children of compulsory school age. No person shall refuse to permit or in any way interfere with the entrance therein of a director of pupil personnel or in any way interfere with any investigation therein.

Section 109. KRS 159.140 is amended to read as follows:

The director of pupil personnel shall:

(1) Devote his entire time to the duties of his office;

(2) Enforce the compulsory attendance and census laws in the attendance district he serves;

(4) Ascertain the causes of irregular attendance and truancy, and seek the elimination of these causes;

(5) Secure the enrollment in school of all children who should be enrolled and keep all enrolled children in reasonably regular attendance;

(6) Visit the homes of children who are absent from school or who are reported to be in need of books, clothing, or parental care;

(7) Report to the superintendent of schools in the district in which the child resides the number and cost of books and school supplies needed by any child whose parent, guardian, or custodian does not have sufficient income to furnish the child with the necessary books and school supplies;

(8) Keep the records and make the reports that are required by law, by regulation of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, and by the superintendent and board of education.

Section 110. KRS 159.170 is amended to read as follows:

Whenever any child of compulsory school age withdraws from school, the teacher of the child shall ascertain the reason. The fact of the withdrawal and the reason for it shall be immediately transmitted by the teacher to the superintendent of schools of the district in which the school is located. If the child has withdrawn because of change of residence, the next residence shall be ascertained and included in the report. The superintendent shall thereupon forward a card showing the essential facts regarding the child and stating the place of his new residence to the superintendent of schools of the district to which the child has moved. The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall prescribe the forms to be used in the operation of this section.

Section 111. KRS 160.020 is amended to read as follows:

All school districts embracing cities of the first five (5) classes together with the territory within their limits, including any territory added for school purposes outside of the city limits, and all independent graded common school districts having a school census enumeration of two hundred (200) or more children, constitute independent school districts, except those which have merged with a county school district since June 14, 1934. No independent district other than a city of the first five (5) classes shall continue to operate when its school census enumeration of children falls below two hundred (200) pupils unless it appears to the State Board ***of*** ~~[for Elementary and Secondary]~~ Education that the district can maintain a more efficient program of school service by operating as an independent district.

Section 112. KRS 160.041 is amended to read as follows:

(1) When a board of education of an independent school district desires to have its district become a part of the county school district, it shall by motion so record its desire in the minutes of the board. The board, or its executive officer, shall convey this request to the county board of education. At its next regular meeting, or at a special meeting held prior thereto, the county board of education shall pass upon this request.

(2) If the county board of education refuses, or the two (2) boards of education cannot agree upon such a proposition of merger of the independent district with the county district, the question of merger shall be submitted to the qualified voters of the two (2) districts at the next regular election.

(a) If a majority of those voting on the question favor merger, the school boards of the two (2) school districts shall jointly develop a plan for adoption of the merger.

(b) If the two (2) school boards cannot agree to the terms of merger within sixty (60) days following the date of the regular election, the chief state school officer shall develop the terms of the adoption of merger.

(c) Notwithstanding subsection (2)(a) of this section, if the independent school district cannot meet its current operating expenses from projected revenue and if the two (2) school boards cannot agree to the terms of a merger, the proposition of merger shall be submitted to the State Board ***of*** ~~[for Elementary and Secondary]~~ Education and the State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall determine whether the two (2) districts should be merged and if merged the terms thereto.

(d) Upon completion of the plan for adoption of the merger, whether prepared by the school boards or the superintendent, it shall become effective and the independent district shall become a part of the county school district as set out in the plan.

Section 113. KRS 160.045 is amended to read as follows:

(1) If seventy-five percent (75%) of either the registered voters or property owners in an area adjacent to either a county or independent school district petition the respective school boards for a transfer of said property to the school board district other than that in which it is located, or if either board initiates such action, the school boards may effect the transfer by agreement, duly spread upon the minutes of their respective boards.

(2) If the boards fail to agree within ninety (90) days from the filing of petitions for the transfer, either board may petition the chief state school officer for approval or disapproval of the transfer of the property involved. In his consideration for giving approval or disapproval, he shall be governed by any policies and rules and regulations of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education which may be affected by the transfer of the property and shall give due consideration to the following: the ratio of the wealth of the territory involved in its relation to the total wealth of the district from which the territory will be annexed; the effect of the proposed territorial loss or gain on the educational programs of the respective districts; extent of and effect on the physical plant, facilities, and equipment available in each of the affected districts; the indebtedness and bonded or rental obligations of the respective districts; any contemplated indebtedness or obligation arising out of the proposed transfer; and other factors as may have a bearing upon the determination of the desirability of the proposed annexation from the vantage point of all interested persons.

(3) In those instances where the requested transfer will result in a surplus of physical plant, facilities, or equipment in the transferring school district, the chief state school officer shall determine an equitable plan for the transfer of any surplus to the annexing district as his plan may determine will be needed. His plan shall be based on the fair value of such property on a replacement basis, taking into consideration its age and condition. In any considerations and suggestions which he may propose for the settlement of the differences between the boards of education, he shall be bound by any agreements outstanding between the boards of education of the school districts on July 15, 1982.

(4) If the chief state school officer is unable to arrive at a satisfactory agreement with the two (2) boards of education concerning the transfer of the involved property within one hundred twenty (120) days from the time it is presented to him, either board may request that he bring the matter on for hearing before the State Board ***of*** ~~[for Elementary and Secondary]~~ Education at its next regularly scheduled meeting. In that event, he shall file with the State Board ***of*** ~~[for Elementary and Secondary]~~ Education all the facts which he has gathered, the recommendation he has made, and the basis for his recommendation, for their consideration. In those instances where, after giving consideration to the factors set forth in subsection (2) of this section, the chief state school officer determines that a transfer of only a portion of the territory in question is in the best interest of the respective districts, he may recommend to the State Board ***of*** ~~[for Elementary and Secondary]~~ Education a modified plan of transfer of territory.

(5) Within at least ten (10) days before the holding of any hearing provided for in subsection (4) of this section, the chief state school officer shall serve written notice thereof by certified mail, return receipt requested, on the respective boards fixing the time and place at which the hearing shall be conducted. All hearings provided for herein shall be open to the public, and any interested person may appear and be heard in accordance with the rules and regulations as the State Board ***of*** ~~[for Elementary and Secondary]~~ Education may prescribe with reference thereto.

Section 114. KRS 160.048 is amended to read as follows:

(1) The General Assembly hereby finds that from time to time various school boards, in the exercise of their administrative discretion, have determined that their school districts would be most efficiently administered if one (1) or more of the

district's schools were constructed and operated on land located outside the school districts' boundaries. The General Assembly further finds that this has been desirable and in furtherance of an efficient system of common schools. As urbanization increases, and school districts throughout the Commonwealth become more densely populated, available school sites within such districts will proportionately diminish, and it will with increasing frequency be necessary to construct schools on land not within the district of the school board constructing such schools. When a school is so located, it is more efficient for the school district constructing the school, but it is less efficient for the statewide system of common schools and for the children residing in the immediate neighborhood of the new school, who reside in a different school district, and therefore must be transported to other, more distant schools. This situation results in an inefficient utilization of state and local school funds and school facilities, and is a result of the artifically drawn school district boundary lines. The General Assembly further finds that the discretionary method of transfer presently provided by KRS 160.045 is not adequate to assure an efficient operation of the common schools, and that it is desirable to provide for mandatory transfer of such areas. Pursuant to section 183 of the Kentucky Constitution, the General Assembly declares that such situations are special situations and require special treatment. It is the intent of the General Assembly to provide by this statute a special method whereby such areas may be transferred to the school district operating the school or schools.

(2) If seventy-five percent (75%) of either the registered voters or property owners in an area adjacent to a school district other than the district in which such area is located and in which area there is located a school owned and operated by such adjacent school district petition the school board of the school district which owns and operates such school and the school board of the school district in which such area is located for the transfer of such area from the school district in which it is located to the school district which owns and operates such school, then such area shall be so transferred.

(3) The effective date of such transfer shall be sixty (60) days after the date on which the petition is filed with the two (2) school boards; personal delivery of said petition to any member of the school board or to the superintendent of the school district shall constitute "filing" for purposes of this section. Provided, that if such effective date falls during a term of the school district in which such area is located, the two (2) school boards involved may, by agreement, defer the effective date of such transfer until the end of said term.

(4) The terms and conditions of such transfer shall be determined in the manner provided for the determination of the terms and conditions of transfer under KRS 160.045, except that the chief state school officer, the State Board ***of*** [~~for Elementary and Secondary~~] Education, and the respective reviewing courts shall have no power to disapprove such transfer.

(5) Upon such transfer, the recipient district shall assume a portion of the bonded indebtedness of the losing district, as provided in KRS 160.065; such bonds shall remain the obligation of the issuing agency, and shall not be affected in any way by such transfer, except that each year the recipient district shall pay to the losing district a sum of money sufficient to make the payments on the portion of such indebtedness assumed by the recipient district, and such annual payments shall continue until all of the bonded indebtedness outstanding at the time of the transfer is paid in full.

(6) The method of transfer provided in this section shall be an alternative method to that set forth in KRS 160.045, and this section shall have no effect whatsoever on KRS 160.045.

Section 115. KRS 160.105 is amended to read as follows:

The State Board ***of*** [~~for Elementary and Secondary~~] Education shall by regulation require each school district to provide for fire and extended insurance coverage on each building owned by the board which is not surplus to its needs as shown by the approved facilities plan. The requirement for such coverage shall not exceed replacement cost and shall allow for the features of co-insurance and deductibles.

Section 116. KRS 160.156 is amended to read as follows:

(1) The State Board ***of*** [~~for Elementary and Secondary~~] Education shall develop a state plan for community education which sets forth the goals and objectives of the program and establishes a system of priorities for targeting available resources on the areas with the greatest need.

(2) The State Board ***of*** [~~for Elementary and Secondary~~] Education shall administer a grant program pursuant to KRS 160.155 and 160.157 to provide money to local school districts to:

(a) Support staff to plan and manage programs and services for community education; and

(b) Support programs that are targeted to the greatest educational needs in the community.

(3) Districts shall provide a twenty-five percent (25%) cash match in order to receive state community education funding.

Section 117. KRS 160.157 is amended to read as follows:

(1) Subject to the availability of funds, a public school district may receive funding for a community school program if it meets all of the following criteria:

(a) Submits an application for approval by the State Board ***of*** [~~for Elementary and Secondary~~] Education in the manner and form prescribed by the Department of Education;

(b) Submits a plan, approved by the local board, which outlines the proposed community education program, including procedures for obtaining the involvement and cooperation of other agencies and groups in identifying and recommending programs for meeting the needs of citizens;

(c) Establishes an advisory council, appointed by the board of education, to assist in conducting community needs assessments and recommending program priorities;

(d) Employs at least one (1) full-time community education director;

(2) Two (2) or more school districts may combine for purposes of qualifying as a community school. Any qualified school district or combination of school districts with a total population of five thousand (5,000) or more persons is eligible to receive state funding equal to seventy-five percent (75%) of the state average of the salaries paid to local instructional supervisors. Certification requirements for the position shall be developed by the Department of Education.

(3) Funded positions shall be awarded to qualified districts in the ratio of district population to state population.

(4) Each community school receiving state funds for a community education program must submit an annual report to the State Department of Education. The report shall include an evaluation of the program and a financial statement. Failure to submit the report shall result in the loss of the community school designation.

Section 118. KRS 160.180 is amended to read as follows:

(1) As used in this section, "relative" means father, mother, brother, sister, husband, wife, son, daughter, aunt, uncle, son-in-law, and daughter-in-law.

(2) No person shall be eligible to membership on a board of education:

(a) Unless he has attained the age of twenty-four (24) years; and

(b) Unless he has been a citizen of Kentucky for at least three (3) years preceding his election and is a voter of the district for which he is elected; and

(c) Unless he has completed at least the twelfth grade or has been issued a GED certificate and he is elected after July 13, 1990; and

(d) An affidavit signed under penalty of perjury certifying completion of the twelfth grade or the equivalent as determined by passage of the twelfth grade equivalency examination held under regulations adopted by the State Board ***of*** ~~[for Elementary and Secondary]~~ Education has been filed with the nominating petition required by KRS 118.315; or

(e) Who holds a state office requiring the constitutional oath or is a member of the General Assembly; or

(f) Who holds or discharges the duties of any civil or political office, deputyship, or agency under the city or county of his residence; or

(g) Who, at the time of his election, is directly or indirectly interested in the sale to the board of books, stationery, or any other property, materials, supplies, equipment, or services for which school funds are expended; or

(h) Who has been removed from membership on a board of education for cause; or

(i) Who has a relative as defined in subsection (1) of this section employed by the school district and is elected after July 13, 1990. However, this shall not apply to a board member holding office on July 13, 1990, whose relative was not initially hired by the district during the tenure of the board member.

(3) If, after the election of any member of the board, he becomes interested in any contract with or claims against the board, of the kind mentioned in paragraph (g) of subsection (2) of this section, or becomes a candidate for nomination or election to any office or agency the holding and the discharging of the duties of which would have rendered him ineligible before election, or if he moves his residence from the district for which he was chosen, or if he attempts to influence the hiring of any school employee, except the superintendent of schools or school board attorney, or if he does anything that would render him ineligible for re-election, he shall be subject to removal from office pursuant to KRS 415.050 and 415.060.

(4) A board member shall be eligible for re-election unless he becomes disqualified.

(5) The annual in-service training requirements for all school board members shall be as follows:

(a) Twelve (12) hours for school board members with zero to three (3) years of experience;

(b) Eight (8) hours for school board members with four (4) to seven (7) years of experience; and

(c) Four (4) hours for school board members with eight (8) or more years of experience.

The State Board ***of*** ~~[for Elementary and Secondary]~~ Education shall identify the criteria for fulfilling this requirement.

Section 119. KRS 160.210 is amended to read as follows:

(1) (a) In independent school districts, the members of the school board shall be elected from the district at large. In county school districts, members shall be elected from divisions.

(b) If no candidate files a petition of nomination for a local board of education opening pursuant to KRS 118.315 and 118.316, the chief state school officer shall fill the new term of office by appointing a member to the local board who meets the residency requirement and the qualifications for office provided in KRS 160.180. The local board of education may make nominations and any person may nominate himself or another for the office.

(2) The board of education of each county school district shall, not later than July 1, 1940, divide its district into five (5) divisions containing integral voting precincts and as equal in population insofar as is practicable. In first dividing the county district into divisions the board shall, if more than one (1) of its members reside in one (1) division, determine by lot which member from that division shall represent that division, and which members shall represent the divisions in which no member resides. The members so determined to represent divisions in which no member resides shall be considered the members from those divisions until their terms expire, and thereafter the members from those divisions shall be nominated and elected as provided in KRS 160.200 and 160.220 to 160.250.

(3) Any changes made in division boundary lines shall be to make divisions as equal in population and containing integral voting precincts insofar as is practical. No change may be made in division boundary lines less than five (5) years after the last change in any division lines, except in case of merger of districts or a change in territory due to annexation.

(4) (a) Notwithstanding the provisions of subsection (3) of this section, if one hundred (100) residents of a county school district division petition the State Board ***of*** ~~[for Elementary and Secondary]~~ Education stating that the school district divisions are not divided as nearly equal in population as can reasonably be expected, the chief state school officer shall cause an investigation to determine the validity of the petition, the investigation to be completed within thirty (30) days after receipt of the petition.

(b) If the investigation reveals the school district to be unequally divided according to population, the State Board ***of*** ~~[for Elementary and Secondary]~~ Education, upon the recommendation of the chief state school officer, shall order the local board of education to make changes in school district divisions as are necessary to equalize population within the five (5) school divisions.

(c) If any board fails to comply with the order of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education within thirty (30) days or prior to August 1 in any year in which any members of the board are to be elected, members shall be elected from the district at large until the order of the State Board ***of*** ~~[for Elementary and Secondary]~~ Education has been complied with.

(d) No change shall be made in the boundary of any division under the provisions of this subsection after August 1 in the year in which a member of the school board is to be elected from any division.

(5) Notwithstanding the provisions of subsection (2) of this section, in counties containing a city of the first class wherein a merger pursuant to KRS 160.041 shall have been accomplished, there shall be seven (7) divisions as equal in population as is practicable, with members elected from divisions. To be eligible to be elected from a division, a candidate must reside in that division. The divisions, based upon 1970 United States Census Bureau Reports on total population by census tracts for Jefferson County, Kentucky shall be as follows: Division One shall include census tracts 1-28; Division Two shall include census tracts 29-35, 47-53, 57-74, 80-84, 93, 129, 130; Division Three shall include census tracts 75-79, 85-88, 98-106, 107.01, 108; Division Four shall include census tracts 121.01, 123-128; Division Five shall include census tracts 36-46, 56, 90, 120, 121.02, 122; Division Six shall include census tracts 54, 55, 91, 92, 94, 95, 110.02, 113, 114, 117.01, 117.02, 118, 119; Division Seven shall include census tracts 89, 96, 97, 107.02, 109, 110.01, 111, 112, 115, 116, 117.03, 131, 132. The terms of the members to be elected, KRS 160.044 notwithstanding, shall be four (4) years and the election for the initial four (4) year terms shall be as follows: The election of the members from Divisions Two, Four and Seven shall be held at the next regular November election following the effective date of the merger pursuant to KRS 160.041, and the election of the members from Divisions One, Three, Five and Six shall be held at the regular November election two (2) years thereafter.

(6) In counties containing cities of the first class, responsibility for the establishment or the changing of school board division boundaries shall be with the local board of education, subject to the review and approval of the county board of elections. Where division and census tract boundaries do not coincide with existing election precinct boundaries, school board divisions shall be redrawn to comply with precinct boundaries. In no instance shall precinct boundaries be redrawn nor shall a precinct be divided to accommodate the drawing of school board division lines. Precinct boundaries nearest existing school board division boundaries shall become the new division boundary. All changes under this statute shall be completed on or before January 1, 1979, and on or before January 1 in any succeeding year in which a member of the school board is to be elected from any division. Each board shall exercise generally all powers prescribed by law in the administration of its public school system, appoint the superintendent of schools, and fix the compensation of employees.

(2) Each board shall make and adopt, and may amend or repeal, rules, regulations, and bylaws for its meetings and

(9) (a) No board member, superintendent of schools, or district employee shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (j) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The provisions of KRS 161.760 shall not apply to any transfer made in order to comply with the provisions of this paragraph.

(3) No superintendent shall employ in a position which involves supervisory or disciplinary power over a minor, any person who is a violent offender or has been convicted of a sex crime as defined by KRS 17.165 which is classified as a felony. The superintendent may employ, at his discretion, persons convicted of sex crimes classified as a misdemeanor. Each superintendent shall request all conviction information for any applicant for initial employment from the Justice Cabinet prior to employing the applicant.

(4) (a) If a school term has begun and a position remains unfilled or if a vacancy occurs during a school term, a superintendent may employ an individual, who will have supervisory or disciplinary authority over minors, on probationary status pending receipt of the required records. Application for the criminal record of a probationary employee shall be made no later than the date probationary employment begins.

Section 15. KRS 141.0101 is amended to read as follows:

(1) For property placed in service prior to January 1, 1990, in lieu of the depreciation and expense deductions allowed under Internal Revenue Code Sections 168 and 179, a deduction for a reasonable allowance for depreciation, exhaustion, wear and tear, and obsolescence of property used in a trade or business shall be allowed and computed as set out in subsections (2) to (10) of this section. For property placed in service after December 31, 1989, the depreciation and expense deductions allowed under Sections 168 and 179 of the Internal Revenue Code in effect on December 31, 1989, shall be allowed.

(2) Effective August 1, 1985, "reasonable allowance" as used in subsection (1) of this section shall mean depreciation computed in accordance with Section 167 of the Internal Revenue Code and related regulations in effect on December 31, 1980, for all property placed in service on or after January 1, 1981, except as provided in subsections (5) to (7) of this section.

(3) Depreciation of property placed in service prior to January 1, 1981, shall be computed under Section 167 of the Internal Revenue Code, and the method elected thereunder at the time the property was first placed in service or as changed with the approval of the Commissioner of Internal Revenue Service or as required by changes in federal regulations.

(4) Taxpayers other than corporations shall be allowed to deduct as depreciation on recovery property placed in service before August 1, 1985, an amount calculated under Section 168 of the Internal Revenue Code subject to the provisions of subsections (5) and (7) of this section. Corporations with a taxable year beginning on or after July 1, 1984, and before August 1, 1985, shall calculate a deduction for depreciation on recovery property placed in service prior to August 1, 1985, using either of the following alternative methods:

- (a) Dividing the total of the deductions allowed under Internal Revenue Code Section 168 by one and four tenths (1.4); and
- (b) Calculating the deduction that would be allowed or allowable under the provisions of Section 167 of the Internal Revenue Code.

(5) Recovery property placed in service on or after January 1, 1981, and before August 1, 1985, and subject to transition under subsection (7) of this section, shall be subject to depreciation under Section 167 of the Internal Revenue Code, restricted to the straight line method therein provided over the remaining useful life of such assets.

(6) Depreciation of property placed in service on or after August 1, 1985, shall be computed under Section 167 of the Internal Revenue Code.

(7) Transition from Section 168 of the Internal Revenue Code, Accelerated Cost Recovery System (ACRS) depreciation, to the depreciation allowed or allowable under this section shall be reported in the first taxable year beginning on or after August 1, 1985. To implement the transition, the following adjustments shall be made:

(a) Taxpayers other than corporations shall use the adjusted Kentucky basis for property placed in service on or after January 1, 1981. "Adjusted Kentucky basis" means the basis used for determining depreciation under Section 168 of the Internal Revenue Code less the allowed or allowable depreciation and adjustment for election to expense an asset (Section 179 of the Internal Revenue Code);

(b) Corporations shall adjust the federal unadjusted basis by increasing such basis by the ACRS depreciation not allowed as a deduction in determining Kentucky net income for tax years beginning after June 30, 1984, less allowed or allowable ACRS depreciation for federal income tax purposes. Corporations will not be permitted to adjust the basis by the ACRS depreciation not allowed for Kentucky income tax purposes in tax years beginning on or before June 30, 1984.

(8) A taxpayer may elect to treat the cost of property placed in service on or before July 31, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1981, except that the aggregate cost which may be expensed for corporations shall not exceed five thousand dollars ($5,000). A taxpayer may elect to treat the cost of property placed in service on or after August 1, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1980. Computations, limitations, definitions, exceptions, and other provisions of Section 179 of the Internal Revenue Code and related regulations shall be construed to govern the computation of the allowable deduction.

(9) Upon the sale, exchange, or disposition of any depreciable property placed in service on or after January 1, 1981, capital gains or losses and the amount of ordinary income determined under the provisions of the Internal Revenue Code shall be computed for Kentucky income tax purposes as follows:

(a) Compute the Kentucky unadjusted basis which is the cost of the asset reduced by any basis adjustment made by the taxpayer under Section 48(q)(1) of the Internal Revenue Code and any expense allowed and utilized under Section 179 of the Internal Revenue Code (First Year Expense) in determining Kentucky net income in prior years, and

(b) Compute the adjusted basis by subtracting the depreciation allowed or allowable for Kentucky income tax purposes from the unadjusted basis, except corporations will not be permitted to adjust the basis of assets by the ACRS depreciation not allowed for Kentucky income tax purposes in the tax years beginning on or before June 30, 1984, and

(c) Compute the gain or loss by subtracting the adjusted basis from the value received from the disposition of the depreciable property, and

(d) Compute the recapture of depreciation required under Sections 1245 through 1256 of the Internal Revenue Code and related regulations, and

(e) Unless otherwise provided in this subsection the provisions of the Internal Revenue Code and related regulations governing the determination of capital gains or losses shall apply for Kentucky income tax purposes.

(10) Unless otherwise provided by this chapter, the basis of property placed in service prior to January 1, 1990, for purposes of Kentucky income tax shall be the basis, adjusted or unadjusted, required to be used under Section 167 of the Internal Revenue Code in effect on December 31, 1980.

(11) Notwithstanding any other provision of this section to the contrary, any qualified farming operation, as defined in Section 16 of this Act, shall be allowed to compute the depreciation deduction for new buildings and equipment purchased to enable participation in a networking project, as defined in Section 16 of this Act, on an accelerated basis at two (2) times the rate that would otherwise be permitted under the provisions of this section. The accumulated depreciation allowed under this subsection shall not exceed the taxpayer's basis in such property.

SECTION 16. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

As used in Sections 16 to 18 of this Act, unless the context requires otherwise:

(1) "Approved costs" means the costs incurred during the taxable year by a qualified farming operation for training and improving the skills of managers and employees involved in a networking project.

(2) "Business network" means a formalized, collaborative mechanism organized by and operating among three (3) or more qualified farming operations, industrial entities, business enterprises, or private sector firms for the purposes of, but not limited to: pooling expertise; improving responses to changing technology or markets; lowering the risks to individual entities of accelerated modernization; encouraging new technology investments, new market development, and employee skills improvement; and developing a system of collective intelligence among participating entities.

(3) "Food producing facilities" means establishments that manufacture or process foods and beverages for human consumption, and which are included under the two (2) digit SIC code 20;

(4) "Networking project" means a project by which farmers and other entities involved in the production of food join together to form a network approved by the Cabinet for Economic Development for the purpose of producing or expanding the production of crops or livestock necessary for the establishment or expansion of secondary food-producing facilities in Kentucky.

(5) "Qualified farming operation" means an individual, sole proprietorship, partnership, joint venture, trust, unincorporated organization, association, corporation, or institution, engaged in farming in Kentucky that provides raw materials for food-producing facilities in Kentucky, and that purchases new buildings or equipment, or that incurs training expenses, to support its participation in a networking project.

(6) "SIC code" means the classification system grouping business operations or enterprises as published in the "Standard Industrial Classification Manual" of the United States Office of Management and Budget, 1987 edition.

SECTION 17. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

The annual credit shall be available for the first five (5) years that the farming operation is involved in the networking project. The annual credit shall be equal to the approved costs incurred by the qualified farming operation during the tax year and shall not exceed the income of the qualified farming operation generated by or arising out of the qualified farming operation's participation in a networking project.

(2) Any credit not used in the tax year in which it first becomes available may be carried forward to the next succeeding five (5) tax years until the credit has been fully used. The aggregate credit used in any tax year shall not exceed the income of the qualified farming operation generated by or arising out of the qualified farming operation's participation in a networking project in that tax year.

SECTION 18. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) A qualified farming operation which is an individual sole proprietorship subject to tax under KRS 141.020 or a corporation subject to tax under KRS 141.040(1) shall:

- *(a) Compute the income tax due at the applicable tax rates as provided by KRS 141.020 or 141.040 on net income as defined by KRS 141.010(11) or taxable net income as defined by KRS 141.010(14), including income from the qualified farming operation's participation in a networking project.*
- *(b) Compute the income tax due at the applicable tax rates as provided by KRS 141.020 or 141.040 on net income as defined by KRS 141.010(11) or taxable net income as defined by KRS 141.010(14), excluding net income attributable to the qualified farming operation's participation in a networking project; and*
- *(c) Be entitled to a tax credit in the amount by which the tax computed under paragraph (a) of this subsection exceeds the tax computed under paragraph (b) of this subsection. The credit shall not exceed the farming operation's approved costs, as defined in Section 16 of this Act.*

(2) Notwithstanding any other provisions of this chapter, a qualified farming operation which is an S-corporation, partnership, or trust shall be subject to income tax on the net income attributable to its participation in a networking project at the rates provided in KRS 141.020(2), and the amount of the tax credit shall be the same as the amount of the tax computed in this subsection. The credit shall not exceed the farming operation's approved costs, as defined in Section 16 of this Act. If the tax computed in this subsection exceeds the tax credit, the difference shall be paid by the S-corporation, partnership, or trust at the times provided by KRS 141.160 for filing the returns.

(3) Notwithstanding any other provisions of this chapter, the net income subject to tax and the tax credit determined under subsection (2) of this section shall be excluded in determining each shareholder's, partner's, or beneficiary's distributive share of net income or credit of an S-corporation, partnership, or trust.

(4) If the networking entity is a separate facility, net income attributable to the project for the purposes of subsections (1), (2), and (3) of this section shall be determined under the separate accounting method reflecting only the gross income, deductions, expenses, gains, and losses allowed under KRS Chapter 141 directly attributable to the project and overhead expenses apportioned to the project.

(5) If the networking project is an expansion to a previously existing farming operation, net income attributable to the entire operation shall be determined under the separate accounting method reflecting only the gross income, deductions, expenses, gains, and losses allowed under this chapter directly attributable to the farming operation's participation in the networking project and overhead expenses apportioned to the networking project, and the net income attributable to the networking project for the purposes of subsections (1), (2), and (3) of this section shall be determined by apportioning the separate accounting net income of the entire networking project to the networking project by a formula approved by the Revenue Cabinet.

(6) If an approved company can show to the satisfaction of the Revenue Cabinet that the nature of the operations and activities of the approved farming operation are such that it is not practical to use the separate accounting method to determine the net income from the networking project, the approved farming operation shall determine net income from its participation in the networking project using an alternative method approved by the Revenue Cabinet.

(7) The Revenue Cabinet may promulgate administrative regulations pursuant to KRS Chapter 13A and require the filing of forms designed by the Revenue Cabinet necessary to effectuate Sections 15 to 18 of this Act, and the

allowable income tax credit which an approved farming operation may retain under the provisions of Section 17 and this section of this Act.

SECTION 19. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby finds and declares that it is a policy of the Commonwealth to retain agriculture and enhance the contribution that agriculture makes to its economy. A program to retain and enhance agriculture is in the economic best interests of the Commonwealth and, consequently, constitutes a public benefit that contributes to the health, safety, and general welfare of the residents of the Commonwealth and the nation.

(2) The General Assembly further finds and declares that the use of the Commonwealth's funds for the purpose of paying in whole or part the cost of acquiring agricultural conservation easements as set forth in Sections 19 to 29, including any costs necessarily incident to the acquisition, sale, issuance, and delivery of the funds, and the monitoring and enforcement of agricultural conservation easements, or to the participation of any party for these purposes, will promote the public health, safety, and general welfare of the people of the Commonwealth.

(3) Further, it is the purpose of Sections 19 to 29 of this Act to:

(a) Establish procedures for the acquisition of agricultural conservation easements in order to ensure that lands currently in agricultural use will continue to remain available for agriculture and not be converted to other land uses, and that landowners who participate in this program will be fairly compensated for their agreement to accept deed restrictions limiting the use of their property;

(b) Encourage landowners to make a long-term commitment to agriculture by offering them financial incentives and security that land use will remain stable;

(c) Protect normal farming operations in agricultural areas from incompatible nonfarming uses that may render farming impracticable;

(d) Protect normal farming operations from complaints of public nuisance against normal farming operations; and

(e) Maximize the use of agricultural conservation easement purchase funds and protect the investment of taxpayers in agricultural conservation easements.

SECTION 20. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) The Commonwealth is hereby authorized to acquire agricultural conservation easements or other property interests. The property interest acquired may be any less-than-fee-simple interest, including an easement, life estate, covenant, or other contractual right. Acquisition may be accomplished by purchase, gift, grant, bequest, devise, covenant, or contract but only at a price that is equal to or less than the appraised value as provided in this section. The Commonwealth shall purchase these property interests only upon voluntary application of the landowner.

(2) If the landowner so elects, the Commonwealth is authorized to pay the purchase price in a lump-sum single payment at the time of closing, to enter into contracts for pay outs over a term of years against the purchase price, or to enter into installment purchase agreements. When pay outs over time are made, the Commonwealth is authorized to pay interest consistent with prevailing market conditions at the time of the execution of the contract.

(3) The interest which the Commonwealth owns in property other than eligible lands may be exchanged for property interests in eligible lands on an equivalent appraised value basis. If the property exchanged is not exactly equal in appraised value, cash payments may be made to provide net equivalent value in the exchange.

(4) After the Commonwealth acquires an agricultural conservation easement or some property interest less than full ownership in any eligible land, the Commonwealth may purchase the remaining agricultural rights or other property interest in the land when the acquisition is necessary to maintain the agricultural uses of the property.

(b) The board shall promulgate administrative regulations establishing policies and procedures for determining easement purchase priorities and for purchasing easements.

SECTION 24. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) During the term of an easement, the restricted land shall be used solely for the production of crops, livestock and livestock products, and nursery and greenhouse products including the processing or retail marketing of these crops, livestock and livestock products, and nursery and greenhouse products if more than fifty percent (50%) of the processed or merchandised products are produced on the subject land, and for the raising and stabling of horses for commercial purposes. For the purposes of this section and administrative regulations promulgated under its provisions, "crops, livestock and livestock products, and nursery and greenhouse products" include, but are not limited to:

(a) Tobacco;

(b) Wheat, soybeans, corn, and all commercially-produced fruits and vegetables;

(c) Horticultural specialties, including nursery stock ornamental shrubs, ornamental trees, and flowers;

(d) Livestock and livestock products, including horses, cattle, poultry, milk, swine, and eggs; and

(e) Aquatic plants and animals and their by-products.

(2) (a) During the term of an easement the landowner and the landowner's assigns, agents or leasees shall not perform, nor knowingly allow others to perform, any act on or affecting the restricted land that is inconsistent with the provisions of this section. The landowner shall be deemed to have authorized the PACE Board to enforce these provisions.

(b) Unless otherwise specified, the landowner shall not be required to take any action to restore the condition of the restricted land after any act of God or other event over which the landowner had no control.

(c) Nothing in the PACE Program shall relieve the landowner of any obligation or restriction on the use of the property imposed by law.

(d) The Commonwealth shall not locate landfills, sewage treatment plants, or other public service facilities that are not compatible with or complimentary to agricultural production on restricted lands.

(3) (a) To retain the agricultural viability of the restricted land, the PACE Board shall require, and the owner of the restricted land shall implement, a conservation plan approved by the soil and water conservation district. This plan shall be updated every ten (10) years and any time the basic farming operation conducted on restricted lands is changed. All farming operations shall be conducted substantially in accordance with the plan.

(b) In addition to the requirements established by the soil and water conservation district, the conservation plan shall require that:

1. The use of the land for growing sod, nursery stock, and ornamental trees and shrubs does not remove excessive soil from the restricted land;

2. The excavation of soil, sand, gravel, stone, or other materials for use in agricultural production on the restricted land is consistent with subsection (4)(h) of this section and is conducted in a location and manner that retains the viability of the restricted land for agricultural production; and

3. The mining of minerals is consistent with subsection (4)(h) of this section and is conducted only *through the use of methods which will not interfere with the viability of the restricted land for agricultural production.*

(4) The construction or reconstruction of any building or other structure, except those existing on the date of the easement or previously approved by the PACE Board, is prohibited except in accordance with this subsection.

(a) Existing fences may be repaired and replaced, and new fences may be built anywhere on the restricted land for purposes of reasonable and customary management of livestock and wildlife, without approval of the PACE Board.

(b) New buildings and other structures and improvements to be used solely for agricultural purposes including the processing or sale of farm products predominantly grown or raised on the restricted land, but not including any dwelling or farm labor housing, may not be built on the restricted land without the advance approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that the proposed building, structure, or improvement would not be properly located or would significantly diminish the agricultural production capacity of the restricted land.

(c) All existing single-family residential dwellings may be repaired, reasonably enlarged, and replaced at their current locations without further permission of the PACE Board. No new single-family residential dwellings may be built on the restricted land without the advance approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that a proposed dwelling would not be properly located or would significantly diminish the agricultural production capacity of the restricted land.

(d) The subdivision of the restricted land, whether by physical or legal process, is prohibited without the advance written approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that the proposed subdivision will diminish or impair the agricultural productivity of the restricted land.

(e) The granting of rights-of-ways through restricted land for the installation of, transportation of, or use of, lines for water, sewage, electric, telephone, gas, oil or oil products is permitted. The term "granting of rights-of-way" includes the right to construct or install the lines. The construction or installation of utility lines other than the types stated in this paragraph is prohibited on the restricted land.

(f) No portion of the restricted land shall be paved or otherwise be covered with concrete, asphalt, gravel, or any other paving material, nor shall any road for access or other purposes be constructed, without the advance written approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that the proposed paving or covering of the soil, or the location of any road, will substantially diminish or impair the agricultural productivity of the restricted land.

(g) Trees may be cut to control insects and disease, to prevent personal injury and property damage, and for firewood and other domestic uses, including construction of permitted buildings and fences on the restricted land. Trees may also be cut to clear land for cultivation or use of livestock, but only if done in accordance with the conservation plan required by subsection (3) of this section. Any commercial timber harvesting on the restricted land shall be conducted on a sustainable yield basis and in substantial accordance with a forest management plan prepared by a competent professional forester.

(h) The mining or extraction of soil, sand, gravel, rock, oil, natural gas, fuel or any other mineral substance, using any method that disturbs the surface of the land, is prohibited without the advance written approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that the proposed mining or extraction will substantially diminish or impair the agricultural productivity of the restricted land.

(i) The dumping or accumulation of any kind of trash or refuse on the restricted land is prohibited. However, this shall not prevent the storage of agricultural products and by-products on the restricted land, so long as it is done in accordance with all applicable laws, administrative regulations, and ordinances.

(j) Golf courses are prohibited on the restricted land. Buildings and facilities for any other public or private recreational use may not be built on the restricted land without the advance written approval of the PACE Board. The PACE Board shall not give approval unless it determines that the proposed use or facilities will not substantially diminish or impair the agricultural productivity of the restricted land.

(5) Landowners shall retain the right to perform any act not specifically prohibited or limited by this section and administrative regulations promulgated under its provisions. These ownership rights include, but are not limited to, the right to exclude any member of the public from trespassing on the restricted land and the right to sell or otherwise transfer the restricted land to anyone of the landowner's choice.

SECTION 25. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

Other than as specified within this section, this section and administrative regulations promulgated under its provisions are not intended to impose any legal or other responsibility on the PACE Board or in any way to affect any existing obligation of the landowner as owner of the restricted land. Accordingly:

(1) The landowner shall continue to be solely responsible for payment of all taxes and assessments levied against the restricted land.

(2) The landowner shall continue to be solely responsible for the upkeep and maintenance of the restricted land, to the extent it may be required by law. The PACE Board and the Commonwealth shall have no obligation for the upkeep or maintenance of the restricted land.

SECTION 26. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

A deed conveying an interest in the restricted land shall set forth the language of the assessment restrictions verbatim. Within thirty (30) days of a change in ownership of the restricted land, the prior owner shall notify the PACE Board in writing of the name and address of the new owner, together with the volume and page of the deed book in which the transfer has been recorded.

SECTION 27. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) If the PACE Board finds what is believes is a violation of the terms of any easement by the property owner, it may take appropriate legal action. Except when an ongoing or imminent violation could irreversibly diminish or impair the agricultural productivity of the restricted land, the PACE Board shall give the landowners written notice of the violation and sixty (60) days to correct it, before taking legal action.

(2) The owner of the restricted land shall bear all costs associated with the correction of a violation of the easement, including:

(a) Costs of work required and materials used to correct the violation and restore the restricted land to its condition prior to the violation;

(b) Administrative costs incurred by the PACE Board; and

(c) Court costs and reasonable attorney's fees incurred by the PACE Board in enforcing the easement.

SECTION 28. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) A grantor may terminate an easement, in whole or in part, only by filing an action in the Franklin Circuit Court, and demonstrating by clear and convincing evidence that conditions on or surrounding the land subject to an agricultural conservation easement have changed so much that agriculture is no longer viable and it has become impossible to fulfill any of the easement's conservation purposes. The grantor shall name the PACE Corporation as the defendant in the action.

(a) In the event that a finding is made by the court that a portion of the land subject to the agricultural conservation easement is no longer suitable for agricultural purposes, the owner shall, at the owner's expense, provide a survey of the land area on which the agricultural conservation easement is to be terminated.

(b) No agricultural conservation easement or portion thereof which has been purchased with Commonwealth funds shall be terminated by the court except upon payment by the grantor to the PACE Corporation of its then fair value. The value of the easement shall be established by one of the following two methods, as determined by the court:

1. The owner shall pay the PACE Corporation an amount equal in current dollars to the full cost of acquiring and monitoring the easement during its full duration, plus reasonable interest as determined by court; or

2. The owner shall pay the PACE Corporation an amount equal to the easement's current market value as determined by independent appraisal, performed at the owner's expense and satisfactory to the Commonwealth.

(c) The PACE Corporation shall place the proceeds from the termination of the easement in the agricultural enhancement fund and use the proceeds consistent with the purposes of Section 19 to Section 29 of this Act.

SECTION 29. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

to the Commonwealth;

3. Moneys received by the Commonwealth including proceeds of bonds issued for the purpose of funding the PACE Program as dedicated sources of revenue for the fund; and

4. Moneys appropriated to the fund.

(b) The fund shall be in the custody of the Commonwealth. All or any part of these funds may be invested in any securities in which public funds may lawfully be invested. All income derived from investments shall be paid into the fund and become a part thereof. The moneys so invested shall at all times be subject to withdrawal from investment for use as provided in this subsection.

(c) Upon authorization of the PACE Board, the moneys in the fund may be used for:

1. The acquisition of agricultural conservation easements on eligible lands within the Commonwealth;

2. The acquisition of options to purchase agricultural conservation easements on eligible lands within the Commonwealth;

3. The costs of appraisal, engineering, surveying, planning, financial, legal, and other services, and applicable personnel costs lawfully incurred incident to the acquisition of agricultural conservation easements in eligible lands and for monitoring and enforcing easements on restricted lands;

6. Other expenditures as specified by the PACE Board, providing that the expenditures are consistent with Sections 19 to 29 of this Act and administrative regulations promulgated by the PACE Board and are for the express purpose of retaining agricultural lands, supporting and abetting agricultural lands, and supporting and abetting agricultural practices and activities which shall improve conservation and natural resource protection practices, enhance the viability of the agriculture industry, and expand the economic contribution that agriculture makes to the Commonwealth.

(d) No more than ten percent (10%) of the moneys in the fund shall be expended in any one (1) fiscal year to administer Sections 19 to 29 of this Act.

SECTION 30. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) The State Department of Agriculture shall identify lands of statewide agricultural importance through the use of the United States Department of Agriculture's land evaluation and site assessment program and the state's geographic information system. The department shall provide information on the location of agricultural lands of statewide importance to each local planning unit operating under the requirements of KRS Chapter 100.

(2) The department is authorized to promulgate administrative regulations to implement this section.

Section 31. KRS 100.191 is amended to read as follows:

All elements of the comprehensive plan shall be based upon but not limited to, the following research, analysis, and projections:

(1) An analysis of the general distribution and characteristics of past and present population and a forecast of the extent and character of future population as far into the future as is reasonable to foresee;

(2) An economic survey and analysis of the major existing public and private business activities, and a forecast of future economic levels, including a forecast of anticipated necessary actions by the community to increase the quality of life of its current and future population through the encouragement of economic development as far into the future as is reasonable to foresee;

(3) Research and analysis as to the nature, extent, adequacy, and the needs of the community for the existing land and building use, transportation, and community facilities in terms of their general location, character and extent***, including, the identification and mapping of agricultural lands of statewide importance and analysis of the impacts of community land use needs on these lands***; and

(4) Additional background information for the elements of the comprehensive plan may include any other research analysis, and projections which, in the judgment of the planning commission, will further serve the purposes of the comprehensive plan.

Section 32. KRS 262.850 is amended to read as follows:

(1) This section shall be known as "the Agricultural District and Conservation Act."

(2) It is the policy of the state to conserve, protect and to encourage development and improvement of its agricultural lands

for the production of food and other agricultural products. It is also the policy of this state to conserve and protect the agricultural land base as a valuable natural resource which is both fragile and finite. The pressure imposed by urban expansion, transportation systems, water impoundments, surface mining of mineral resources, utility rights-of-way and industrial development has continually reduced the land resource base necessary to sufficiently produce food and fiber for our future needs. It is the purpose of this section to provide a means by which agricultural land may be protected and enhanced as a viable segment of the state's economy and as an important resource.

(3) The local governing administrative body for an agricultural district shall be the conservation district board of supervisors. The Soil and Water Conservation Commission shall be responsible for statewide administration of the agricultural district program and shall have sole authority to certify or deny agricultural district petitions. The commission may apply for assistance and funds from the Federal Farmland Protection Act of 1981 (PL 97-377) which may be available for the development of the agricultural district program and may accept easements as provided in KRS 65.410 to 65.480.

(4) Any owner or owners of land may submit a petition to the local conservation district board of supervisors requesting the creation of an agricultural district within ***the*** [~~such~~] county. ***The*** [~~Such~~] petition shall include a description of the proposed area, description of each land parcel, location of the proposed boundaries, petitioners' names and addresses, adjacent landowners' names and addresses, and other pertinent information as required in the petition application. The boundary of an agricultural district shall be contiguous. No land shall be included in an agricultural district without the consent of the owner.

(5) Upon receipt of a petition, the local conservation district board of supervisors shall notify the fiscal court and any local or regional planning or zoning body, if any, by sending a copy of the petition and accompanying materials to that body.

(6) The following factors shall be considered by the local conservation district board of supervisors and the Soil and Water Conservation Commission when considering the formation of any agricultural district:

(a) The capability of the land to support agricultural production, as indicated by: soil, climate, topography or other natural factors;

(b) The viability of active farmlands, as indicated by: markets for farm products, extent and nature of farm improvements, present status of farming, anticipated trends in agricultural economic conditions and technology;

(c) That the proposed agricultural district meets the minimum size limit of two hundred fifty (250) contiguous acres***, unless the local conservation district board and the Soil and Water Conservation Commission allow fewer than two hundred fifty (250) contiguous acres if the proposed area meets a minimum annual production performance established by the district board and approved by the commission***;

(d) County development patterns and needs and the location of the district in relation to any urban development boundaries within the county; [~~and~~]

(e) Any matter which may be relevant to evaluate the petition***; and***

(f) Whether an application is from more than one (1) farm owner, in which case a preference shall be given to the application.

(7) The local soil and water conservation district board of supervisors shall review the petition application and submit a recommendation to the Soil and Water Commission within sixty (60) days of receipt. The local conservation district recommendation shall be submitted to the commission in the form of approval, approval with modifications, or denial of the petition accompanied by justification for such a denial.

(8) The Soil and Water Conservation Commission shall review the recommendation of the district board of supervisors and certify or deny the agricultural district's petition within sixty (60) days of receipt.

(9) Upon the approval of a petition by the Soil and Water Conservation Commission, the commission shall notify the area development district in which the agricultural district will lie***, the local county clerk,*** and the secretary of the Governor's Cabinet.

(10) Land within the boundary of an agricultural district shall not be annexed.

(11) Any member, or any successor heir of the member, of an agricultural district may withdraw from the district upon notifying the local conservation district board of supervisors in writing.

(12) It shall be the policy of all state agencies to support the formation of agricultural districts as a means of preserving Kentucky's farmlands and to mitigate the impact of their present and future plans and programs upon the continued agricultural use of land within an agricultural district.

(13) Agricultural districts shall be comprised only of agricultural land as defined in KRS 132.010.

(14) An agricultural district shall be established for five (5) years with a review to be made by the local soil and water conservation district board of supervisors at the end of the five-year period and every five (5) years thereafter. ***Each owner of land shall agree to remain in the district for a five (5) year period, which is renewable at the end of the five (5) years.*** However, the board shall make a review any time upon the written request of a local government which demonstrates that the review is necessary in order to consider development needs of the local government. The board shall consider whether the continued existence of the district is justified, any adjustments which may be necessary due to

urban or county development, and other factors the board finds relevant. The board shall revise the district as necessary based on the review and subject to approval of the State Soil and Water Conservation Commission. Before the state commission takes final action, all interested parties shall be given the opportunity to request the state commission to amend or overturn the local board's decision.

(15) The withdrawal of a member from a district reducing the remaining acreage of agricultural district land to less than two hundred fifty (250) acres or resulting in the remaining land being noncontiguous shall not cause the decertification of the district.

(16) Any member of an agricultural district who has received a summons of condemnation proceedings being instituted concerning the member's land located in the district may request the local soil and water conservation district board of supervisors to hold a public hearing on the proposed taking of land. However a hearing under this section shall not be held if the petitioner in the condemnation proceeding is a utility as defined in KRS 278.010(3) and obtained a certificate of convenience and necessity as required by KRS 278.020(1).

(17) (a) The board shall notify the local property valuation administrator of the farms which belong to an agricultural district and whenever a farm is withdrawn from a district. The board shall also inform all members of a district of the right to have their land assessed by the local property valuation administrator at the land's agricultural use value and shall offer advice and assistance on obtaining such an assessment.

(b) The board shall also notify the local property valuation administrator whenever a farm is released or withdrawn from an agricultural district.

(18) The board may allow an amendment to an existing certified agricultural district if approved by the commission.

Section 33. KRS 262.875 is amended to read as follows:

(1) There shall be created a committee to advise the Governor on state activities that may contribute to the conversion of farmland to nonfarm uses. The committee shall be called the Interagency Farmland Advisory Committee and the members shall be appointed by the Governor and shall include one (1) representative for each of the following:

(2) The representative of the Natural Resources and Environmental Protection Cabinet shall be the chairperson of the committee, and the representative of the Soil and Water Conservation Commission shall be the vice chairperson of the committee. The staff for the committee shall be provided by the Natural Resources and Environmental Protection Cabinet.

(3) In order to advise the Governor, the committee shall review proposed state projects which will convert farmland to nonfarm use. The review shall consider alternatives to the project proposal in an effort to balance the public purpose to be served by the state project against the public purpose of conserving productive farmland.

(4) The Interagency Farmland Advisory Committee shall review proposed projects of all state agencies, including but not limited to, boards and commissions. The review shall be limited to proposed projects which will require the acquisition of more than fifty (50) acres of farmland.

(5) During the planning stage of the project and before any action is taken to acquire farmland, the state agency shall submit

a report to the committee. The report shall explain the project, ***contain an agricultural impact assessment,*** highlight the location of land that must be acquired, present the reasons for needing the land, and explain the reasons for rejecting alternatives to the proposed project.

(1) The state "Soil Erosion and Water Quality Cost-Share Fund" is hereby created to be administered by the Kentucky Soil and Water Conservation Commission. Moneys from the fund shall be used for a cost-sharing program to provide financial assistance for implementation of best management practices for the purpose of providing cleaner water through the reduction in sediment loading of Kentucky's streams, rivers, and lakes, and reducing the loss of topsoil vital to the sustained production of food.

(2) The commission is hereby empowered to promulgate administrative regulations establishing practices eligible for cost-sharing funds and prescribing amounts and limits of cost sharing. Local conservation districts shall determine the eligibility of landowners to receive the funds as may be allocated to the districts by the commission.

(3) Any landowner who has executed a written agreement with a local conservation district or any member of an agricultural district may be considered for funding under this section if the landowner or member has executed a soil and water conservation plan with the local conservation district and agrees to maintain best management practices for a period of time specified by the commission. Priority for funding within each local conservation district shall be given to animal waste management systems where animal waste has been identified as a major problem to the local community. No cost-sharing funds shall be available for land which does not exceed the soil tolerable limits. Up to five percent (5%) of any total annual appropriation may be used for technical assistance grants to districts and up to five percent (5%) of any total annual appropriation may be used for administrative costs to districts and the commission.

For property placed in service after December 31, 1989, the depreciation and expense deductions allowed under Sections 168 and 179 of the Internal Revenue Code in effect on December 31, 1989, shall be allowed.

(2) Effective August 1, 1985, "reasonable allowance" as used in subsection (1) of this section shall mean depreciation computed in accordance with Section 167 of the Internal Revenue Code and related regulations in effect on December 31, 1980, for all property placed in service on or after January 1, 1981, except as provided in subsections (5) to (7) of this section.

(3) Depreciation of property placed in service prior to January 1, 1981, shall be computed under Section 167 of the Internal Revenue Code, and the method elected thereunder at the time the property was first placed in service or as changed with the approval of the Commissioner of Internal Revenue Service or as required by changes in federal regulations.

(4) Taxpayers other than corporations shall be allowed to deduct as depreciation on recovery property placed in service before August 1, 1985, an amount calculated under Section 168 of the Internal Revenue Code subject to the provisions of subsections (5) and (7) of this section. Corporations with a taxable year beginning on or after July 1, 1984, and before August 1, 1985, shall calculate a deduction for depreciation on recovery property placed in service prior to August 1, 1985, using either of the following alternative methods:

(a) Dividing the total of the deductions allowed under Internal Revenue Code Section 168 by one and four tenths (1.4); and

(b) Calculating the deduction that would be allowed or allowable under the provisions of Section 167 of the Internal Revenue Code.

(5) Recovery property placed in service on or after January 1, 1981, and before August 1, 1985, and subject to transition under subsection (7) of this section, shall be subject to depreciation under Section 167 of the Internal Revenue Code, restricted to the straight line method therein provided over the remaining useful life of such assets.

(6) Depreciation of property placed in service on or after August 1, 1985, shall be computed under Section 167 of the Internal Revenue Code.

(7) Transition from Section 168 of the Internal Revenue Code, Accelerated Cost Recovery System (ACRS) depreciation, to the depreciation allowed or allowable under this section shall be reported in the first taxable year beginning on or after August 1, 1985. To implement the transition, the following adjustments shall be made:

(a) Taxpayers other than corporations shall use the adjusted Kentucky basis for property placed in service on or after January 1, 1981. "Adjusted Kentucky basis" means the basis used for determining depreciation under Section 168 of the Internal Revenue Code less the allowed or allowable depreciation and adjustment for election to expense an asset (Section 179 of the Internal Revenue Code);

(b) Corporations shall adjust the federal unadjusted basis by increasing such basis by the ACRS depreciation not allowed as a deduction in determining Kentucky net income for tax years beginning after June 30, 1984, less allowed or allowable ACRS depreciation for federal income tax purposes. Corporations will not be permitted to adjust the basis by the ACRS depreciation not allowed for Kentucky income tax purposes in tax years beginning on or before June 30, 1984.

(8) A taxpayer may elect to treat the cost of property placed in service on or before July 31, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1981, except that the aggregate cost which may be expensed for corporations shall not exceed five thousand dollars ($5,000). A taxpayer may elect to treat the cost of property placed in service on or after August 1, 1985, as an expense as provided in Section 179 of the Internal Revenue Code in effect on December 31, 1980. Computations, limitations, definitions, exceptions, and other provisions of Section 179 of the Internal Revenue Code and related regulations shall be construed to govern the computation of the allowable deduction.

(9) Upon the sale, exchange, or disposition of any depreciable property placed in service on or after January 1, 1981, capital gains or losses and the amount of ordinary income determined under the provisions of the Internal Revenue Code shall be

computed for Kentucky income tax purposes as follows:

(a) Compute the Kentucky unadjusted basis which is the cost of the asset reduced by any basis adjustment made by the taxpayer under Section 48(q)(1) of the Internal Revenue Code and any expense allowed and utilized under Section 179 of the Internal Revenue Code (First Year Expense) in determining Kentucky net income in prior years, and

(b) Compute the adjusted basis by subtracting the depreciation allowed or allowable for Kentucky income tax purposes from the unadjusted basis, except corporations will not be permitted to adjust the basis of assets by the ACRS depreciation not allowed for Kentucky income tax purposes in the tax years beginning on or before June 30, 1984, and

(c) Compute the gain or loss by subtracting the adjusted basis from the value received from the disposition of the depreciable property, and

(d) Compute the recapture of depreciation required under Sections 1245 through 1256 of the Internal Revenue Code and related regulations, and

(e) Unless otherwise provided in this subsection the provisions of the Internal Revenue Code and related regulations governing the determination of capital gains or losses shall apply for Kentucky income tax purposes.

(10) Unless otherwise provided by this chapter, the basis of property placed in service prior to January 1, 1990, for purposes of Kentucky income tax shall be the basis, adjusted or unadjusted, required to be used under Section 167 of the Internal Revenue Code in effect on December 31, 1980.

(11) Notwithstanding any other provision of this section to the contrary, any qualified farming operation, as defined in Section 16 of this Act, shall be allowed to compute the depreciation deduction for new buildings and equipment purchased to enable participation in a networking project, as defined in Section 16 of this Act, on an accelerated basis at two (2) times the rate that would otherwise be permitted under the provisions of this section. The accumulated depreciation allowed under this subsection shall not exceed the taxpayer's basis in such property.

SECTION 16. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

As used in Sections 16 to 18 of this Act, unless the context requires otherwise:

(1) "Approved costs" means the costs incurred during the taxable year by a qualified farming operation for training and improving the skills of managers and employees involved in a networking project.

(2) "Business network" means a formalized, collaborative mechanism organized by and operating among three (3) or more qualified farming operations, industrial entities, business enterprises, or private sector firms for the purposes of, but not limited to: pooling expertise; improving responses to changing technology or markets; lowering the risks to individual entities of accelerated modernization; encouraging new technology investments, new market development, and employee skills improvement; and developing a system of collective intelligence among participating entities.

(3) "Food producing facilities" means establishments that manufacture or process foods and beverages for human consumption, and which are included under the two (2) digit SIC code 20;

(4) "Networking project" means a project by which farmers and other entities involved in the production of food join together to form a network approved by the Cabinet for Economic Development for the purpose of producing or expanding the production of crops or livestock necessary for the establishment or expansion of secondary food-producing facilities in Kentucky.

(5) "Qualified farming operation" means an individual, sole proprietorship, partnership, joint venture, trust, unincorporated organization, association, corporation, or institution, engaged in farming in Kentucky that provides raw materials for food-producing facilities in Kentucky, and that purchases new buildings or equipment, or that incurs training expenses, to support its participation in a networking project.

(6) "SIC code" means the classification system grouping business operations or enterprises as published in the "Standard Industrial Classification Manual" of the United States Office of Management and Budget, 1987 edition.

SECTION 17. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

The annual credit shall be available for the first five (5) years that the farming operation is involved in the networking project. The annual credit shall be equal to the approved costs incurred by the qualified farming operation during the tax year and shall not exceed the income of the qualified farming operation generated by or arising out of the qualified farming operation's participation in a networking project.

(2) Any credit not used in the tax year in which it first becomes available may be carried forward to the next succeeding five (5) tax years until the credit has been fully used. The aggregate credit used in any tax year shall not exceed the income of the qualified farming operation generated by or arising out of the qualified farming operation's

participation in a networking project in that tax year.

SECTION 18. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) A qualified farming operation which is an individual sole proprietorship subject to tax under KRS 141.020 or a corporation subject to tax under KRS 141.040(1) shall:

(a) Compute the income tax due at the applicable tax rates as provided by KRS 141.020 or 141.040 on net income as defined by KRS 141.010(11) or taxable net income as defined by KRS 141.010(14), including income from the qualified farming operation's participation in a networking project.

(b) Compute the income tax due at the applicable tax rates as provided by KRS 141.020 or 141.040 on net income as defined by KRS 141.010(11) or taxable net income as defined by KRS 141.010(14), excluding net income attributable to the qualified farming operation's participation in a networking project; and

(c) Be entitled to a tax credit in the amount by which the tax computed under paragraph (a) of this subsection exceeds the tax computed under paragraph (b) of this subsection. The credit shall not exceed the farming operation's approved costs, as defined in Section 16 of this Act.

(2) Notwithstanding any other provisions of this chapter, a qualified farming operation which is an S-corporation, partnership, or trust shall be subject to income tax on the net income attributable to its participation in a networking project at the rates provided in KRS 141.020(2), and the amount of the tax credit shall be the same as the amount of the tax computed in this subsection. The credit shall not exceed the farming operation's approved costs, as defined in Section 16 of this Act. If the tax computed in this subsection exceeds the tax credit, the difference shall be paid by the S-corporation, partnership, or trust at the times provided by KRS 141.160 for filing the returns.

(3) Notwithstanding any other provisions of this chapter, the net income subject to tax and the tax credit determined under subsection (2) of this section shall be excluded in determining each shareholder's, partner's, or beneficiary's distributive share of net income or credit of an S-corporation, partnership, or trust.

(4) If the networking entity is a separate facility, net income attributable to the project for the purposes of subsections (1), (2), and (3) of this section shall be determined under the separate accounting method reflecting only the gross income, deductions, expenses, gains, and losses allowed under KRS Chapter 141 directly attributable to the project and overhead expenses apportioned to the project.

(5) If the networking project is an expansion to a previously existing farming operation, net income attributable to the entire operation shall be determined under the separate accounting method reflecting only the gross income, deductions, expenses, gains, and losses allowed under this chapter directly attributable to the farming operation's participation in the networking project and overhead expenses apportioned to the networking project, and the net income attributable to the networking project for the purposes of subsections (1), (2), and (3) of this section shall be determined by apportioning the separate accounting net income of the entire networking project to the networking project by a formula approved by the Revenue Cabinet.

(6) If an approved company can show to the satisfaction of the Revenue Cabinet that the nature of the operations and activities of the approved farming operation are such that it is not practical to use the separate accounting method to determine the net income from the networking project, the approved farming operation shall determine net income from its participation in the networking project using an alternative method approved by the Revenue Cabinet.

(7) The Revenue Cabinet may promulgate administrative regulations pursuant to KRS Chapter 13A and require the filing of forms designed by the Revenue Cabinet necessary to effectuate Sections 15 to 18 of this Act, and the allowable income tax credit which an approved farming operation may retain under the provisions of Section 17 and this section of this Act.

SECTION 19. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby finds and declares that it is a policy of the Commonwealth to retain agriculture and enhance the contribution that agriculture makes to its economy. A program to retain and enhance agriculture is in the economic best interests of the Commonwealth and, consequently, constitutes a public benefit that contributes to the health, safety, and general welfare of the residents of the Commonwealth and the nation.

(2) The General Assembly further finds and declares that the use of the Commonwealth's funds for the purpose of paying in whole or part the cost of acquiring agricultural conservation easements as set forth in Sections 19 to 29, including any costs necessarily incident to the acquisition, sale, issuance, and delivery of the funds, and the monitoring and enforcement of agricultural conservation easements, or to the participation of any party for these purposes, will promote the public health, safety, and general welfare of the people of the Commonwealth.

(3) Further, it is the purpose of Sections 19 to 29 of this Act to:

(a) Establish procedures for the acquisition of agricultural conservation easements in order to ensure that lands currently in agricultural use will continue to remain available for agriculture and not be converted to other land uses, and that landowners who participate in this program will be fairly compensated for their agreement to accept deed restrictions limiting the use of their property;

(b) Encourage landowners to make a long-term commitment to agriculture by offering them financial incentives and security that land use will remain stable;

(c) Protect normal farming operations in agricultural areas from incompatible nonfarming uses that may render farming impracticable;

(d) Protect normal farming operations from complaints of public nuisance against normal farming operations; and

(e) Maximize the use of agricultural conservation easement purchase funds and protect the investment of taxpayers in agricultural conservation easements.

SECTION 20. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) The Commonwealth is hereby authorized to acquire agricultural conservation easements or other property interests. The property interest acquired may be any less-than-fee-simple interest, including an easement, life estate, covenant, or other contractual right. Acquisition may be accomplished by purchase, gift, grant, bequest, devise, covenant, or contract but only at a price that is equal to or less than the appraised value as provided in this section. The Commonwealth shall purchase these property interests only upon voluntary application of the landowner.

(2) If the landowner so elects, the Commonwealth is authorized to pay the purchase price in a lump-sum single payment at the time of closing, to enter into contracts for pay outs over a term of years against the purchase price, or to enter into installment purchase agreements. When pay outs over time are made, the Commonwealth is authorized to pay interest consistent with prevailing market conditions at the time of the execution of the contract.

(3) The interest which the Commonwealth owns in property other than eligible lands may be exchanged for property interests in eligible lands on an equivalent appraised value basis. If the property exchanged is not exactly equal in appraised value, cash payments may be made to provide net equivalent value in the exchange.

(4) After the Commonwealth acquires an agricultural conservation easement or some property interest less than full ownership in any eligible land, the Commonwealth may purchase the remaining agricultural rights or other property interest in the land when the acquisition is necessary to maintain the agricultural uses of the property.

SECTION 22. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created the Purchase of Agricultural Conservation Easement Corporation which shall oversee all issues involving purchases of agricultural conservation easements. The corporation shall be a de jure municipal corporation and political subdivision of the Commonwealth. (b) Making decisions in connection with each specific easement purchase to be made with Commonwealth funds from the agricultural enhancement fund;

(d) Employing the staff necessary to implement the provisions of this section.

(2) (a) The PACE Board shall establish fair, equitable, objective, nondiscriminatory procedures for determining easement purchase priorities.

(b) The board shall promulgate administrative regulations establishing policies and procedures for determining easement purchase priorities and for purchasing easements.

(c) The program criteria shall be designed to ensure that land is selected for easement purchase because it will make a significant contribution to agricultural production.

SECTION 24. A NEW SECTION OF KRS CHAPTER 262 IS CREATED TO READ AS FOLLOWS:

(1) During the term of an easement, the restricted land shall be used solely for the production of crops, livestock and livestock products, and nursery and greenhouse products including the processing or retail marketing of these crops, livestock and livestock products, and nursery and greenhouse products if more than fifty percent (50%) of the processed or merchandised products are produced on the subject land, and for the raising and stabling of horses for commercial purposes. For the purposes of this section and administrative regulations promulgated under its provisions, "crops, livestock and livestock products, and nursery and greenhouse products" include, but are not limited to:

(a) Tobacco;

(b) Wheat, soybeans, corn, and all commercially-produced fruits and vegetables;

(c) Horticultural specialties, including nursery stock ornamental shrubs, ornamental trees, and flowers;

(d) Livestock and livestock products, including horses, cattle, poultry, milk, swine, and eggs; and

(e) Aquatic plants and animals and their by-products.

(2) (a) During the term of an easement the landowner and the landowner's assigns, agents or leasees shall not perform, nor knowingly allow others to perform, any act on or affecting the restricted land that is inconsistent with the provisions of this section. The landowner shall be deemed to have authorized the PACE Board to enforce these provisions.

(b) Unless otherwise specified, the landowner shall not be required to take any action to restore the condition of the restricted land after any act of God or other event over which the landowner had no control.

(c) Nothing in the PACE Program shall relieve the landowner of any obligation or restriction on the use of the property imposed by law.

(d) The Commonwealth shall not locate landfills, sewage treatment plants, or other public service facilities that are not compatible with or complimentary to agricultural production on restricted lands.

(3) (a) To retain the agricultural viability of the restricted land, the PACE Board shall require, and the owner of the restricted land shall implement, a conservation plan approved by the soil and water conservation district. This plan shall be updated every ten (10) years and any time the basic farming operation conducted on restricted lands is changed. All farming operations shall be conducted substantially in accordance with the plan.

(b) In addition to the requirements established by the soil and water conservation district, the conservation plan shall require that:

1. The use of the land for growing sod, nursery stock, and ornamental trees and shrubs does not remove excessive soil from the restricted land;

2. The excavation of soil, sand, gravel, stone, or other materials for use in agricultural production on the restricted land is consistent with subsection (4)(h) of this section and is conducted in a location and manner that retains the viability of the restricted land for agricultural production; and

3. The mining of minerals is consistent with subsection (4)(h) of this section and is conducted only through the use of methods which will not interfere with the viability of the restricted land for agricultural production.

(4) The construction or reconstruction of any building or other structure, except those existing on the date of the easement or previously approved by the PACE Board, is prohibited except in accordance with this subsection.

(a) Existing fences may be repaired and replaced, and new fences may be built anywhere on the restricted land for purposes of reasonable and customary management of livestock and wildlife, without approval of the PACE Board.

(b) New buildings and other structures and improvements to be used solely for agricultural purposes including the processing or sale of farm products predominantly grown or raised on the restricted land, but not including any dwelling or farm labor housing, may not be built on the restricted land without the advance approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that the proposed building, structure, or improvement would not be properly located or would significantly diminish the agricultural production capacity of the restricted land.

(c) All existing single-family residential dwellings may be repaired, reasonably enlarged, and replaced at their current locations without further permission of the PACE Board. No new single-family residential dwellings may be built on the restricted land without the advance approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that a proposed dwelling would not be properly located or would significantly diminish the agricultural production capacity of the restricted land.

(d) The subdivision of the restricted land, whether by physical or legal process, is prohibited without the advance written approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that the proposed subdivision will diminish or impair the agricultural productivity of the restricted land.

(e) The granting of rights-of-ways through restricted land for the installation of, transportation of, or use of, lines for water, sewage, electric, telephone, gas, oil or oil products is permitted. The term "granting of rights-of-way" includes the right to construct or install the lines. The construction or installation of utility lines other than the types stated in this paragraph is prohibited on the restricted land.

(f) No portion of the restricted land shall be paved or otherwise be covered with concrete, asphalt, gravel, or any other paving material, nor shall any road for access or other purposes be constructed, without the advance written approval of the PACE Board. The PACE Board shall give approval within a reasonable time, unless it determines that the proposed paving or covering of the soil, or the location of any road, will substantially diminish or impair the agricultural productivity of the restricted land.

(g) Trees may be cut to control insects and disease, to prevent personal injury and property damage, and for firewood and other domestic uses, including construction of permitted buildings and fences on the restricted land. Trees may also be cut to clear land for cultivation or use of livestock, but only if done in accordance with the conservation plan required by subsection (3) of this section. Any commercial timber harvesting on the restricted land shall be conducted on a sustainable yield basis and in substantial accordance with a forest management plan prepared by a competent professional forester.
